COMPANY

The value of experience

For over twenty years we have been producing private label disposable table linen that brings Italian style, elegance and quality to tables all over the world. For this reason, our private label products represent important elements of differentiation and competitiveness for our customers in the retail, large scale distribution and hospitality sectors. Efficiency, innovation and customisation allow us to meet the needs of a constantly evolving market.

QUALITY – The production processes are traced by our Quality Management System with ISO 9001:2015 certification. The traceability system implemented is a guarantee of safety for our customers, which allows them to establish a relationship of trust with the final consumer.

SUSTAINABILITY – With concrete actions, we are committed to reducing the environmental impact of our disposable table linen through careful selection of the raw materials and of the supply chain, and using solutions and certifications that allow us to offer recyclable and compostable products.

INNOVATION – We believe in the value of technological innovation and invest constantly in automation and upgrading of the production lines. High levels of efficiency allow us to ensure fast delivery times, competitive prices and punctual deliveries throughout the year.

CREATIVITY – Our creative team is constantly developing new proposals of colours, designs and decorative patterns, with special collections dedicated to the Christmas holidays. Our table linen stands out for its print quality and Italian style.

CONSULTANCY – Through our experience and knowledge of market trends, we are able to guide our customers toward the most suitable product for their needs, guaranteeing a wide range of customisation options and offering consultancy on the choice of colours and graphics.

Our commitment for a greener future

We have made the commitment to constantly increase the quality and sustainability of the materials and of the production processes used to produce our table linen, taking action on several fronts to meet the needs of our customers.

ISO 9001 CERTIFICATION

We control and monitor our processes through performance measurement in order to maintain and constantly improve the quality of our products and services.

FSC® CERTIFICATION

By choosing our FSC® (FSC-C139999) certified table linen, you are supporting responsible management of the world's forests.

OK COMPOST INDUSTRIAL AND SEEDLING CERTIFICATIONS

Our OK Compost Industrial (EN 13432) and Seedling certified disposable table linen can be disposed of in the household organic waste collection and recycled in an industrial composting facility.

RECYCLED AND RECYCLABLE PAPER

With our table linen made of recycled and recyclable paper, we pursue the goal of protecting forest resources, reducing energy consumptions and limiting CO₂ emissions.

WATER BASED INKS

Our table linen is printed using water based inks with a low environmental impact, with excellent performance in terms of lustre, also with metallic colours.

COMPOSTABLE INKS

Our table linen can be printed with compostable inks on certified raw materials without compromising the compostability of the final product.

PRODUCTS AND MATERIALS

A creative and versatile workshop

Dressing each table with personality and style: this is the goal that guides our activities.
We wish to give our interpretation of the tablecloth, making it a versatile and characterful complement, capable of transforming time spent at the table into special occasions, both at home and in the restaurant.

PRODUCTS

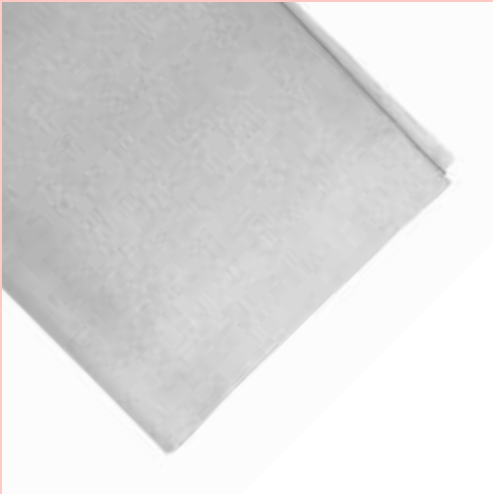

Always up to date with the latest market trends, our range of products is the expression of the specialisation and skill we have built up in over twenty years of activity.

01.

TABLECLOTHS IN ROLLS

FOLDED TABLECLOTHS

PROCESSES

Our paper table linen is enhanced by special production processes that makes it unique and refined:

03.

EMBOSSING
Cold embossing that creates a sophisticated and elegant raised pattern.

DAMASK
Heat treatment that gives the paper a refined shiny contrast effect.

MATERIALS

The raw materials we use are the result of a careful selection and are the foundation of our high quality production.

02.

PAPER →SMART LINE

White, coloured or printed, perfect for daily use

AIRLAID →SOFT LINE

Similar to fabric, made from cellulose fibre, it is elegant, strong and pleasing to the touch.

FREE YOUR IMAGINATION

A host of characterful solutions

There are no limits to your imagination: our creative team is dedicated to customising tablecloths, runners and placemats and to developing high quality customised disposable sets.

SPECIAL COLLECTIONS

Our creative team is hard at work to make special occasions even more special! Every year we create new collections for holidays and seasons with colours and patterns in line with market trends.

CUSTOMISED DECORATIONS

In addition to our standard collections, all our products can be enhanced with custom prints. Starting from a design or even from a simple concept, we create dedicated products, with an unmistakable touch of creativity.

PRE-CUT TO SIZE

Tablecloths in rolls and runners are available pre-cut to size, for maximum versatility – tablecloths can become runners and runners can become placemats – also to be used in combination.

PACKAGING

The first impression is important

Design, customisation and practicality to obtain maximum visibility: the packaging of our private label table linen is custom designed to show off the branded product and facilitate display in the retail space.

ASSORTED BOX

A single display box for products with different colours or prints, perfect for the retail channel, to offer trendy combinations with a single product reference.

READY TO SELL BOX

Practical and versatile, also available with easy opening and customised label, ready to be displayed.

CUSTOMISED LABELS

Targeted consultancy to develop labelling customised with the distributor's or retailer's brand for our private label products.
