“To attain market leadership through unmatched quality, a diverse and unique product mix, empowered employees, world-class systems, and the highest ethical and professional standards.”

LOOMTEX EXPORTS is proud of its driving force by dynamic, well qualified and highly skilled management and technical staff with standardized working system. We are in a continuous process of expansion, enhancement and incorporating the latest technological innovations in order to ensure our customers, the best possible quality in Home Textiles.

## LOOMTEX EXPORTS

S.F. No. 85, Punjai Kadambankurichi Village,  
Manmangalam, Karur- 639 113, India

## Our Mission

“We are devoted to achieve consistent improvement in the system of providing products & services to the customers through On Time Delivery & Enhancing Customers Satisfaction by means of Quality and Value.”

Positive & passionate

Safety

Reliable & responsive

Trust & respect

Innovation

## Our Strengths

1. We have our own 75,000 Sq.ft. set up in Karur (South India) to supervise our manufacturing activities and also have a well equipped laboratory in Salem (South India) which exercises on line quality control.
2. Reliability
3. Timely Delivery
4. Competitive Pricing
5. Quality Control
6. Experience in handling large volumes of business
7. Prompt Communication
8. We have In-house Design team to continuously work on new designs for themes/ seasons as per buyer requirements and latest market trends
9. We participate annually in various international trade fairs, like Heimtextil, Canton Fair etc to keep our self updated with latest design and color trends

# Infrastructure & facilities

WEAVING UNIT

NEW LOOM SHED WITH A CAPACITY OF 24 LOOMS & WARPING SECTION WITH LATEST TECHNOLOGIES

# Infrastructure & facilities

## WEAVING UNIT

# Infrastructure & facilities

## PRODUCTION UNIT

- We have been manufacturing Home Textiles products from a diverse range of fabrics like Chino, Duck, Canvas, 2/20's, 2/40's, Jacquards, Dobby, Voil, Tissue, Velvets, Corduroy, Organdy. Etc.
- The Experience in successfully handling such a wide range of fabrics places us in a unique position of catering to a broad spectrum of customers. The same is achieved by our vast infrastructure & facilities as mentioned above

# Infrastructure & facilities

- New Cushion filling lines with a capacity up to 10,000 units/day
- Skilled team to achieve production capacity of 3 lakh pcs/month
- Packing & dispatch capability to handle 12 containers/week.

## PRODUCTION UNIT

# Quality Policy

We are committed to achieve ever-increasing levels of customer satisfaction through continual improvements in the quality of our products and services.

- We continuously update our technical competence & enhance the expertise of our people by periodic training.
- We follow the best industry practices using LEAN management and strictly adhere to the social compliance norms.
- Quality and timely delivery remains the veritable password of the company. Everything the company has achieved and continues to build today is derived from its commitment to quality and its endeavor to bring all processes of production integrated under its ambit.

We are Manufacturing partners to some of the major Global Retailers. Hence maintaining high standard of production is our top priority which is achieved by below :

Team First

Quality

Promises Made  
Promises Kept

First Class  
Communication

*We always strive harder to satisfy our customer's requirements.*

# Certifications

- **We are Oeko-Tex Certified** and our products are manufactured as per standard international norms.

# CERTIFICATE

## The company

**Loomtex Exports**  
No. 85, Punjakkadambankurichi, Manmangalam  
Karur - 639 113, Tamil Nadu, INDIA

is granted authorisation according to STANDARD 100 by OEKO-TEX® to use  
the STANDARD 100 by OEKO-TEX® mark, based on our test report  
21.0.87439, 21.0.92860

## for the following articles:

Woven made-ups like cover (cushion, duvet), chair pad, curtain, tablecloth, runner, napkin, pot holder, mat (rib, place, table), mitten (oven, dable oven), apron, towel (kitchen, tea, bath, guest, hand), pillow case, cushion (also box, pallet, seat, double cloth), bag, throw (double cloth, bed), flat sheet, oven glove, blanket, comforter, mattress (indoor, outdoor), neck pillow, cloth pouch made of 100 % CO, 100 % PES, CO/PES, CO/recycled PES (recycled content < 20 % PES 100 % post-consumer material made from PET bottles) in raw white, bleached white, y/d (reactive, disperse, dope), s/d (reactive & disperse), with or without softener finish (only CO, CO/PES), pigment printed (only on CO, CO/PES), as well as produced from velvet fabrics made of 100 % CO in raw white, reactive piece dyed & finished, incl. acc. (sew. & emb. thread [also made of metalized PES in mixtures with PES], woven & printed label, nonwoven fusible & non-fusible interlining, zipper, recycled PES fibre filling [recycled content 100 % PES 100 % post-consumer material made from PET bottle], filling & wadding [PES, CO], reused PES fibre filling from carding and drawing process [silver cut fibre], twill tape, drawstring, rope, D-ring; produced by using materials certified according to STANDARD 100 by OEKO-TEX®.

The results of the inspection made according to STANDARD 100 by OEKO-TEX®, Annex 4, product class I have shown that the above mentioned goods meet the human-ecological requirements of the STANDARD 100 by OEKO-TEX® presently established in Annex 4 for baby articles.

The certified articles fulfil requirements of Annex XVII of REACH (incl. the use of azo colourants, nickel release, etc.), the American requirement regarding total content of lead in children's articles (CPSIA); with the exception of accessories made from glass) and of the Chinese standard GB 18401:2010 (labelling requirements were not verified).

The holder of the certificate, who has issued a conformity declaration according to ISO 17050-1, is under an obligation to use the STANDARD 100 by OEKO-TEX® mark only in conjunction with products that conform with the sample initially tested. The conformity is verified by audits.

**The certificate 06.JA.47402 is valid until 31.01.2023**

# Modern Manufacturing practices

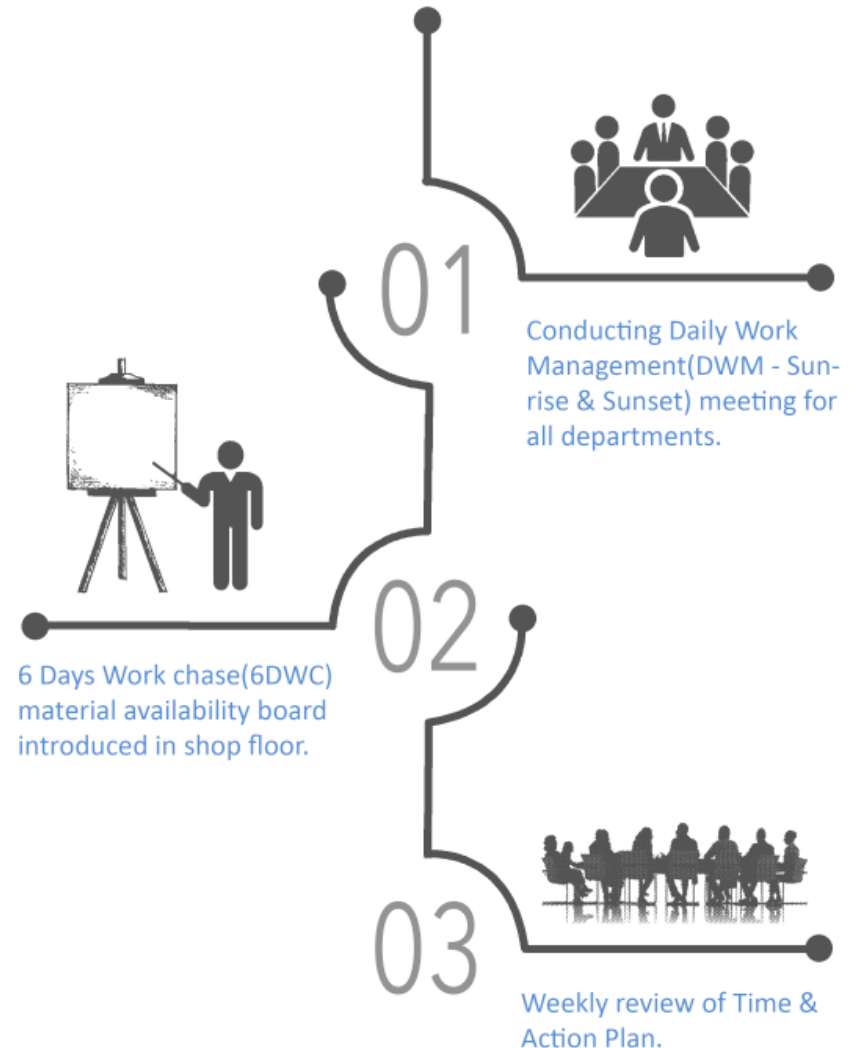

## DAILY MANAGEMENT SYSTEM

### LEAN management

- **Lean** production is a systematic method for waste minimization within a manufacturing system without sacrificing productivity.
- **Lean** also takes into account waste created through overburden and waste created through unevenness in work loads

### Single Piece Flow

- Single Piece Flow (SPF) refers to the concept of moving one unit at a time between operations within a throughout system consisting of cutting, sewing and filling
- one piece flow is a key concept within the Toyota Production System
- Implementing SPF has Reduced inventory cost & Improved productivity.
- Frees up floor space & simplifies material replenishment.
- Improved flexibility, scalability & safety.
