# SUSTAINABILITY - SOCIAL RESPONSIBILITY & GIVING BACK TO THE COMMUNITY

We also believe in giving back to the community.

As our way of giving back to the community we have established a school for poor people and underprivileged people and also for the staff and their children.

The organization is called AIA educational Society. It can be seen on <http://www.aiaeducation.org/>

Here students get education/food/clothing in a boarding school at almost no cost.

This our way of giving back to the community.

This is one more way of being socially responsible and giving back to the community . This colony is located almost within 1KM from the factory and is named after our founder Mr. Mohammad Ahsan Shamsi**
