

A romantic couple is shown in a close embrace, lying in bed. The woman is on the left, wearing a light blue tank top, and the man is on the right, wearing a light blue t-shirt. They are both looking at each other with soft expressions. The entire scene is bathed in a deep blue light, creating a calm and intimate atmosphere. The bed has white pillows and a white sheet. In the top left corner, there is a white square containing the 'MLILY' logo. At the bottom, the text 'Relieve Pressure, Sleep Better' is written in white.

**MLILY®**

**Relieve Pressure, Sleep Better**

## WAKE UP ENERGIZED AND STRESS-FREE

Sleeping well directly affects your mental and physical health. Sleep deprivation can take a serious toll on your daytime energy, productivity, emotional balance, and even your weight. The right mattress is vital for our wellbeing. Relaxed body equals relaxed mind. Mattress that offers you the proper support enables you to fall asleep faster, sleep deeper and wake up rejuvenated.

MLILY® is an innovator and expert in the constant development of the best sleep solutions for deep relaxation of the human body. Studies have shown that **MLILY® pressure-relieving mattresses** can increase the average deep sleep time of the overall population by **13%**. On the other hand, they can increase the deep sleep time of people over 50 years old, who have higher adaptability and sensitivity to memory foam mattresses, by **23.3%**. Even better, the researchers found out that sleeping on **MLILY® pressure-relieving mattress** can reduce the average fall asleep time of the overall population by **49%**. For people over 50 years old, this time can be reduced by **65.77%**.

## MLILY® PROVIDES GOOD SLEEP WORLDWIDE

MLILY® is an international brand specialized in developing, producing, and selling comfortable sleeping products made from unique and innovative materials. The one-of-a-kind MLILY® Mattress and Pillow range is revolutionizing the bedroom. By improving the quality of sleep, we are changing the lives of millions of people all over the world. Millions of customers are the proof that we are on the right track. Experience MLILY® - and find out how our mattresses and pillows can change your life... forever.

## OUR RESPONSIBILITY

MLILY® products have acquired all necessary certificates, including CertiPUR®, OEKO-TEX®, and many others. All our foam types comply with the most demanding standards and regulations applied in different markets.

Besides product certificates, our company also complies with the BSCI Code of Conduct. The BSCI certificate confirms that our company is committed to the principles set out and meets, within its sphere of influence, its responsibility to respect human rights.

### OEKO-TEX®

#### SECURITY IS CERTAINLY A GOOD FEELING!

MLILY® products have an OEKO-TEX® label. They are free of harmful substances that may pose health issues. We spend a third of our lives sleeping thus this time shall be as revitalizing and as healthy as possible. During our lifetime, human body is in constant contact with textiles used in various forms from clothing, linen to fabrics, for the purpose of the interior decoration in our homes. Isn't it good to know that textiles - whether made of natural or synthetic material - do not have any substances that could harm our health? When you go shopping, be 100% sure to look for safety and transparency label that says "Reliable textile" tested for harmful substances according to OEKO-TEX® standard.

**DISCLAIMER:** The actual product may differ visually from the image.

# OUR FOAMS

AirCell® memory foam provides the ideal balance of conforming support and pressure-relieving comfort. Helps increase blood circulation, allowing muscles regeneration and diminishing tossing and turning during sleep. It instantly conforms to the body's contours, providing exceptional support while simultaneously relieving pressure.

The CoolFlex® foam adapts to your body, relieves pressure, and responds to the individual movement for ideal comfort. It regulates your sleeping climate through breathable and ventilated holes. Enhanced breathability and ventilation play an important role when it comes to the quality of sleep: both contribute to lower temperature (avoiding overheating), which makes cooler and more comfortable sleeping environment. A more dry and fresh sleeping environment contribute to better hygiene. Prolongs the longevity of the product and it ensures longer and better sleep.

- **Flex Support Base foam**

Flex Support Base foam is often the bottom layer of our mattresses. A mattress needs to provide the support needed to keep the spine aligned so the sleeper's muscles relax instead of tightening to compensate. This high-grade foam completes the bottom of the mattress to provide long-lasting durability and support for the top layers.

- **Smart™ foam**

The specially engineered Smart™ foam is breathable, flexible, and effectively adapts to the body's natural contours. It provides all the benefits of natural latex. Smart™ foam ensures a more comfortable, restful night's sleep.

- **Pocket springs**

Integrated Pocket springs give stability to the mattress and increase the height. The pocket springs layer has 7 comfort zones. Zoning means that different mattress sections have different levels of support to help improve spinal alignment. As they work independently from each other, each spring reacts only to the pressure applied to that area.

- **Conventional PU foam**

The embossed egg pattern made of Conventional PU foam provides additional plushness to the above layers. It offers not only uniform support but also airflow to lower the temperature of the surrounding foams.

- **Blue Flow™ foam**

Our Blue Flow™ foam has been especially developed to guarantee point adaptable support and remain permanently elastic. It mixes durability, flexibility, and adaptability qualities in a single foam.

- **Responsive Support™ foam**

Responsive Support™ foam it is more breathable, thus maintaining a fresh sleeping environment. It's more elastic and will conform to your body's unique contours, thus providing point-adaptable support. Durable and will maintain its shape during the mattress's life span.

## MLILY® MATTRESSES ARE SCIENTIFICALLY PROVEN TO ADAPT TO THE CONTOURS...

### IT IS INDICATED THAT:

The fit between MLILY® Pressure-Relieving Mattress and people's bodies can be as high as **97.8%** (77.66% - 97.8%).

DATA SOURCE: ERGONOMICS RESEARCH CENTER, ANHUI AGRICULTURAL UNIVERSITY

## CLINICAL STUDY

### FALL ASLEEP FASTER!

MLILY® mattress reduces the time to fall asleep of the overall population by **49%**, and, for people over 50 years old, by **65.77%**.

# AIR

## Mattress

### DESIGNED WITH THE ENVIRONMENT IN MIND

- Marine litter from our beaches, found on the ocean floor and surface, or entering our oceans via rivers and estuaries is collected by clean-up programs
- It is then sorted into different material types
- The plastic portion is cleaned and transformed into SEAQUAL® MARINE PLASTIC at SEAQUAL INITIATIVE approved facilities
- It is then returned to the industry to be transformed into beautiful, new, sustainable products
- As a partner of SEAQUAL INITIATIVE and in order to support ocean clean-up, MLILY® developed a sustainable collection of products called AIR
- Beautiful cover with SEAQUAL® YARN, used for our AIR collection, has a very soft-to-the-touch feel and remarkable ability to allow air to flow easily
- Fabric with SEAQUAL® YARN offers comfort, function and durability

## SECRET BEHIND THE COMFORT

Air mattress is MLILY® latest innovation providing comfort and style while also assisting in the clean-up of our lovely world for future generations. By utilizing the latest technologies, this mattress is made to be supportive, breathable, and helps regulate your body temperature. These features help you achieve restful sleep by reducing tossing and turning. MLILY® Air mattress helps disperse heat and wick moisture away at night so that you can sleep longer and more comfortably.

### THE MIRACULOUS TOUCH OF NATURE...

- Superior moisturizing properties
- Adds a feeling of comfort to the skin
- Adds soft touch and shine to the fabric

# NEW

# PRO Mattress

## AWAKEN YOUR SENSES

PRO mattress is a multi-zone mattress. It has a surface accommodated to different weights of body parts that come into contact with its surface during sleep. It is designed to possess different extents of rigidity in the head, shoulders, back, hips, thighs, knees, and feet area. That way, its surface easily conforms to yield adequate support. The 7 different anatomic zones eliminate compressions and guarantee unclogged circulation, the correct position of the body, and less turning and waking during sleep.

① 3.5cm CoolFlex® foam

② 2.5cm Blue Flow™ foam

GLOBAL PARTNER OF MANCHESTER UNITED

## The Partnership of Dreams

On May 16, 2018, we agreed to extend our global partnership with Manchester United to an unprecedented 10 year deal. This landmark move cemented our relationship with a powerhouse football brand and further unified our collaborative efforts between the sleep and athletic industries.

Since our original 2016 deal, we have developed the Sleep Performance Suite at United's Carrington Training Complex. We have also equipped United players and coaching staff with our state of the art mattresses. Our extensive efforts with United's Recovery & Regeneration Team have now led to the implementation of new innovative studies and technologies.

Our collaborative marketing campaigns have continued to grow our brand fame and awareness globally as we look to position ourselves at the forefront of the sleep industry.

## BRAND HISTORY

Founded by Mr. Ni Zhanggen in 2003, MLILY® is a world-leading mattress brand. With the mission of improving people's deep sleep, MLILY® has focused on the research and test of mattress materials for more than 10 years, obtaining patents in China, the United States, Canada and other countries. The core products are made from unique AeroFusion™ memory foam material, of which the quality does not change with the external temperature, providing users with the same comfortable sleep experience under different weather conditions. Besides, they fit completely with the natural contour of human body and evenly relieve pressure to reduce turning over times, shorten fall asleep time and improve deep sleep.

MLILY® has five production bases in China, Serbia, the United States, Thailand and Spain. The products sell well in 73 countries and regions, such as China, America, Japan and Britain, with more than 5,000 global retail locations.
