Kanodia Global (P) Ltd. | Kanodia International (P) Ltd.

[www.kanodiaglobal.com](http://www.kanodiaglobal.com)

Welcome to Kanodia Global – the pioneer and global leaders in knitted home textiles. Our continued investment and technical as well as creative expertise makes it possible for us to present our buyers with a collection of products that truly stand out in terms of quality, style and design.

Our reputation for premium products, quality finish, competitive price and timely delivery is backed by state of the art manufacturing setup across four units in Panipat (1.5 hours' drive from Delhi) and Kundli, Sonipat (20 minutes' drive from Delhi), along with offices and showrooms in New Delhi, Mumbai and Greater Noida Expo Mart.

Research and development initiatives have resulted in excellent business practices earning the company numerous certifications and accreditations in the textile industry.

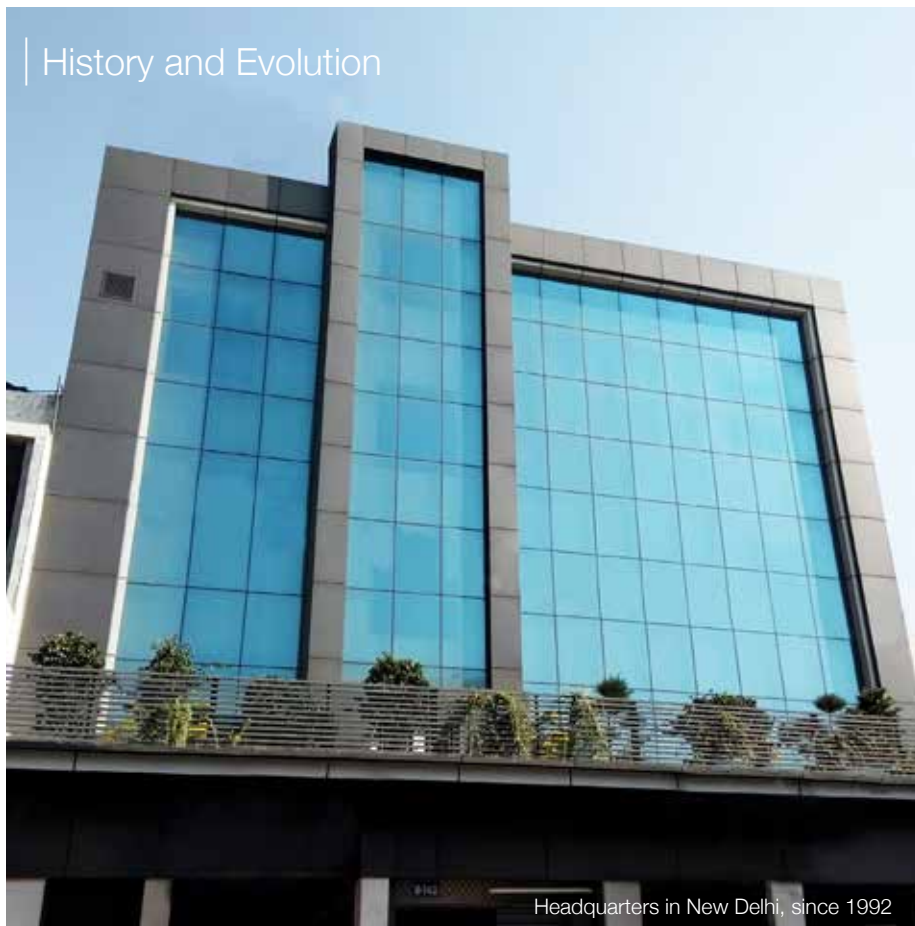

We have consistently expanded over the years not only in infrastructure but also in the range of products we offer which now include knitted throws and bed blankets, quilted blankets, cushions and dec pillows, baby and kids blankets, baby toys, fashion and nursing ponchos, scarves, bed runners and table runners, storage bins, floor rugs, bags and pouches, hats and other home décor and fashion accessories. In 2018, turnover of the company crossed \$20 million.

Our most recent investment was setting up of a yarn dyeing unit in Barhi (near Delhi), which is a state of the art facility with the latest machinery, for dyeing practically any type of yarn. With the setting up of in-house yarn dyeing, we are fully vertically integrated to produce the best knitted home decor and fashion textiles.

## | History and Evolution

Headquarters in New Delhi, since 1992

Kanodia was established in 1940 by Mr. Niranjan Lal Kanodia. He was a first generation entrepreneur who was also honoured by the Government of India for his contribution in the Indian freedom struggle. Kanodia became a private limited company in 1982. In 1990, the company moved from circular knitting to flat knitting.

His son, Mr. Vinay Kanodia, took over the reins of the company and continued the legacy of providing quality and design oriented textiles to the international market. It is to

his credit that Kanodia has moved from hand flat knitting to 100% technology oriented computerized knitting.

Over the last decade, with their formal business education, the third generation has joined the business and infused fresh ideas and energy into the company. To keep up with the company's global position and brisk growth, the company name was changed to Kanodia Global (P) Ltd. in 2011, along with the setting up of Kanodia International (P) Ltd.

## | Home Textiles

It was in 2002, that Kanodia made a foray into the world of 'knitted' home textiles. Since then, Kanodia has enjoyed leadership status as a favoured source for a range of knitted home furnishings, catering to importers, distributors, wholesalers, retailers and mail-order companies, across the globe. This is possible with continued focus on world class infrastructure, best-in-class technology, uncompromising quality standards and dynamic product innovation.

## Infrastructure

Panipat Factory

Kanodia operates from four fully-owned modern production facilities set up around New Delhi. The company continuously invests in new technology to upgrade its process machinery to ensure that its products meet the stringent requirements of its customers worldwide. Most of the machineries installed

by the company are from leaders in their respective fields.

The factories are spread across a total floor area of more than 0.5 million square feet in Panipat (Haryana) which is 1.5 hours' drive from New Delhi and Kundli, Sonipat (Haryana) which is 20 minutes away from New Delhi.

The knitting facility is equipped with fully computerized knitting machines from Germany. Alongside are state-of-the-art cutting unit, stitching unit with laser machines, embroidery machines, edge treatment machines and washing facility.

## | Knitting

The knitting facility is equipped with fully computerized knitting machines from Germany. We have long bed machines to knit upto 240 cms width on which we can make king sized throws as well as regular throws. For smaller items, we have dedicated smaller machines to achieve higher productivity.

## Yarn Dyeing Facility

Yarn Cone Winding Machine

Yarn Dyeing Machines of Different Capacity

Hydro Ejector

R.F. Dryer

In 2018, Kanodia set up an ultra-modern dyeing unit with the latest world-class technology to produce dyed yarn, with a capacity of dyeing 7 tonnes per day.

The facility is equipped to dye all kinds of Spun and Filament Knitting yarns which include Cotton, Hosiery, Wool, Jute, Polyester, Slub, Bamboo, Tencel, Viscose, Acrylic, Fancy Yarns, Grindle and all types of Blended Yarn.

With dyeing machines from world class manufacturers, the mill ensures best results in Cone Dyeing. This is further backed by an in-house high quality laboratory which is managed scientifically by trained technicians. They ensure zero colour variation using the colour matching system.

## Product Design and Development

We constantly endeavour to bring our customers the latest of designs and style. Design development and sampling forms a core part of our operations and are a key differentiator in the way we do business. We are front runners in setting trends for the industry, thanks to our talented design teams capable of producing and delivering

designs, colours, patterns and quality to meet our customer's requirements.

Equipped with the latest designing software and qualified designers, we have design studios in all our plants. Understanding the dynamic nature

of textiles and ever changing trends, we are equipped with multiple gauges of flat knitting machines, from 2½ gauge to 12 gauge.

## OEKO-TEX® Standard 100 Certification

All Cotton products manufactured by Kanodia are certified with OEKO-TEX® Standard 100. The standard means high and effective product safety from a consumer's point of view. Extensive product checks and regular on-site visits by Oeko-Tex ensure that we follow globally sustainable standards of the responsible use of chemicals.

## GOTS Organic Cotton Textiles

The Global Organic Textile Standard (GOTS) is recognised as the world's leading processing standard for textiles made from organic fibres. Kanodia is certified by the Control Union for GOTS to produce Organic Cotton Textiles. Our Panipat unit is equipped to manufacture Organic Certified Home Décor and Fashion Textiles. Home textiles, accessories, garments, toys and yarns manufactured in the certified facility comply with GOTS.

## Extensive Shade Card

At Kanodia, we understand how important colour management is to our customers. We have an elaborate color card and use superior technology for yarn color matching.

The extensive range of shades is chosen from our library of best-selling

colours across different product categories. From throws to ponchos, from baby blankets to wall hangings, we have the yarn colour you need. The shade card also helps in faster turnaround of samples and timely bulk order delivery.

## Quality Assurance and In-House Laboratory

To ensure our high standards of quality are constantly maintained, we have a comprehensive quality management system and material review process, from incoming raw material right through to dispatch of shipments.

The quality control department is equipped with all the required testing facilities along with skilled investigators

to monitor and ensure that the process delivers consistent quality at every stage.

To ensure complete check on quality, design confidentiality and delivery schedule, complete production is carried out in-house.

Testing for adherence to quality parameters is an integral part of our manufacturing process. To ensure that

our products conform to the highest quality specifications, we have fully equipped in-house laboratories in all our units to conduct tests at all stages, from incoming raw materials to the finished product.

We also get testing done from world renowned testing and inspection companies like Intertek, TUV Rhineland, Bureau Veritas, SGS and TÜV SÜD.

## Compliance

We fully comply with all applicable local, national and international laws and regulations, including those related to labour, health and safety, society and the environment. We operate in a socially and environmentally responsible manner everywhere we do business.

- Our factories follow ethical treatment of workers, workplace safety, environmental responsibility, and appropriate business practices.
- We meet these standards by upholding human rights and creating an ethical and sustainable supply chain.
- All employees are provided with information, instructions, training and supervision necessary to secure their safety and health at work and the safety of others who may be affected by their actions.
- Systems of work are provided and maintained that are safe and without risks to health.
- We seek to re-use, recycle and recover raw materials and waste.

## Star Export House

We are a certified 'Star Export House' by the Ministry of Commerce and Industry, Government of India. We are also rated 'SME 2' by CRISIL, which indicates 'high' level of creditworthiness.

## Accreditation

To meet the challenges of international business, we have valid certificates and are periodically audited and certified by internationally recognized certification bodies including BSCI Sedex and CTPAT.

Our quality management system is ISO 9001: 2008, 14001-2004, 18001-2007 approved.

We strictly follow REACH and all our products are AZO free.

For stuffed and filled cushion covers, we have the Law Label Registration for U.S.A. and Canada.

## Strong Customer Base and Long Lasting Relationships

With the rapid changes that take place in the domain of home furnishing and fashion accessories, our products reflect the diversified choices of every client that we deal with. Our wide range and product quality commands loyalty and has respect across a wide spectrum of customers. Relationships with some of our existing buyers have been nurtured over decades.

We export all over the World, catering to a diversified customer base that comprises the best known global brands, the biggest retail chains, wholesalers, distributors, mail order catalogues and some of the best high end and luxury labels. Products manufactured by us are sold all over the world including the U.S.A., Canada, Europe (including the U.K., Scandinavia, Germany), Australia, New Zealand, Japan, Mexico, Brazil and Russia.

Throughout the year, our buyers visit India and spend time with us in our factories. From understanding operations in the factory to reviewing process, they enjoy visiting our different units and also make product and design selections.

## Institute of Training in Knits and Textiles (ITKT)

More women than men are poorly paid and have difficult conditions of work that undermine their fundamental rights. Despite their increasing levels of education, discriminatory attitude often prevents women from entering the workforce.

To respond to this deep-rooted problem, Institute of Training for Knits and Textile (ITKT) has been set up by the group, as an NGO in New Delhi to ensure that women get equal access to better employment opportunities, resources and finance and are able to secure decent livelihood opportunities.

**Employability:** Our aim is to enhance the capacity of marginalized women by providing them employability skills to obtain and maintain gainful employment, either within the same company or to a new one.

**Livelihood Support:** We impart skills to women in helping them become job ready. We are also involved in up skilling of workers, their placement in jobs and introducing them to self-employment opportunities.

## Corporate Social Responsibility

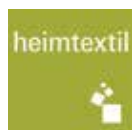

We are working towards having an overall positive impact on both people and the planet while we continue to grow. We aim to continue to be a company that is trusted by the society, by committing to compliance with laws and regulations, as well

as to highly transparent governance, respect for human rights, health and safety, social contribution and environmental preservation, on the basis of high corporate ethics. We invest part of our profits beyond business, for the larger good of the society.

## Product Assortment

## Throws

Kanodia Global is your headquarters for the chunkiest and finest knitted throws. Our designs range from being functional to style makers that add pattern, colour and warmth to any decor. Our buyers can choose classic and modern designs from our collection of Christmas, Nautical, Nordic, Valentine, Halloween, Holiday, Animal Jacquards, Text, Chunky Cables

and Moss Stitch, Pointelle, Intarsia for spring, summer, autumn and winter. All our throws are sumptuously soft and made from the finest quality yarns, be it cotton for warm weather layering or lambswool for winter nights. These are pre washed for softness and shrinkage controlled and available from lightweight to chunky knits.

## Quilted Bed Covers

We offer a broad array of trendy Quilted Bed Covers & Standard Pillow Sets. These can be made in a wide variety of geometric patterns and fine finishes. We can make super king size too, with large width upto 240 cms. The quilting is done while the fabric knits, using the best in class technology.

## King Size and Queen Size Bed Blankets

The company can produce wider variety of fabrics as per customer requirement. With our state of the art setup of fully computerized German Knitting machines, we can make sizes with width of 240 cm and any length. These can be made in different gauges ranging from 2.5 to 12 gauge.

## | Knit Throws with Sherpa Back

For the very warm feel, we have developed knitted throws and blankets with Sherpa lining on the back. Combine the favourite Jaquard knits with soft Sherpa on the back for the perfect winter blanket.

## | Quilted Knit Cotton Blankets and Throws

These are triple layered blankets to provide year round comfort. With the top and bottom layer being Knitted Cotton, it makes the blanket supersoft and pill resistant. The inside quilting is done with polyfill. Beautiful geometric patterns make them very chic and modern. These can be made in width of 240 cms.

## Cushion Covers & Dec Pillows

All cushion covers are made with YKK zippers- non concealed or concealed. Cushion covers in fine knits are made without lining and the chunkier ones are enhanced by adding a coordinated or matching lining. The cushion covers can be exported with polyfill also. We have Law Label certification for USA and Canada for supplying fillers.

## Floor Cushions

Textured and soft knitted floor cushions are made with a cotton canvas back, stylish pure leather grab handle and YKK zipper on bottom. The washed effect and plush knit make them look very stylish, sophisticated and unique.

## Dog Beds

Warm, cozy and supersoft beds for canines. The shell can be knitted in Cotton or any other yarn, and filled with Polyester fibre. The filling can be made in the form of removable pillows so the cover can be easily washed.

## Slub Yarn and Chunky Hand Knitted Throws/ Cushions

We use special Thick and Thin Cotton yarn for heavy and chunky throws and cushions. We make cables, structures as well as Jacaquards in this yarn. The texture is beautiful and soft.

Another latest addition to our ever growing assortment is hand knotted throws and cushions. These have been made in 100% Cotton as well as 100% Acrylic yarn.

## Floor Rugs

Textured soft Jaquards in slub yarn, are cut in interesting shapes and made into floor rugs. Heavy cotton canvas on the back along with treatment is perfect for the rug as a kid's room accessory or living room décor.

## Wall Hangings

One of the more recent additions to our product range is wall hangings in the choicest Jaquard motifs with wooden rods. We encourage buyers to customize the designs and finish by adding tassels, fringes or pompoms. Knitted wall hangings can be a great addition for living and kids/baby collections.

## Poufs and Bean Bags

Beautifully textured and comfortable knitted poufs can be made in shapes including square, flat, round or bean bag. The poufs are both fun and functional, with designs for outer fabric ranging from textured and chunky knits to customized jacquard patterns. The poufs can be shipped with Thermocol block or balls filled inside or just as a cover with zipper and separate inner bags.

### Storage Bins and Baskets

Traditional storage baskets in knitted fabrics- give it any shape and size to go with your collection. Be it for living or bedroom setting or for nursery, the knit fabric can be customized. Popular shapes include round baskets with cut handles or pure leather handles. For cost efficient shipping, add baskets in different sizes to ship smaller ones inside the bigger sizes.

### Foldable Baskets

These soft and foldable baskets are perfect for babies and kids. These can be neatly folded for easy shipping and storage. Cute Jacquard motifs are knitted in soft fabrics and lined with fibre and fabric inside. These can also be easily washed.

## | Baby &amp; Kids Blankets

We are globally accepted as specialists in knitted items for babies and kids. With an Oeko-tex Standard 100 certification under class I, which specifically covers baby articles, we are well equipped to manufacture the best baby blankets and pillows. We have well installed needle detector machines in our factories where 100% packed goods are checked thoroughly. All our products for babies and kids meet specified standards of quality in world renowned labs like SGS and Bureau Veritas.

Our baby blankets are made from premium quality Cotton and knitted to be super soft, breathable and practical. We make unique and creative designs, using exciting colours and themes.
