

The background of the image is a solid black field. On the left side, there is a large, abstract graphic element composed of numerous thin, white, wavy lines. These lines are closely spaced and follow a rhythmic, undulating pattern that resembles a stylized, flowing shape, possibly a letter 'P' or a series of connected loops. The lines are more densely packed in some areas and more spread out in others, creating a sense of depth and movement.

With Its diverse range of products ranging from ball pens, gel pens, retractable pens and stationery such as markers, LINC has marked a global presence in over 60 countries. Linc ranks among the top 3 writing instrument brands of India.

Pentonic, was born with the launch of 0.7mm ball in May 2017. After a successful launch of the ball pen we gradually diversified and entered other categories.

A convergence of cutting edge technology and superior design aesthetics, Pentonic is about form as well as functionality . Pentonic is driven by a culture where innovation and aesthetics go hand in hand. With imagination at heart of everything it does, Pentonic is passionate about every single detail and fashionable along all its contours.
