COMPLIANCE & CERTIFICATIONS

As a brand new factory, Naheed Fine Tex is committed to conduct business through maintaining a 100% compliant work environment ensuring the highest level of occupational safety. Hence, our factory has been built according to the local and international standards to meet the safety requirements. Currently, we have **BSCI** audit & **Oekotex Class 1** certificate. We are working and looking forward to other audit & certifications as required by the respective customers.

ENVIRONMENTAL CONCERN

In concern with safeguarding the environment and keep the surrounding habitat safe & healthy, Naheed Fine Tex has invested to make a fully biological ETP.

We truly respect the philosophy of making our world safe and livable for our offspring.

Our biological ETP is capable of treating 200 cubic liter of waste water per hour.

Thank You
