Company Name : RENK PLASTIK SAN. VE TIC. LTD. STI.

Company Type : LIMITED CO.

Under Progress

WHO WE ARE ?

As Renk Plastik, we have been in plastic sector for 50 years.

Starting from 1973 and until 2006 we were producing the plastic household and the kitchenware items. In 2006, we had a change and specialized on producing Plastic Toolboxes, Organizers, Storage Units, Tough Cases and Shelving Units.

Since then, we have always been widening our product range. We are a leading company in Plastic Toolboxes and Organizer sector in Turkey.

Our main goal has always been and always will be is to produce best quality products with affordable price level in order to satisfy our customers as well as the end users.

FACTORY FACILITY

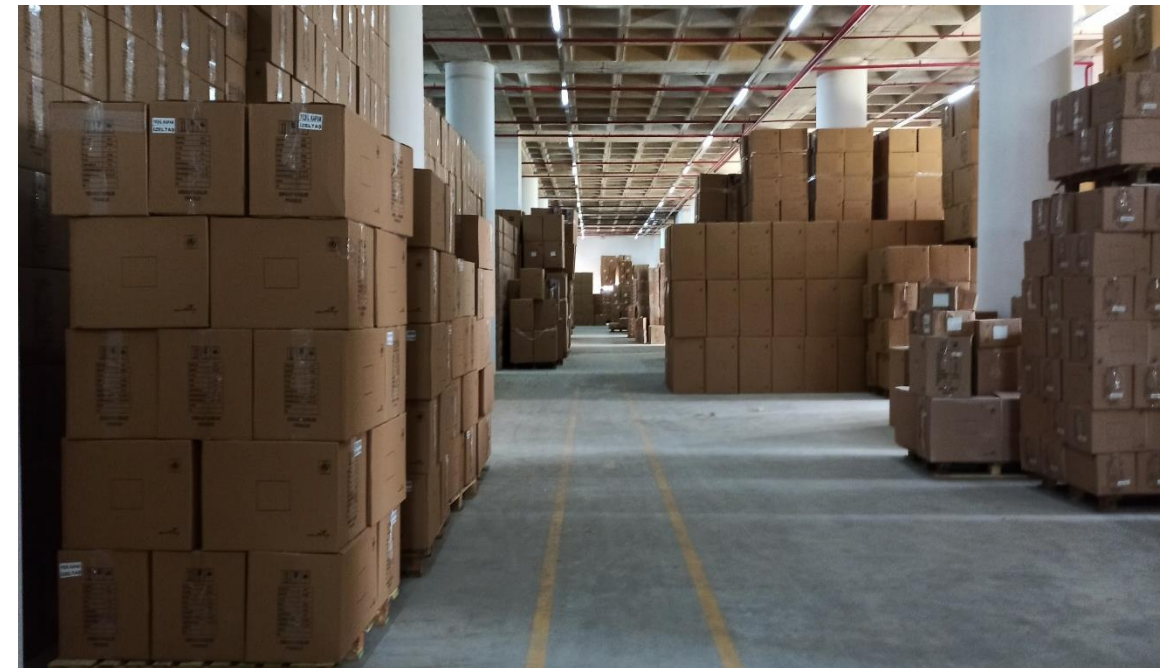

Our factory is located in Istanbul / Selimpasa province, with a space of 25.000 square meters closed area including production, molding department, warehouse & offices.

We produce all of our own molds at our molding department, with advanced technology machineries.

All of our products are produced in Istanbul, Turkey in our own factory, not in any other country.

Machinery : We have 30 advanced robotic tech injection machines for production.

We also have 3 CNC & 1 EDM machines with advanced technology for mold production.

Production Capacity : 5,000 Tons per year.

Personnel : We have 170 personnels.

10 people for administration, 10 people for sales and 150 people for production & molding.

Raw Materials : We use High Impact Copolymer Polypropylene (PP) & Random Copolymer (PP).

REDUCE & REUSE & RECYCLE

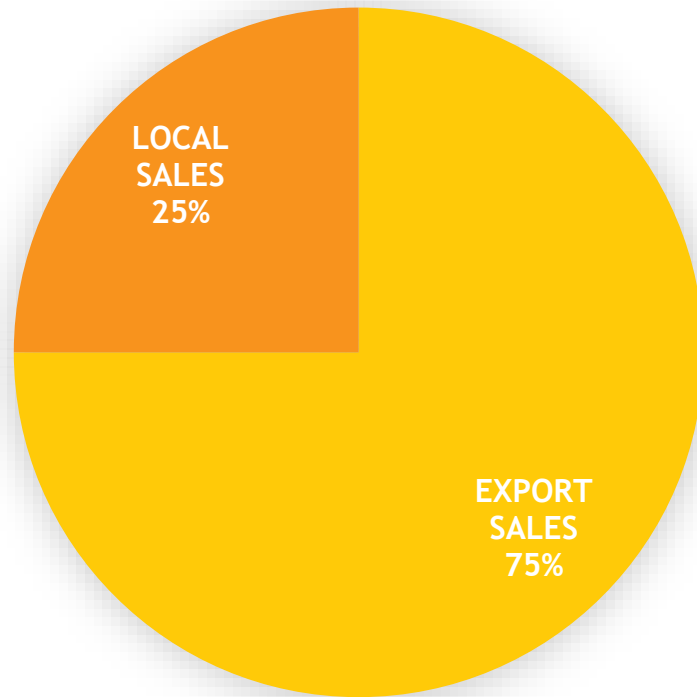

We are proud of informing you that none of our products contain non-recyclable plastic material and they are also produced with recyclable plastic material.

We support recycle and waste management as much as possible in order to save our nature.

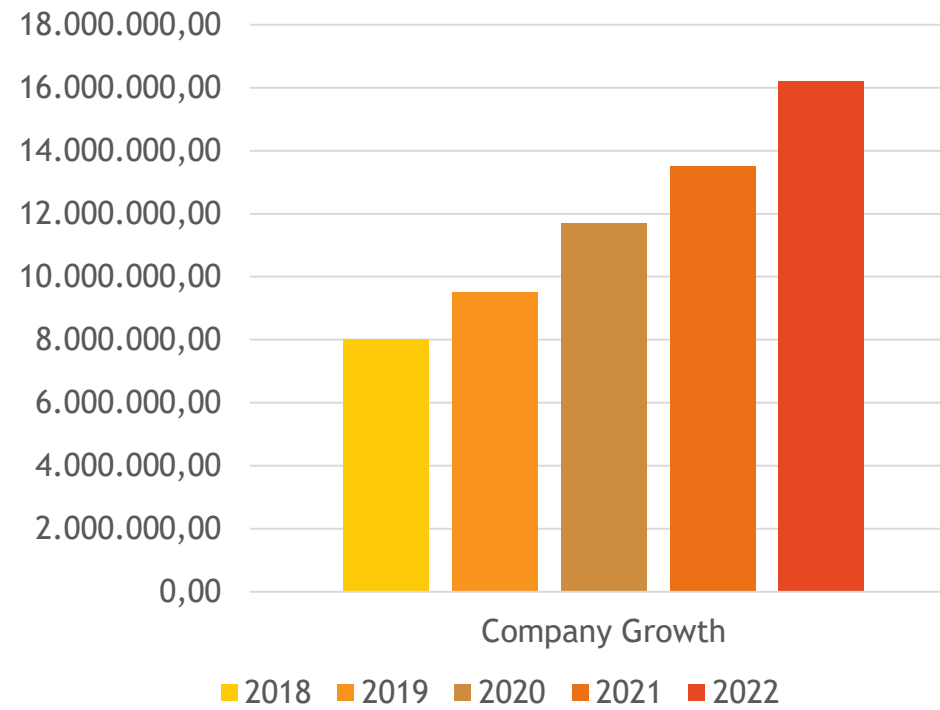

**100%
RECYCLABLE**
