## TROIKA was awarded the EcoVadis Silver Medal.

It is with great pleasure that we share that TROIKA has received the prestigious EcoVadis Silver Medal for Sustainability! This significant award recognises our constant efforts to seamlessly integrate sustainable practices into our operations. It impressively demonstrates our firm commitment to environmentally and socially responsible practices at the core of our corporate philosophy.

### What is the EcoVadis Silver Medal?

The EcoVadis Silver Medal is an award given to companies for their advanced achievements in sustainability. EcoVadis is a renowned independent assessment platform that rates companies on environmental practices, ethical business practices, labor practices and sustainable supply chains.

## OUR GOALS

### Materials

TROIKA places special emphasis on prioritising sustainable materials and developing innovative solutions to minimise our environmental footprint.

### Production

We use state-of-the-art, environmentally friendly production methods to ensure that our manufacturing processes are as sustainable as possible.

### Transportation

TROIKA invests in efficient and environmentally friendly transportation solutions to ensure that our products have the least possible impact on the environment as they travel to our customers.

### Our commitment to sustainability

At TROIKA, we firmly believe that companies have a responsibility towards the environment and society. That is why we focus on developing and implementing sustainable solutions to make a positive contribution.

### What does this mean for our customers?

For our customers, the EcoVadis Silver Medal means they are working with a partner who is actively committed to a more sustainable future. We are committed to providing innovative and environmentally friendly solutions that help make the world a better place.
