MADE IN JAPAN

MD PAPER

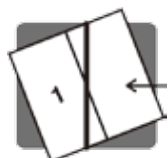

MD PAPER is our original paper that pursues the best feeling of writing. The paper makes the ink hard to stain and sink through the other side, so it goes very well with fountain pens as well.

You can use the connecting band to combine multiple TRAVELER'S notebook refills into a single set.

Compatible with both regular and passport sizes.

How to set 2 refills

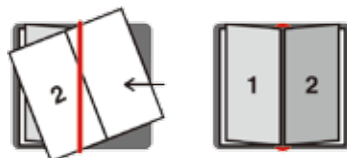

Using one CONNECTING RUBBER BAND

STEP 1 Put a refill between the rubber band and cover.

STEP 2 Set the connecting band to the refill.

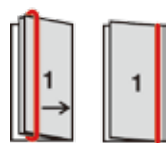

STEP 3 Pass the second refill through the connecting band.

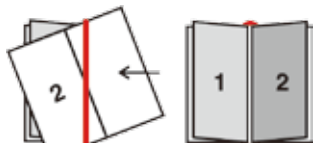

***CAUTION:** The connecting rubber band may be cut off when you set refills by sliding the band. To prevent cutting off, please stretch a rubber band well when you set.

How to set 3 refills

Using one CONNECTING RUBBER BAND

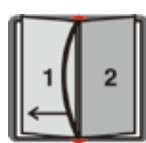

STEP 1 Line up two refills of your choice. Open their central pages, and bring them together back-to-back.

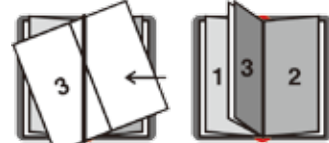

STEP 2 Put the refill through the connecting band.

***CAUTION:** The connecting rubber band may be cut off when you set refills by sliding the band. To prevent cutting off, please stretch a rubber band well when you set.

STEP 3 Put them on the leather cover and pull the original rubber band out of the chink.

STEP 4 Pass the third refill through the original band.

How to set 2 refills

Method 1

Affix the Pocket Sticker <L> to the inside back cover and put the notebook refill in the pocket.

Method 2

Stretch the short rubber band on the inside of the leather cover and insert the notebook refill.

***Please note that continuing to use the rubber band in this way will cause it to lose elasticity over time.**
