## “Foot Rest Cushion”

- Pain Relief and Support for Back, Hip, Legs, Knees & Feet Viscotex footrest will help reduce back and sciatica pain by easing pressure on your lower back and hips.
- Our footrest will also ensure proper foot placement while sitting, which will help improve blood circulation to the legs and ease pain over time.
- Adjustable height our plushy memory foam cushion will make it easy to stretch your feet to any desired height, roll your ankles when they are feeling stiff, or easily allow for any movement that is needed while sitting.
