Appreciation

During time passing, we have been trying to create an ideal life style. What we want to share with you is the aspiration of better life and the solutions for more comfortable living. And we are proud to tell you that we really achieve it!

For those old friends who have been standing with us for long time, we appreciate for your support and encouragement.

You accompanied us and brought us the great strength to do more and to be better. For those new friends who have just opened this book, we appreciate you to give us an opportunity to let us share our pleasant and accomplishment with you.

With opening this book, the wonderful journey you are going to start is to see our great design, idea and passion to life.

You will see that "Enjoy Life" is not just an action but a life attitude. "Life in Joy" should not be just a dream but a dream come true. And O-LIFE is not just a brand, it's a sincere friend to all of you.

CARE

Do you know you have started to use a small crayon since you were five?

Do you know there could be more than 20 kinds of different stationeries helping you when you are in work?

Do you know you may spend 8 hours a day, 2,100 hours a year, which is 121,800 hours in your lifetime for sitting in front of your desk? Or even more!

We know it. Because we do care about it!

We care if the children have their painting tools that are safe and free from any harmful material. We care that even just a 10-degree difference of the angle from monitor to your eyes can prevent you from an unknown headache after you call the day off and go home. We even care that stationery should not be just a normal work accessory to you. It should bring you comfort, convenience and commitment to a better life style.

The only thing we want to see from you is your smile of satisfaction.

We are all ready to present our best products and service. If you are also ready to turn your life to the great & new direction, please just turn the page on. We may surprise you with our amazing items. But you will surprise yourself more by how wonderful life could be when you make this decision!
