

## **Company Description**

The Taj Stores was established in 1958. And was registered in 1962.

We are engaged in the business of Manufacturing and Exports of Indian Handicrafts in Brass, Aluminum and other metal items under the dynamic management and skilled technical Staff & workers. We have about 400 - 450 People working for us.

Our factory is spread over 90000 square feet having adequate equipment and Machinery.

We are already Exporting items made up of Brass, Aluminum, Iron with silver plated, nickel plated, antique finishes, powder coating on products like Candle holder, Flower Vases, Trays, Electrified Lamp Bases (CE & ROHS Approved), Dishes, etc. (Any thing made up of metal on demand and specification.) Combination of glass and wood is our specialty.

We are capable of working on key projects given to us by interior designers as per their specification.

In the U.K market we are famous for producing Antique reproduction items in silver plate and silver antique finish for the last 30 years.

Our existing customer references can be asked personally for Europe, U.K., U.S.A, Japan, Australia and Gulf countries.

Your satisfaction is our motto.

Best wishes from staff & management.
