

Need to clean?
**Let the fun
begin!**

noam's invites you to ease up your cleaning routine,
and make even the least favorite chores fun with our
fun-inspired home cleaning products new line.

noam's consistent investment in R&D
has led to the development of several
innovative cleaning patents, upgrading
our home hygiene and cleaning products.

We always strive to create something
better - an added value to each and
every product that makes for an
enjoyable cleaning experience in the
least expected moments.

Here are some of our leading products:

MicrobiFix®

How often do you find yourself throwing
away a newly bought wipe or dish drying mat
because they begin to smell funny?

MicrobiFix® - a unique patented, antibacterial,
self-cleaning technology. Infused with copper
fibers that prevent the growth of odor-causing
bacteria.

Compostable

Keep it natural, keep it safe, keep it clean!

noam's eco-friendly cleaning cloths, made
with **100% natural fibers**, are designed for
every surface type and size. They're re-
usable, washable and easy to use.

Scrub & Clean

**No dirt can survive this double action
scrub and cleaning cloth.**

noam's innovative double action cloth is
textured with raised "dots" - perfect for
handling stubborn and caked-on dirt.
