FLOKSER
FLOKSER TEKSTİL SAN. TİC. A.Ş.

ABOUT US

- Established in **1984**.
- Among **Turkey's top 500** industrial enterprises since 1997.
- ~ **\$100M** Annual Turnover.
- Exports to **+75 different countries**.
- ~ **600 workers** in Istanbul-Turkey facilities.
 - %25 White-Collars
- ~ **25M** linear mtrs coated fabric production/year.
- A closed area of **65,000 sqm**.
- **A Joint Venture** in Upholstery fabric category with PIYI China- 2018
- **Distribution and Logistics Centers:**
Frankfurt-Germany
- **Innovative R&D center** in-house.
15 R&D Chemical & Textiles engineers.

CAPABILITIES

A vertically integrated facility

- Faux Leather and Coating Lines
 - Dry Coating Lines-3
 - Wet Coating Line-1
 - Calendar Line-1
- Finishing Lines
 - Embossing Lines-6
 - Rotary Printing-3
 - Continuous Thumbling Line-1
 - UV-Digital Printing-1
 - Perforating Machine-1
 - +550 Printing and Embossing Rolls

CAPABILITIES

Other Facilities

- Circular Knitting Machines-75
 - Terrot-Mayer-Orizio
- Warp Knitting Machines-7
 - Karl Mayer:550 cm-750cm
- Hot-melt Lamination-2
- Bronzing Machine-3
- Heat Transfer Machine-2
- Digital Printing Machine-13

Milestones

1984

Flokser was established.

1997

We were among the top 500 industrial companies of Turkey for the first time.

1999

ISO Quality System Certificate was obtained. Gold Certificate of Achievement was received from Itkib with the success shown in textile and raw material exports.

2016

Became the Finalist of the 12th Technology Awards organized by TÜBİTAK, TTGV and TÜSIAD

2015

Ministry-approved R&D Center was established.

2013

5th coating line was established in Technical Leather Factory.

2012

UTIB 4th International Textile and Apparel R&D Project Market Summit R&D Award was received.

QUALITY MANAGEMENT

- 6 Sigma Project Management
- Lean Management
- Oeko-tex
- Sedex
- ISO 9001:2015
- ISO 10002:2014
- ISO 45001:2018 UKAS

INNOVATIONS

- SILICONE LEATHER
- POLYCARBONATE
- SUSTAINABILITY
 - BIO PU-BIO BASE PVC
 - RECYCLE
 - VEGAN

SILICONE LEATHER

INHERENT FLAME
RETARDANT

ANTI-GRAFFITI

HUMAN FRIENDLY

ANTIMOULD /ANTIMILDEW

UV RESISTANCE /
HEAT RESISTANCE

HIGH HYDROLYSIS

INHERENT STAIN
PROTECTION

NON-TOXIC

HIGH DURABILITY

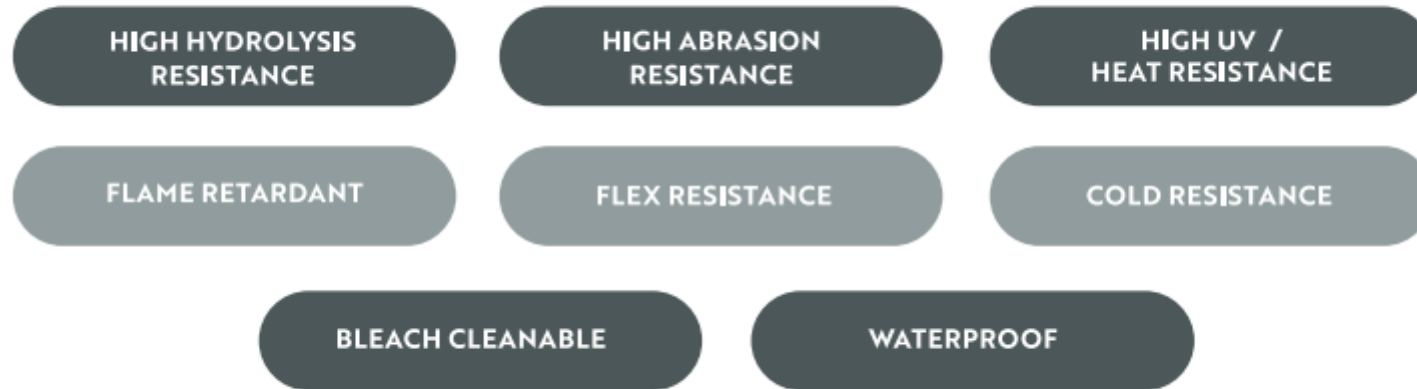

PVC FREE / PU FREE

COLD RESISTANCE

LOWER VOC CONTENTS

WATERPROOF

POLY-CARBONATE

SUSTAINABILITY

As Flokser Tekstil, with the efficient use of resources, we reflect the respect we have for the environment, humanity, future generations and ourselves on our products.

VEGAN

A Vegan Product is a product does not contain any animal ingredients or animal-derived ingredients. Vegan leather is a genuine leather look product which is composed of PVC or PU resins & auxiliary chemicals.

No animal ingredients are used in our product development or production process. Our Vegan Products are certified by third party accredited laboratories

BIO

We offer diversity in our product line by using Bio-Based raw materials wholly or partially derived from plants and other renewable agricultural, marine, and forestry materials.

The content of the Bio-Based raw materials in our products are certified by third party accredited laboratories.

RECYCLE

Recycled polyester yarn or rPET yarn is a cost-effective yarn solution that is made of used plastic materials. This type of yarn is made of plastic bottles as well as waste clothes.

Using recycled instead of virgin polyester produces fewer carbon emissions, saves energy and water consumption. Moreover, giving plastic bottles a second life keeps them out of oceans and landfills.

FLOKSER TEKSTİL

THANK YOU...
