LOTUS IFP IVORY WHITE

The artists skillfully portrayed the simple and pure beauty of the lotus flower on the ivory white porcelain background. Each drawing line of the flower appears elegant, bold, gliding and elaborated to complement a peaceful and carefree style. Enjoying the tea ceremony with the IFP Lotus Set is to seize moments of relaxation and peace in the soul.

GASTROLINE WHITE

Gastroline is the product line that won the award "Best Product Design Idea" at the world famous design competition Red Dot Design Award. Gastroline has top-notch product design and technique because of the difficulty shown in shaping at extremely sharp angles that very few ceramic companies in the world can achieve until now.

The product set is fired at the right temperature according to German quality standards (1380°C) to create high durability, hard glaze surface, scratch-resistant when in use for a long time. Nanotechnology helps the product stay shiny and smooth, and keep the color fresh and easy to clean.

LOTUS IFP IVORY WHITE

The artists skillfully portrayed the simple and pure beauty of the lotus flower on the ivory white porcelain background. Each drawing line of the flower appears elegant, bold, gliding and elaborated to complement a peaceful and carefree style. Enjoying food with the IFP Lotus set is to enjoy moments of relaxation and peace of mind.

GASTROLINE WHITE

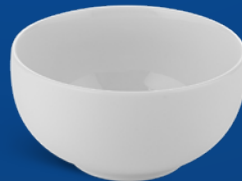

Gastroline is the product line that won the award "Best Product Design Idea" at the world famous design competition Red Dot Design Award. Gastroline has top-notch product design and technique because of the difficulty shown in shaping at extremely sharp angles that very few ceramic companies in the world can achieve until now. .

The product set is fired at the right temperature according to German quality standards (1380°C) to create high durability, hard glaze surface, scratch-resistant when in use for a long time. Nanotechnology helps the product stay shiny and smooth, and keep the color fresh and easy to clean.
