

**Top choice SHUTER Workspace series for
flexible and efficient production**

50th
Anniversary

est. 1969 Together we make dreams happen 夢想堅持的勇氣

**"Don't appropriate cultures from elsewhere
as your own: instead look to your place,
your land to find what's real."**

Jim Wu

Chairman, Shuter Enterprise

Our Mission

We devote ourselves to the production of creative, innovative, and environmentally sustainable storage solutions for home, office, and industrial spaces, and guarantee total customer satisfaction in these products.

Our Commitment

Shuter Enterprise Co. Ltd is dedicated to maintaining a management approach that is fully committed to upholding human rights and pursuing positive business practices. We actively create and maintain a cheerful work environment, treating each and every colleague like a family member. We extend this commitment to a good quality of life into the wider community through various charitable endeavors.

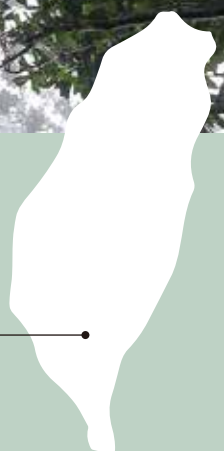

Our Vision

We are determined to one day see SHUTER and livinbox listed among the world's top 100 brands. However, we never forget our Taiwanese roots, and proudly print the words "Made in Taiwan" on all of our products, no matter where our global ambitions take us.

We are from Taiwan

72.9 m

Taiwania

Rukai : Wa driwru ki Dramare Ka angatu

Taiwania, with a single living species ***Taiwania cryptomerioides***, is a large coniferous tree in the cypress family. One of the largest tree species in the Asia region, the Taiwan cypress grows best in the towering central mountain ranges of the beautiful island of Taiwan.

With distinctive needle-like leaves and attractively scented wood, this endangered “living fossil” is as representative of the immense forests of the ancient world as the Chinese Metasequoia, Ginkgo biloba, and North American giant sequoia. This culturally important tree is called ***Wa driwru ki Dramare Ka angatu*** in the language of Taiwan’s indigenous Rukai people, which means “a tree touching the moon.”

Chairman Yira Wu

Our Story

Shuter Enterprise Co. Ltd, founder of the SHUTER and Livinbox storage solution brands, has always listened to the voice of our customers. We design products from the customer's point-of-view by finding the simplest way to build an ideal home for objects. We redefine the appearance and functionality of traditional storage systems, striking a balance between attractive exteriors and usable interiors.

Shuter has always been a company at the forefront of corporate responsibility in Taiwan, but in 2004, we really stepped up our game. We are proud of our “Made in Taiwan” label, and want to protect this beautiful island nation that has been our home since 1969. Today, we sponsor numerous local charities that focus on the sustainable management and preservation of Taiwan’s abundant natural resources.

Shuter maintains a passionate work culture through leading management policies, a highly professional research and development team, and high quality, safety conscious production facilities. At Shuter, employees at every level are encouraged to think big.

In 2020, Shuter is celebrating it’s 50th anniversary, becoming one of Taiwan’s oldest companies still in operation. Within this time, we have developed from a shed in a parking lot in Taiwan to a globally active manufacturer with a number of highly respected storage sector brands. We are proud to say that Shuter has always been there for you.

6 major product lines

Total storage solutions for stationery, household, office, industry, 3C accessories, and healthcare

100% Made in Taiwan from safe, non-toxic virgin plastic.

Always Moving Forward

products crafted with care and competence

The next few years represent another big stride in Shuter history with the launch of the Shuter Babbuza Dreamfactory in Nantou, Taiwan. This state-of-the-art production plant will occupy a total area of more than 44,000 square meters and will produce over 800,000 items every month for the livinbox and SHUTER brands. To achieve this goal, Shuter will employ the most innovative manufacturing processes available, from in-house tool making and computer-aided design to precision folding, welding, and fully-automated injection molding and assembly machinery.

Looking back on half a century in the storage solutions business, we at Shuter are humbled by our past innovations and successes. As we look to the future, we are more determined than ever to continue to provide superior quality products to our customers in Taiwan and worldwide.

together we make dreams happen

TC Ultra Heavy-Duty Cart Series

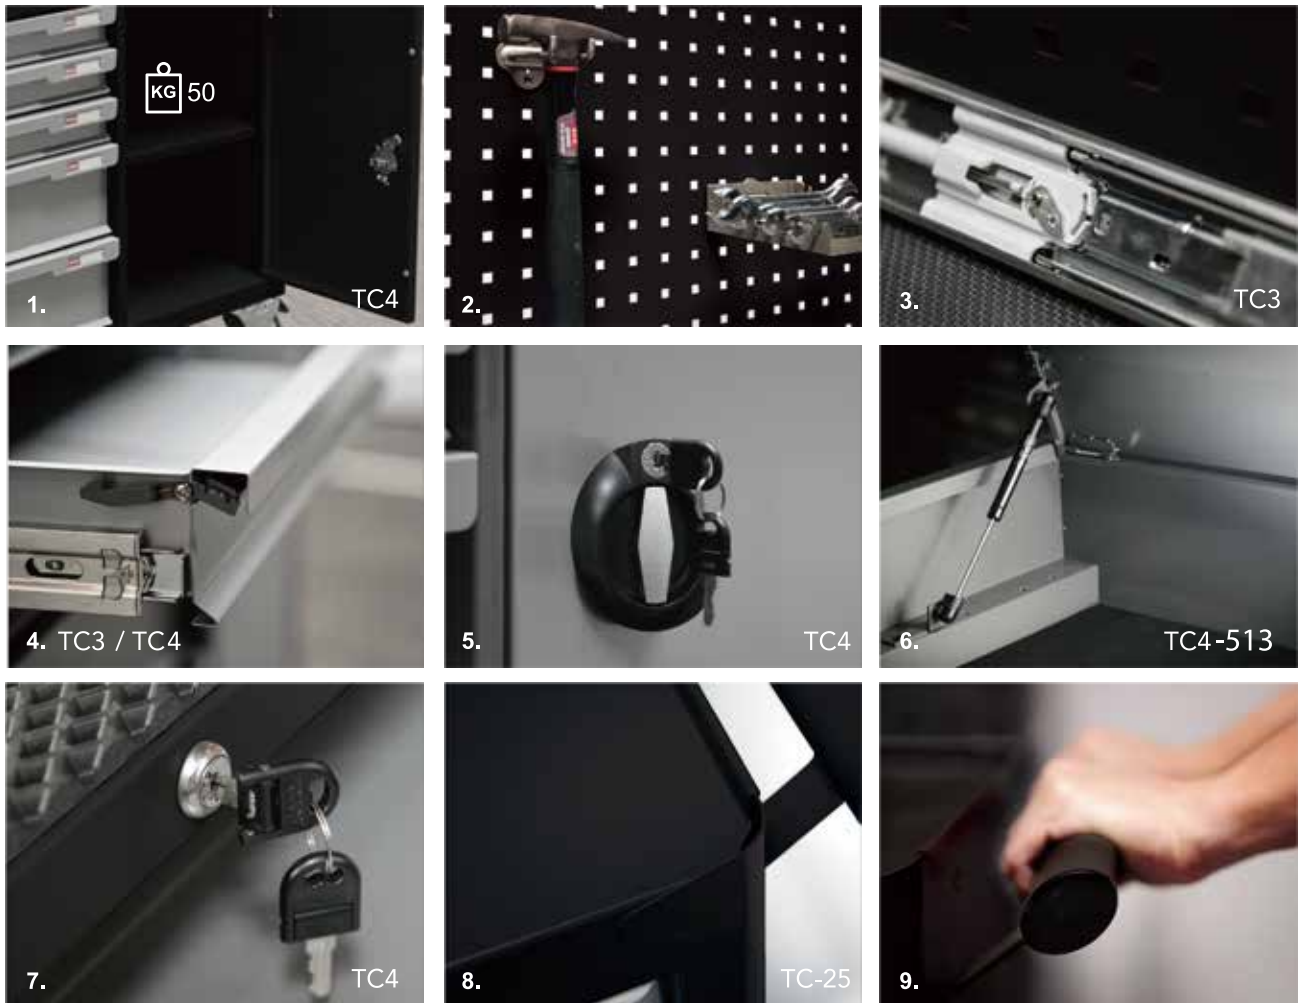

Heavy-duty

Chip-proof

- Steel thickness: 1.2 mm
- Total weight limit: 400 kg
- Single drawer weight limit: 30 kg
- Casters: PP (2 fitted with brake)
- Casters included in cart dimensions (height)

TC Ultra Heavy-Duty Cart Series

1. Height adjustable shelf included in cabinet
2. Globally compatible square-hole pegboard for clever tool organization
3. Adjustable pneumatic sliding drawer rail reduces impacts and ensures a long product life
4. Built-in safety lock prevents drawers from falling forward
5. Secure lock protects expensive tools and important documents
6. Lid stay ensures safer, quieter opening and closing
7. Lockable drawers for increased security
8. Smooth, rounded edges ensure user safety
9. Oval-shaped ergonomic handle is slip-proof and sturdy

TB Professional Tool Boxes

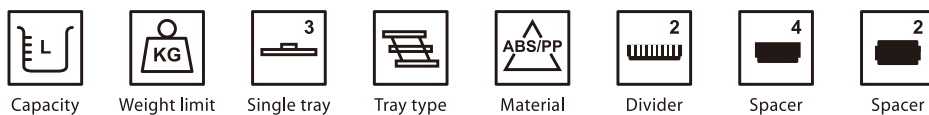

50 Years of Tool Box Manufacturing Experience

Since 1979, SHUTER has produced over 2.3 million TB-611 tool boxes.

SHUTER focuses user-experience and quality of materials when crafting its range of heavy-duty tool boxes. We only use high impact, virgin materials, and parts like hinges, buckles, and pins are made of metal, not plastic.

It is this attention to precision that ensures SHUTER tool boxes have a long life.

M-8040

800W x 400D x 400H mm

■ Digital lock

Patent no. D129666

■ Cabinet legs

FT-10

60W x 60D x 105H mm

■ A4X-P drawer

262W x 356D x 39.5H mm

Designed for efficiency, this classic SHUTER filing system is crafted from high quality, rust-resistant powder coated galvanized steel

- 100+ cabinet combinations
- Comes in opaque white or transparent black
- Optional detachable cabinet legs
- Digital lock available on request

Better endurance

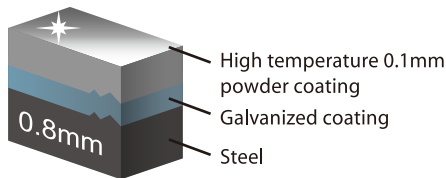

Made of powder coated galvanized steel, which is **10 times less likely to rust** than ungalvanized steel

Environmentally friendly

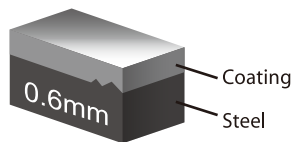

High temperature powder coating process limits VOC emissions

Specifications

SHUTER steel: 0.8 mm thick

VS

Industry standard steel: 0.6 mm thick

SHUTER uses high quality galvanized steel sheets imported from Japan for the body of its classic office filing cabinets. Additional powder coating ensures they will keep working for you even in the harshest of environments.

After 72 hours in a general environment

Galvanized alloy steel plate

VS

General alloy or metal steel plate

MC Mobile Device Lockers

Security and property protection in one compact product

- MC-5 Series designed for small- or large-screen mobile phones
- MC-210 designed for tablets and laptops
- White EVA shock pad in each locker
- 1000 individual lock-and-key sets with an optional master key for secure locker management –never lose a key again
- Tongue lock design–key can only be removed once door is locked

Materials:

- Frame
Japan-made 0.8 mm thick powder-coated galvanized steel alloy sheet
Scratch resistant paint
- Door: MC: Galvanized steel alloy sheet
MCP: PS
