

Roomi Tex

MANUFACTURER AND EXPORTER OF HOME TEXTILE
(FABRICS & MADE-UPS)

ABOUT US

Roomi Tex is a part of Roomi Group that has diversified business interests in textiles, machinery, automobile, construction and agricultural products. With its headquarter in Karachi, Pakistan, the group operates in different parts of the world. Roomi Tex was established in 1985 as a weaving unit in the port city of Karachi, Pakistan. It went into home-textile manufacturing and exports in the year 2000 after which it has been on a consistent growth path. Roomi Tex has significant presence in Europe with products being exported to the following countries: Germany, Italy, Netherlands, Spain, Norway, Denmark, Sweden, UK and France.

Roomi Tex is fast expanding into USA, Canada, South America & South Africa. The company also has warehouses and local distribution in Dubai, South Africa and West Africa.

SOCIAL ACCOUNTABILITY & CERTIFICATION

OPERATION

Weaving

Roomi Tex has a strong fabric base with an in-house weaving facility comprising of around 300 Sulzer and Air Jet looms weaving fabrics upto 400 thread count and 340 cm wide.

Processing

Roomi Tex has strategic alliances with some of the best processing mills in karachi with state-of-the-art dyeing and printing facilities.

PRINTING:

- a) Rotary machines with the capability of printing upto 18 colors 320 cm (125") wide.
- c) Flat bed panel printing of upto 8 colors with 2.8 mtr repeat and 10 colors with 2.0 mtr repeat.

DYEING:

A complete range of continuous dyeing comprising of mercerizing, washing, thermosol and pad steam with capability of dyeing pigments and reactive shades upto 315 cm (124") wide.

Stitching

Modern stitching is essential in today's textile world. Roomi Tex's new stitching facility is equipped with 150 machines working under strict quality control systems. The unit produces top quality Woven bed linens, curtains, table and kitchen linen, cushion covers and accessories with a monthly capacity of about 1 million pieces. The systematic quality checks and procedures, from cutting to packing, ensure that all items produced according to international quality standards.

Quilting

Our associate company has Computerized Single-needle and Multi-needle quilting machines with a production capacity of 75,000 comforters/quilts per month which can be increased as per requirement. The set-up has its own wadding/polyfill plant with a production capacity of 100,000 KG per month.

QUALITY CONTROL & LABORATORY

An internal quality control system is in place to check the quality at every stage of production from greige to final product. The quality control department works independently and reports directly to the top management. At Roomi Tex, we also strive to reach the level of excellence for health and safety standards as required by our customers. Production is OEKO TEX certified and certificate available when needed.

PRODUCT LINE

Roomi Tex has a diverse product range comprising of all types of white, dyed and printed bed linen, including sheets, pillowcases, duvet covers, bedspreads, comforters, bed-in-a-bags, filled cushions, window curtains, shower curtains and kitchen/table linen. The company also supplies Rot fabrics to wholesale and converters in different parts of the world. The product range is based on fabrics in 100% cotton and polycotton blends from 70 GSM up to 300 GSM, and from 100TC to 400 TC. The company specializes in fabrics such as reinforce, cretonne, flannel, twill, panama, percale, sateen, stripe sateen, dobby and jacquards.
