Tranquillo

THE FAIR SHOP

dress S24E20 paradise

TRANQUILLO has good news for you! Our super fresh summer collection celebrates the brightest time of the year. The best of summer vibes are drawn into marvelous prints, sparkling in the most vivid colours!

Through our collection we connect with you: women who speak up for themselves, not only through their style. We create sustainable fashion, keeping the world in mind. We only use materials that are gentle with the environment and with our customers.

We provide certifications for our products wherever possible.

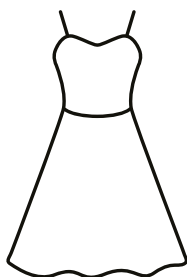

Dress up for an unforgettable summer and let's stay connected!

ORGANIC STRIPES

Our summery striped fabric is made from 100% GOTS certified organic cotton. The yarns are dyed before weaving to provide the unique stripe design. Due to slightly thicker slub yarns in the weft the fabric gets its linen-like look.

FOR A GOOD REASON...

...our stretch jersey styles are the core of our collections. Fine prints on GOTS certified organic cotton make a statement for sustainability: grown without toxic pesticides, herbicides, synthetic fertilisers or genetically modified seeds, resulting in a much lower impact on the environment and a high skin tolerability.

PLANET FRIENDLY AUTHENTICITY

Our bestselling denim fits are made from organic cotton and produced under GOTS standards. The production of organic cotton takes 40% less water compared to conventional cotton. It is made without toxic fertilisers or pesticides, creating 60% fewer CO₂ emissions. We have added 2% elastane to make it fit perfectly!

GENTLE WITH YOUR SKIN – AND WITH THE PLANET

Our underwear line made from Tencel™ modal lies soft and tender on your skin like silk and lets it breathe. It protects and allows you to move freely. Tencel™ is produced in a closed loop system with the solvents going back into the process, which makes it the more sustainable choice in comparison with conventional viscose modal.

ECO STRETCH TWILL

95 % organic cotton, 5 % elastane, GOTS

Our favourite GOTS product with a very fine twill structure is super soft with an almost velvety touch. Organic cotton with 5 % elastane, added for your perfect fit.

ECOVERO™ CRINKLE VISCOSE

100 % EcoVero™ Viscose by Lenzing™

EcoVero™ viscose fibres are made from sustainable wood and pulp from certified and controlled forests. EcoVero™ viscose is an airy and breathable fabric with a floating drape. Our EcoVero™ crinkle viscose has a striking crepe structure and we have it for this summer in topaz green and bermuda blue.

ECO STRETCH DENIM

98 % organic cotton, 2 % elastane, GOTS

We want to make a difference with our denim! It is made out of 98 % organic cotton. The GOTS certificate ensures there are no toxic chemicals used during the dyeing and washing process.

A tiny portion of elastane makes our denims figure hugging and comfy.

ORGANIC COTTON KNIT

100 % organic cotton, GOTS

Time to dress up with our cute tops and elegant cardigans! Our knitwear is made from finest organic cotton, providing a high wearing comfort and a soft hand feel.

SLUB JERSEY

100 % organic cotton, GOTS

Our super soft slub jersey is made of 100 % organic cotton and is GOTS certified. The slub yarn gives this fabric a nice linen-like structure. This summer's special are our placement prints on slub – make sure you don't miss them!

COTTON JERSEY

100 % organic cotton, GOTS

Pure cotton, fresh prints and lovely embroidery make up your favourite summer tees! Our 100 % cotton tops are smooth and comfortable to wear.

The Global Organic Textile Standard (GOTS) is the international standard for the treatment of organically produced fibres.

The Global Recycled Textiles Standard (GRS) verifies the use of recycled raw material in fabrics and sets standards for the production. It guarantees that social and ecological criteria are met throughout the whole supply chain.

ECO STRETCH DENIM DARK INDIGO

98 % organic cotton, 2 % elastane

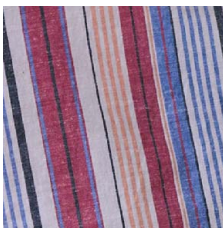

Pure jeans, pure indigo. The dark dye comes without any wash-effects which are often a result of using toxic chemicals and water wasting methods in the production. This denim skips all that and provides a striking raw look. Find our Tranquillo classic skirts and pants in this quality.

STRETCH JERSEY

95 % organic cotton, 5 % elastane, GOTS

The cotton we use in our jersey styles is organic. It is grown without toxic pesticides, herbicides, synthetic fertilizers or genetically modified seeds, resulting in a much lower impact on the environment and a high skin tolerability. Our stretch jersey is GOTS certified and super soft on your skin. Discover our five new prints and three solid colours!

ORGANIC STRIPES

100 % organic cotton, GOTS

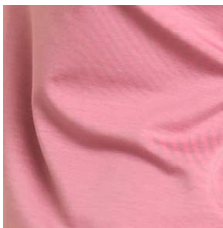

Our summery stripes fabric is made from 100 % GOTS certified organic cotton. The yarns are dyed before weaving to provide the unique stripe design. Due to slightly thicker slub yarns in the weft the fabric gets its linen-like look.

ECOVERO™ VISCOSE

100 % EcoVero™ Viscose by Lenzing™

Our bestseller is back in three charming prints! EcoVero™ viscose is developed and certified in Austria. The raw material comes from responsibly managed forests. Up to 50 % lower emissions and water impact in the production process and the supply chain transparency make it a much more sustainable alternative to conventionally produced viscose.

TENCEL™ MODAL

95 % modal (TENCEL™), 5 % Elastane

Soft and smooth, with a high breathability and flexibility, our new favourite fabric from the house of Lenzing™ provides your skin with the tenderness it deserves. The raw material cellulose is derived from regrowing beech wood, using only non-toxic and biodegradable chemicals throughout the production. 95–99 % of the solvents go back into the process. For its sustainable TENCEL™ fibre Lenzing™ was awarded with the “European Award for the Environment” by the European Union.

THE FAIR SHOP

Our styles are made from natural fibres wherever possible, either GOTS certified organic cotton or EcoVero™ Viscose and Tencel™ by Lenzing™ to reduce the impact on the environment and to provide you with the highest wearing comfort.

For our protective or warming outerwear we use fabrics made from 100% certified recycled polyester. The GRS label on those products ensures the recycled origin and fair social standards throughout the entire production process.

We constantly question each of our production steps, evaluate and improve our processes. Through close personal relationships with our partners we are working together towards a fair and sustainable future and the most resource-saving production.

Please read more about our certifications as a fair fashion and home company on our website:
