

## History

We are proud of being among the leading companies in the home and hotel textile sectors with more than 25 years of experience in Denizli. We have modernized traditional experience in the sector for Turkey with the aim of always having to be the new leading brand and we continue to produce the world. Especially in Europe and America; We meet the export demand of more than 80 countries in foreign markets. In 2019, we incorporated the Yarn Dyeing Facility; In 2020, we took a big step towards becoming a fully integrated facility by including the Printing and Dyeing Facility with a closed area of 30 thousand square meters.

As Rateks & Goldstar, we will continue to serve with our innovative passion worldwide with our most preferred products in home and hotel textiles by making a difference.

### **Vision:**

To supply first quality products to the whole world by keeping up with innovation, development and technology.

### **Our Mission:**

To see customer satisfaction as our primary goal. As a conscious producer; To produce with respect to nature and people. Sustainable value to the whole world from Turkey qualified with the construction of human and supplying qualified products.

## HISTORY

1994

Denizli based, combining traditional experience with modern and technique, towels, bathrobes, household items and nursery are exported.

Manufacturing for the world's leading respected names, our company prides itself on the uncompromising application of world wide standarts in quality, experience and customer service.

Denizli Rateks & Goldstar, embroidery machines and systems with automatic Eton Apparel with dobby and jacquard looms is one of Turkey's most modern towels factory.

Our aim is to improve our service understanding with quality by increasing our productivity with the help of our first-class team in order to provide the best quality, price and delivery according to our customer requests and expectations.

Our company, which has great expertise and expertise in foreign markets since 1994, has also been meeting the domestic trade demand in recent years.
