DEVELOPED AND PRODUCED
IN SLOVENIA, EU.

STATUS VACUUM SOLUTIONS

STATUS IS A FAMILY COMPANY.

•
SINCE 1995,
WE STRIVE TO MAKE OUR CUSTOMERS' LIVES EASIER.

•
WE PROMISE TO KEEP DOING
SO IN THE FUTURE.

CHOOSE BUSINESS PARTNER FOR LIFE.

We share knowledge and experience in the field with distributors in 40 countries around the world. We only use materials that are carefully chosen, tested, EU certified and BPA-free.

CHOOSE THE BEST BUSINESS PARTNER AND SUPERB CUSTOMER SUPPORT.

We strive to achieve great user experience on all levels. Therefore we provide as short delivery dates as possible and ensure pre- and after-sales support with marketing and service activities. In these insecure times, we are even more aware of the importance of before mentioned activities.

PRODUCT PORTFOLIO

HIGH-QUALITY PRODUCTS
THAT SIMPLIFY YOUR EVERYDAY LIFE.

WITH 2-, 3- OR 5-YEAR
WARRANTY.

DOMESTIC VACUUM STORAGE

Vacuum solutions for domestic use include:

- 4 domestic vacuum sealers,
- vacuum bags and foil rolls,
- vacuum containers (different shapes and materials: tritan and ABS plastic, full tritan, PP plastic, glass),
- vacuum jug,
- vacuum juice bottle,
- universal vacuum lids,
- vacuum wine stoppers,
- mason jar sealer and
- vacuum pumps.

GASTRO VACUUM STORAGE

Our vacuum solutions covering HORECA market include:

- Professional Vacuum Packing Machine Provac 360 and Semi-Professional Vacuum Packing Machine Solid 300,
- larger vacum bags and foil rolls,
- gastro vacuum containers,
- gastronorm vacuum lids,
- gastro vacuum wine stoppers,
- gastro vacuum pump.

FOOD STORAGE WITHOUT VACUUM

Airtight food storage is a quality way of short-term storage. Status' storage containers have the added value of saving kitchen space while Fresh Stick fasteners and bags are excellent for impermeably storing foods in their original packaging.

FOOD PREPARATION

With sharp and edgy Status kitchen helpers, anyone can become a master chef. Cooking should be fun!

HOME AND DIY

Green Press Plastic Bottle and Can Crusher that reduces the volume of waste plastic bottles.

EasyTiler - a tile levelling system that is used by professionals even though its intended purpose was to make a skilled master tiler out of anyone.

Honor your deceased loved ones with an **environmentally friendly Ardeo electronic candle** that looks like real candlelight.

OUR PRODUCTS ARE COMPATIBLE.

Manual and electric pump are compatible with all our vacuum products.

You can also create vacuum using the accessory tube that comes with the vacuum sealers.

The quality of Status' bags ensures their compatibility with all the leading brands of vacuum packing machines worldwide.

WHY VACUUM?

VACUUM PROLONGS FOOD FRESHNESS AND PRESERVES ITS TASTE AND AROMA. IT IS THE MOST NATURAL AND HYGIENIC WAY OF STORING FOOD. VACUUM ACCESSORIES ARE PRACTICAL AND EASY TO USE.

PRESERVE THE QUALITY OF FOOD AND EXTEND ITS SHELF LIFE UP TO 4 TIMES!

- Oxidation significantly slows down in a hermetically sealed space. The growth of the bacteria and **deterioration of food is significantly reduced.**
- **The vitamins and minerals** are preserved longer.
- **The aroma and taste** of food last longer in vacuum.
- Airtight vacuum bags **prevent freezer burn.**
- Food remains **crispy and does not dry out.**

REDUCE FOOD WASTE.

- Plan your meals ahead and stop wasting food.
- European households annually discard on average 92 kilograms of food per person¹. Act smart and use vacuum storage to **reduce the amount of discarded food** by four times.

SAVE TIME AND MONEY.

- Purchase food in bulk or **take advantage of special offers.** At home, pack the food in portions best suited to your cooking needs.
- **Maintain a well-stocked kitchen** to ensure you always have the right ingredients at home.

FOR EVERYDAY FOOD STORAGE in cupboards and in the refrigerator, use vacuum containers, universal vacuum lids, and a vacuum jug.

FOR LONG-TERM FOOD STORAGE in the freezer or in a cold storage room, use vacuum bags in combination with vacuum sealers.

REDUCE PLASTIC WASTE.

- Invest in **high-quality products** and use them for a lifetime, or even for more generations.
- Avoid single-use stretch foil, plastic bags, food containers and bottles that are the real cause of environmental pollution.

² according to the data of the Status' Development Department. Only approximate time of duration is indicated in the charts as it depends on the initial state (freshness) and the preparation of food. We have considered storage of food at +3 °C / +5 °C in the refrigerator and at -18 °C in the freezer.

HORECA

GASTRO VACUUM STORAGE

INTRODUCE VACUUM STORAGE TO YOUR RESTAURANT KITCHEN, SCHOOL AND KINDERGARTEN CAFETERIAS, FAST FOODS AND OTHER PROFESSIONAL KITCHENS. ALSO USEFUL FOR BUTCHERS, FARMERS AND CHEESE MAKERS.

For long-term storage of quality seasonal fruits, vegetables, meat, fish, pre-prepared meals or just for overnight storage of leftovers and ingredients for tomorrow's menu.

Buy in bulk and save twice: pay lower price for larger quantities and do not throw the food away.

REMARK:

Vacuum packing machines are presented in two sections: **gastro vacuum storage** (page 6) and **vacuum sealers for domestic use** (page 12).

PROVAC 360

PROFESSIONAL VACUUM PACKING
MACHINE

FOR THE MOST DEMANDING CUSTOMERS AND
EVERYDAY VACUUM PACKING OF LARGE
QUANTITIES OF FOOD IN PROFESSIONAL
KITCHENS.

5-YEAR
WARRANTY

double pump

double sealing strip

vacuum pressure -900 mbar

pump volume 30 l/min

liquid sensor

marinating function

With patented user-friendly
features. Very fast and strong
double vacuum pump and
improved technology.

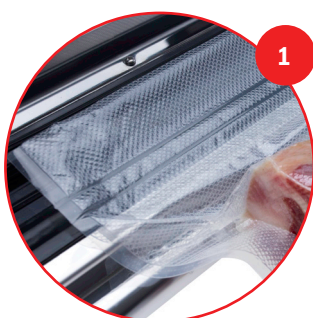

- **Automatic vacuum packing function** for dry and solid foods with automatic lid opening at the end of the cycle.
- **Manual vacuum packing function with pulse vacuum** for delicate foods - machine stops at the exact second you need it to stop.

- **Liquid sensor** ensures quality vacuum packing of moist foods.
- **Double sealing strip** with an active temperature measurement (see 1 below). Time and energy saving when vacuum packing multiple times in a row.
- **36 cm wide sealing/vacuumping area** enables the vacuum packing of three salami bags at the same time.
- **Fast marinating function in a container** - compatible with Provac 360 Marinating Set (see page 8).
- **Vacuum sealing with Status containers** (see 2 below). Accessory tube is included.
- **Status Stiki** - innovative bag placement solution (see 3 below).

Rich starter kit includes:

- Professional Vacuum Packing Machine Provac 360
- 5 vacuum bags 200 x 280 mm
- 5 vacuum bags 120 x 550 mm
- 1 foil roll 280 x 3000 mm
- 1 foil roll 350 x 3000 mm
- 5 pieces of Status Stiki double-sided sticky tape
- accessory tube for vacuum packing with containers
- foil-cutting blade

EAN: 3831091705348

STATUS STIKI™

PATENTED SPACE AND BAG SAVING
SOLUTION FOR EASIER VACUUM
SEALING PROCESS.

patented solution

suitable for all models
of Status vacuum sealers

Reusable double-sided sticky
tape ensures economical bag use
and simple bag placement into
the vacuum packing machine.

- Easy to use.
- One tape for up to 1 000 uses.

- For usage on all Status vacuum packing machines.
- Set includes 5 pieces of Status Stiki double-sided sticky tape.

EAN: 3831091707298

PROVAC 360 MARINATING SET

2-PIECE SET

SAVE TIME AND MARINATE MEAT OR
FISH IN JUST 18 MINUTES.

- Marinator function starts an **18-minutes-long automatic marinating cycle** in a container - use accessory tube to connect the machine with the container.
- Meat and fish are marinated faster in vacuum, since vacuum opens the pores of the food and allows the marinade to quickly and thoroughly penetrate deep into the food.

Set includes:

- 2-liter square vacuum container
- accessory tube for connecting vacuum packing machine and vacuum container

EAN ○ : 3831091707304

compatible with vacuum packing machines
Provac 360 and Solid 300

GASTRONORM VACUUM LIDS

TRANSFORM YOUR EXISTING GASTRONORM CONTAINERS INTO VACUUM CONTAINERS AND PROLONG FOOD'S FRESHNESS UP TO 4 TIMES! NO ADDITIONAL PRICY MACHINES NEEDED.

Unique system of creating vacuum in existing GN containers.

- Range of 6 vacuum lids and an extra powerful electric vacuum pump. No additional pricy machines needed.
- Vacuum can also be created with Status vacuum sealers.

Save money.

- Buy larger quantities or in bulk and store the food for several days (i.e. salad ingredients) or even weeks (i.e. berries in the freezer).
- Prolong the quality of the food and do not throw the food away.

Quality for you and your guests.

- Store local seasonal foods 4 times longer.
- Prepare meals or sauces in advance and they will stay nutrient for many days.
- Save leftovers hermetically closed until the next day.

Save the environment.

- Lids are a one-time investment, no single-use stretch foil is needed anymore.
- High-quality and BPA-free materials: Eastman **tritan** vacuum lids and silicone valves.
- Transparent, so there is no doubt where anything is stored.
- **Made for a lifetime.**

Status' gastro vacuum lids are compatible with the majority of GN containers on the market.

They tested successfully with the following brands of GN containers: Metro, Mori, Ozti, Inox Macel, Ronda.

DOMESTIC VACUUM SEALERS

FOR LONG-TERM AND NATURAL STORAGE OF CURED MEAT, FRESH MEAT, FISH, FRESH VEGETABLES AND BLANCHED VEGETABLES TO LAST THROUGH THE WINTER, DRIED FRUIT, HARD CHEESES, PASTA, BREAD AND OTHER FOODSTUFFS.

Storing food in vacuum-sealed bags extends food's shelf life and freshness in a natural way.
All machines include a rich starter kit.

STATUS VACUUM SEALERS' TIMELINE

The first Status vacuum packing machine was introduced to the world in December 2003. The fact that over 370 000 vacuum packing machines have since been sold worldwide attests to their quality.

LONG-TERM STORAGE

SUITABLE FOR ALL TYPES OF FOODSTUFFS – INCLUDING SOFT AND DELICATE ONES.

- **Automatic vacuum packing function** – the machine stops the vacuum packing process and seals the bag once the preset negative pressure is generated.
- **Manual vacuum packing is suitable for delicate and moist foodstuffs** (e.g. baked goods and fresh meat) – we stop the vacuum packing process manually once we estimate that enough air has been removed.
- All vacuum packages are suitable for mailing.

FEEL SAFE WITH 2-, 3- AND 5-YEAR WARRANTY.

- 2-year guarantee on vacuum sealers, Sous Vide circulator and electric vacuum pump.
- 3-year guarantee on Semi-Professional Vacuum Packing Machine Solid 300 and Vacuum Sealer Home 280.
- 5-year guarantee on Professional Vacuum Packing Machine Provac 360.

THE RICHEST SETS ON THE MARKET:

- a vacuum sealer
- 3 small vacuum bags size 200 x 280 mm
- 3 large vacuum bags size 280 x 360 mm
- 1 narrow foil roll size 200 x 1500 mm
- 1 wide foil roll size 280 x 1500 mm
- 1 accessory tube for vacuum packing containers and other vacuum accessories
- 1 foil-cutting blade
- 1 user manual

Remark:

- Provac 360 starter kit includes even more vacuum bags, longer foil rolls and 5 Status Stiki double-sided sticky tapes.
- Solid 300 and Home 280 starter kits include 5 additional Status Stiki double-sided sticky tapes.
- HV100 starter kit includes less vacuum bags.

VACUUM BAGS AND FOIL ROLLS

QUALITY HIGH-TECH PRODUCTION FOR MAXIMUM EFFICIENCY OF EVERY BAG OR FOIL ROLL. VACUUM BAGS ARE IMPERMEABLE, FOOD SAFE, TASTE AND SMELL NEUTRAL, REUSABLE AND FOR SOUS VIDE COOKING.

MADE OF:

- POLYAMIDE PA (ensures impermeability)
- POLYETHYLENE PE (ensures the quality of seals)

FOIL THICKNESS:

- 100 µm (smooth, unribbed part)
- 120 µm (structured, ribbed part of the foil)

BPA free

suitable for Sous Vide cooking

compatible with all brands of vacuum packing machines

WHY USE STATUS' BAGS AND FOIL ROLLS?

Constant improvement of the production process ensures the effectiveness of each bag and foil roll.

BECAUSE THE FOOD STORED IN THEM WILL REMAIN THE SAME AT LEAST HALF A YEAR AFTER YOU HAVE STORED IT.

The quality of a bag and a foil roll is determined by the thickness of the bag, the combination of materials and the height of the ribbed profile. Let us elaborate.

The thickness of the bag.

Status' bags are characterized by a 100 µm thick smooth foil and a 120 µm thick ribbed foil.

The combination of materials.

Polyamide and polyethylene determine the (im)permeability of the bag. Polyamide is the material that affects the permeability of a bag the most, while the passage of oxygen through the bag affects the quality of stored food. Compared to competing brands, Status' bags and foils boast the thickest layer of polyamide (20 µm) which makes them the most quality option for storing food.

The ribbed layer.

At least 0.2 mm high ribbed profile enables to vacuum and seal Status' bags uniformly whether it is the first or the 50th vacuum cycle.

The criss-cross pattern.

Their embossed criss-cross pattern helps remove the air effectively during the vacuum sealing process.

BECAUSE THEY ARE GREAT FOR SOUS VIDE COOKING.

According to the latest researches, food-grade polyethylene is one of the safest plastics to be used with food. The bags are BPA-free and specially designed to withstand the temperatures involved with Sous Vide cooking; up to 12 hours at 75 °C, up to 6 hours at 80 °C or up to 15 min at 100 °C.

BECAUSE THEY ARE COMPATIBLE WITH ALL BRANDS OF VACUUM PACKING MACHINES.

Tests have been performed with the following brands: Status, Besser Vacuum, Tre Spade Takaje, Reber, Food saver, La.Va, Zepter VacSy Bag Sealing Unit, Gorenje, Proficook, Caso Germany and Laica.

BECAUSE OF THE CONSTANT IMPROVEMENT OF THE PRODUCTION TECHNOLOGY.

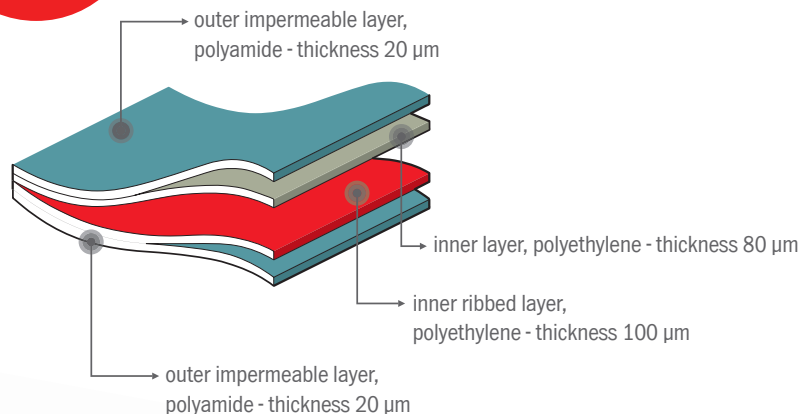

The equipment for the production of foil rolls and vacuum bags is upgraded and improved every year.

The materials for production are of European origin and come with all the corresponding certificates.

MARINATING AND WET-AGING MEAT IN VACUUM.

Materials used to produce Status' vacuum bags enable tightly sealed, impermeable and highly hygienic environment to marinate or wet-age meat in precisely controlled setting. The results will certainly please all your expectations.

BAG STRUCTURE

PRODUCTION CAPACITY

Status uses more than 200 tons of material yearly for bags and foil rolls production.

Daily production capacity enables the production of 55 000 bags measuring 200 x 280 mm.

With investments in 2023 and 2024 daily production capacity will increase for 25%.

bestseller 2023
(6 590 000 vacuum bags produced and 1 303 000 foil rolls produced)

CUSTOM MADE VACUUM BAGS OR FOIL ROLLS

Our assortment includes the most optimal vacuum bag and foil roll sizes or thicknesses, as we see it.

In case you need bags of special measurements or thicknesses, our experts in the field will be happy to meet the challenge.

Upon request, 90 µm thick vacuum bags can be produced too. Let us know and we will communicate dimensions and MOQ.

SOUS VIDE CIRCULATOR SVC100

MAKE A PERFECT STEAK IN YOUR OWN KITCHEN!
DELICIOUS EVERY TIME, WITH LESS EFFORT AS
EVER BEFORE.

2-YEAR
WARRANTY

With Sous Vide cooking technique, you cook vacuum-packed food in a temperature-controlled water bath. Use just one pot to satisfy different tastes thanks to quality vacuum bags (i.e. adding different spices for each steak).

- For the best results use **Status vacuum bags**. Food's natural flavours and nutrients are locked in the bag, that is why your steak stays juicy and tender.
- Use pots or containers with volumes ranging from 6 to 15 liters, which you already own (see 1 below).
- **Precise temperature setting** (within 0.5 °C). Circulator heats the water to a desired temperature and maintains it for a preset time.

- With an integrated **safety feature** that shuts off the circulator when water level is too low.
- A great tool for those with allergies as food is not in touch with other ingredients during cooking.

Functional data:

- easy to use and clean
- sound signal when finished
- rated power: 800 W

EAN: 3831091707274

EU regulation IPx7 waterproof compliant

other producer

VACUUM ACCESSORIES

**FOR SHORT-TERM STORAGE OF FOODS
IN THE REFRIGERATOR, KITCHEN CABINETS,
OR ON THE GO.**

Extend the freshness of fresh produce, preserve the vitamins in freshly squeezed juices, prolong the shelf life of opened canned food, and prevent the oxidation of bottled wine.

VACUUM CONTAINERS

CREATE AN OPTIMAL ENVIRONMENT FOR STORING FOOD BY VACUUM SEALING IT IN VACUUM CONTAINERS.

EVERYDAY FOOD STORAGE

SAVE TIME AND MONEY.

- Make the most of your food before it spoils. **Minimize food waste** by storing carefully grown produce in vacuum, extending freshness up to four times longer.
- **Optimize your grocery shopping** by buying in bulk or taking advantage of special offers. Extend freshness by vacuum-packing food in convenient one-meal portions.

PLAN YOUR MEALS.

- Prepare food in advance to **save time in the kitchen**. On busy days, finish the meal and enjoy lunch or dinner in just a couple of minutes.
- **Prolong the freshness** of fresh ingredients in the refrigerator. Wash, cut and store fruits and vegetables in vacuum for nutritious meals in the week ahead.
- **Marinate** meat and fish in minutes, as vacuum enhances flavour infusion and accelerates marinade penetration.
- **Safely pack** snacks for work or travel adventures.

ORGANISE YOUR KITCHEN.

- **Maximize the use of space** with stackable containers. Use drip trays and dividers to separate different food items in one container.
- Prevent foul odours in the refrigerator.

QUALITY AND VERSATILITY.

- Quality materials tritan, ABS plastic, borosilicate glass and silicone ensure sustainability by **guaranteeing a long lifespan** of vacuum containers. All materials are BPA-free.
- Vacuum containers are designed for convenience, being **dishwasher-safe, freezer-safe, and microwave-safe**. Glass containers are also **oven-safe**.
- All vacuum containers can be vacuum-sealed with a manual or electric vacuum pump or with a vacuum sealer by using the enclosed accessory tube.

3-YEAR WARRANTY.

- Status products are developed and produced to the **highest quality in Slovenia, EU**.
- We offer a **3-year guarantee** on all vacuum accessories.

ORIGINAL VACUUM CONTAINERS

DIVERSE VACUUM CONTAINERS
FOR PRESERVING FOOD
FRESHNESS AND EASIER
ORGANISATION.

- Colourful vacuum containers come in **many shapes and volumes** to perfectly fit in any type of household.
- **Durable** ABS plastic lids, tritan containers, and food-grade silicone gaskets ensure safe storage.
- **Convenient calendar** on the vacuum lid helps you keep track of stored food. Mark the expiration date or the day you stored the food.
- Containers are available separately or in sets with a manual vacuum pump.

IMPERMEABLE STORAGE SOLUTIONS

"KEEP FRESH AND READY TO GO"
STORAGE WITHOUT VACUUM

EXTEND THE SHELF LIFE OF FOODS STORED IN REGULAR BAGS,
CANNED JARS AND STORAGE CONTAINERS.

ALSO SUITABLE FOR SNACKS, TRAVELING AND BOATING
TRIPS, WHEN YOU ARE SHORT ON SPACE BUT WANT YOUR
VALUABLES TO STAY DRY.

FRESH STICK

IMPERMEABLE CLOSING SYSTEM

CLOSE THE BAG WITHOUT CREASING
TO ENSURE COMPLETE AIRTIGHTNESS
OR PREVENT THE LEAKAGE.
MORE EFFECTIVE THAN SIMILAR
CLIPS ON THE MARKET!

New
colours (or colour
combinations) can be
produced according to
your wishes.

You probably prefer crunchy crisps
over rubbery ones and clean
refrigerator over the one with sticky
shelves from spilled liquids, right?

**Use the only fasteners that keep
the bag impermeably closed to
find food as good as you stored
it after a day or two.**

- Prevent crunchy snacks from becoming soggy, milled coffee from aroma loss or packed soups and sauces from leakage (see 1 below).

- Your kitchen cabinets or drawers will be clean and organised, and there will be no worries about the moths or other unwanted visitors (see 2 below).
- Use it in a freezer too - for closing opened packages of frozen pre-prepared meat or pommes frites.
- In 3 sizes that can be simply shortened if necessary (see 3 below).
- Protect cell phone or money from getting wet when attending water sports (see 4 below), prevent spilling of hygiene products in a traveling bags or trunk.

COOKING ACCESSORIES AND KITCHEN UTENSILS

WOULD YOU DESCRIBE YOURSELF
AS AN EXPERIENCED OR EXPERIMENTAL COOK?
EITHER WAY, WITH STATUS KITCHEN TOOLS YOU ARE GOING TO BE
A MASTER OF PREPARING DELICIOUS MEALS.
COOKING IS FUN!

.....
All Status kitchen tools preserve the food's nutritional value
and are indispensable on every vacation as they can be
used without electricity.

SAVE TIME AND MONEY.

- Shorter food preparation time as food items can be cut with only one move or ground with just a few twists.
- Difficult food preparation will not be a problem anymore. There is no risk of getting cut when peeling, cutting smaller food items or grinding spices.
- They operate without electricity.

PRACTICAL.

- Quality materials – stainless steel blades, ceramic core grinders, ABS plastic housings. All these ensure the long-life quality of products.
- The majority of products are suitable for cutting a wide variety of foods, not only those referred to in the product's name.
- Your kitchen counter will stay clean and tidy.
- Be careful, please! **Blades are very sharp!** Great for foods, not so much for your fingers.

3-YEAR WARRANTY.

- We are proud that Status products are developed and produced in Slovenia, EU and are confident that our products are manufactured to the highest quality.
- Therefore we offer a 3-year guarantee on all kitchen helpers made in Slovenia. If a manufacturing defect is found, we will be happy to repair or replace the spare part or product.

BESTSELLERS.

- We are proud to be pioneers with the garlic cutter and the onion cutter. Together with our former strategic partner Genius, we sold them in millions.
- Garlic cutter, onion cutter and universal grater are not available anymore but we will always be proud of them.

Worldwide hit product Nicer Dicer has been developed with business partner and produced by Status. Over million pieces have been sold since 1999. Nicer Dicer is a trademark owned and sold by the company Genius GmbH, Status' long-term business partner.

OWNER.

Due to premium quality blade made
of **stainless steel** it is excellent
for peeling all types of foodstuffs:
apples, pears, kiwis, peaches,
carrots, potatoes, zucchinis,
cucumbers ...

- It fits into your hand perfectly
and adjusts to the surface of the
foodstuff!

- Works both ways – can be
pushed upwards or pulled
downwards.
- Suitable for right-handed and
left-handed people as well as for
people suffering from joint pains.
- Side loops allow you to easily
remove imperfections (e.g. potato
sprouts).
- A perfect gift, take our word for it!

Available colours:

EAN ☐ : 3831091700176

According
to doctors who
have spent years
treating patients with
rheumatoid arthritis, it
is suitable for people
suffering from this
condition.

very sharp blades

V-SHAPE SLICER

Designed for fast, yet smooth cutting. All sorts of foods can be cut into even slices: **cabbage, cheese, dense sorts of bread, salami, fruits and vegetables.**

- The thickness of slices can be precisely adjusted, **from paper thin to 6 mm thick.**
- A handy holder for slicing round food items allows you to slice food to the very last bit (see 1 on the right).
- **Very sharp blades for easy and even cutting of slices** (see 2 on the right).
- Safety lock will also protect your fingers when storing the slicer (see 3 on the right).

Available colours:

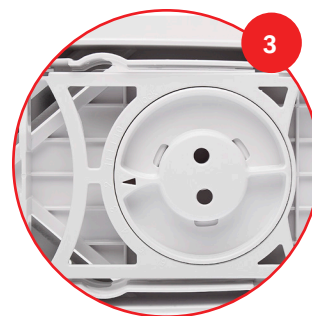

EAN  : 3831091701043

**YOU WILL BE ABLE TO SLICE
DRIED MEAT PRODUCTS
IN SECONDS!**

very sharp blades

SPICE GRINDER

**ONE SPICE GRINDER WILL SUFFICE
FOR ALL SPICES, AS DIFFERENT
SPICES ARE STORED IN
EXCHANGEABLE GLASS
JARS.**

It is distinguished by its **ceramic core Crushgrind with a 5-year warranty and suitable for grinding all sorts of spices.** Use the lower part of the grinder as a jar for storing spices. Replace it with another jar and different spice. Several spice jars can be used with just one grinder core.

- The grind size can be adjusted (coarse, medium or fine).
- One spice grinder is enough for all spices. Himalayan salt, sugar and flax seeds included.

EAN: 3831091700121

**ceramic core Crushgrind
with a 5-year warranty**

**adjustable thickness
of ground herbs**

SPICE JAR

**MAKE SURE YOU STORE
EVERY SPICE IN ITS OWN
JAR AND JUST CHANGE
THE GRINDER WHEN
NEEDED.**

When unscrewing its cap, the bottle becomes an integral part of the spice grinder. Once you screw the cap back on, the bottle becomes airtight and preserves the aroma of spices.

- One spice grinder will suffice, as different jars can be attached to it as necessary.

STATUS V AND JULIENNE SLICER

4-PIECE SET

SLICES AND JULIENNE STRIPS IN ONE SLICER. WITH SUPER-SHARP BLADES FOR DRIED MEAT PRODUCTS! A ONE OF A KIND SET ON THE MARKET.

Salads, sauces, minestrone – food will be ready for cooking in a few minutes! It cuts food into even slices and strips à la julienne – all types of fruits and vegetables, along with dense types of bread (buckwheat, rye, whole wheat), cheese and even dried meat delicacies (salami). It has a very wide surface for slicing and a user-friendly blade shape. Stay safe and injury-free when slicing, thanks to the food holder. Store it safely thanks to the lock function!

EAN: 3831091703467

V and julienne slicer in one!

- Simple setting of slice thickness, also for extremely thin slices, from paper-thin to 6 mm thick.
- Slicing food in stripes à la julienne 6 mm wide.
- Use food holder to protect your fingers and slice the food to the very last bit.

Fruit and vegetable peeler

- One of the sharpest peelers in the world with a first-class serrated stainless steel blade.
- Peels in two directions – upwards and downwards.
- Adjusting the peel thickness – the thicker the peel, the more upward position of the peeler is required.

Container into which the food is sliced

- Slice all food items directly into the container. The kitchen counter remains clean.
- When finished, simply close the container and put it away or take it with you.
- Made of BPA-free material. The container does not absorb the smell and colour of foods.

HOME PRODUCTS

WE TURN COMPLICATED IDEAS INTO SIMPLE SOLUTIONS. SOME OF OUR MOST SUCCESSFUL PROJECTS INVOLVE PRODUCTS THAT ARE DISTINCT FROM OUR FOOD STORAGE LINE.

Less waste disposal, evenly laid tiles with less effort and in shorter time.

GREEN PRESS PLASTIC BOTTLE AND CAN CRUSHER

REDUCES THE VOLUME OF WASTE PLASTIC BOTTLES AND CANS UP TO 80 %. BETTER USE OF STORAGE SPACE, EASIER RECYCLING.

Suitable for crushing natural and mineral water bottles, isotonic drink bottles, yoghurt bottles, juice cans, soft drink cans and beer cans.

- The size of your waste plastic bottles and cans can be reduced to one fifth of their original size.
- Compact and high quality materials, long lifespan.
- The crusher can be attached to a wall with the help of the screws or double-sided adhesive tape provided.
- A bestseller in Slovenia! The product received an innovation award by the regional Chamber of Commerce in Slovenia.

Less CO₂ emissions.

- In Slovenia we throw away approximately 500 000 000 plastic bottles a year. 5 000 trucks are needed to transport these empty non-recycled plastic containers, each carrying 100 000 plastic bottles.
- Green Press bottle and can crusher enables us to crush all our recyclables. As a result, only 1 000 trucks are needed to carry 500 000 plastic bottles.

EAN: 3831091701456

We are proud that our Green Press can be found near all Slovenian mountain huts.

EASYTLER TILE LEVELLING SYSTEM

PATENTED PRODUCT DESIGN RCD 001986738

A TILE LEVELLING SYSTEM
FOR QUICK TILE INSTALLATION AND
A LIPPAGE-FREE FLOOR SURFACE.

Do it yourself! Evenly laid tiles with less effort and in shorter time. Useful with different heights of tiles: from 3 to 24 mm.

- Suitable for all combinations and tile cross spacers when determining grout joint widths. Simple detaching system: No special removal tools needed.

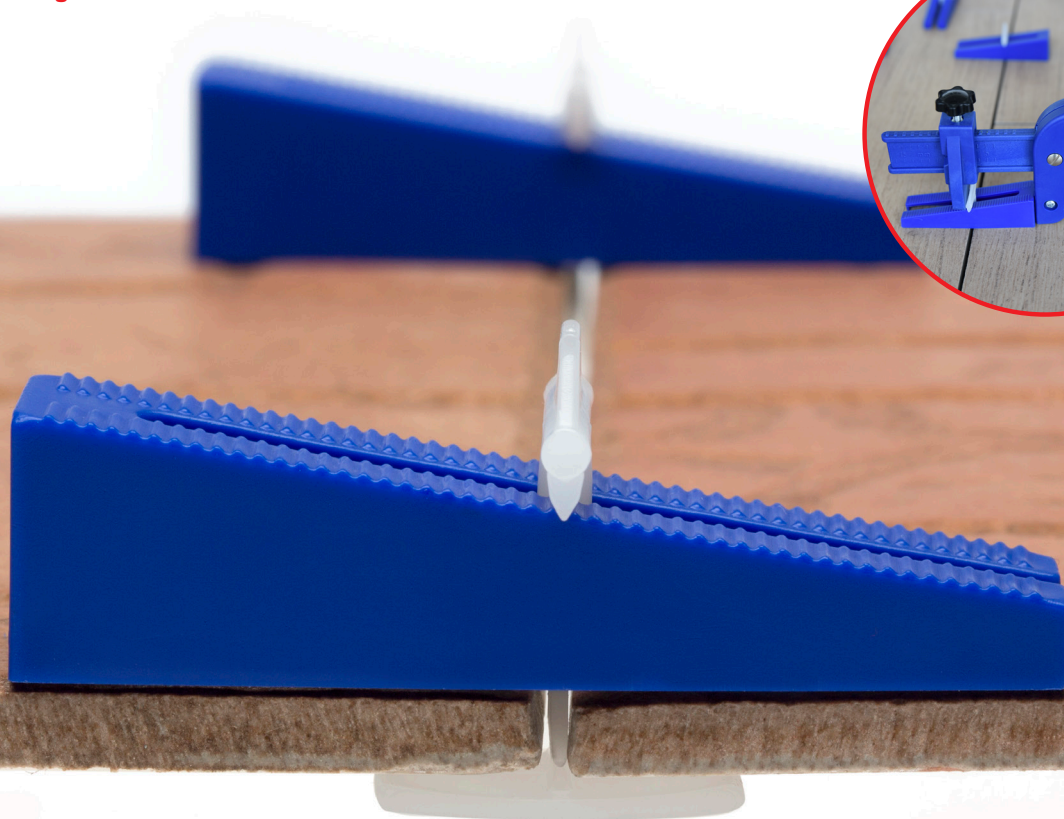

- Especially useful when laying porcelain tiles of **larger dimensions**. On floors and walls.
- **Higher clip for stone installation** is useful for stone from 15 to 24 mm thick.
- Blue, 3-mm clip for thicker joints.
- Lippage-free tiling of porcelain tiles, stone and marble.

www.easytiler.si/en.html

LEVELING PLIERS

- Tile larger surfaces easily and in a flash!
- Adjustable thickness and tightening level.
- No danger of scratches and destroying tiles, because they are made of polyamide material (and not metal).

Do-It-Yourself

PRODUCT EDUCATION.

- Based on market research and your sales strategy, we advise which products and models will fit best to your needs.
- When first delivery of products are sent to you we provide and/or organise educational seminar online or in person where all product benefits and sales points are discussed.
- We share experience how to build Status brand awareness, how to position ourselves on your market.

MARKETING MATERIALS.

- Photos, catalogues, product videos and user manual videos are available for our business partners to use (example: QR code for video user manual for vacuum sealers, see 1 on the right).
- In cooperation with you, we invest in POS materials (see 2 below).

FOR A RELIABLE BUSINESS PARTNER AND OPTIMAL CUSTOMER SUPPORT THINK LONG-TERM, CHOOSE STATUS.

HELP WITH PROMOTION ACTIVITIES.

- Planning of promo activity can be a challenge. Let us know your target price, target market or any ideas you might have and we will form the best possible offer for you. Communication really is the key.

PUNCTUAL DELIVERY.

- Once delivery time is communicated, there are no delays.
- Once logistics data is agreed, it works like a clock.

SERVICE AND WARRANTY: REPAIR, NOT WASTE!

- We are here to teach you how to repair our vacuum sealers (and other products) with service videos.
- 3 % of spare parts are for free, others with a minimum price.

SELLING PRODUCTS IN 40 COUNTRIES WORLDWIDE.

We are proud that our distribution network has grown to the whole world and we are thankful to establish quality and long-term partnerships with our customers all over the world.

In 2024 Status' products can be found in 40 countries (see map):

- 85 % in European countries
- 5 % in Asia
- 5 % in USA
- 5 % in Australia and New Zealand

RESEARCH AND DEVELOPMENT.

Customers and consumers play an important role in the development process. New products are developed on the basis of a detailed market analysis and feedback from our users.

Our small but experienced team is here to help crack even the toughest nuts.

PRODUCTION.

Production toolings are constructed independently or in cooperation with our subcontractors. We have a long and strong relationships with majority of our production co-operators. We learn and grow together.

When choosing and purchasing materials, our primary consideration is quality and food compliance.

Products are assembled on the company premises with detailed quality control.

CUSTOMER CARE – SERVICE AND AFTER-PURCHASE SUPPORT.

In the international environment, we help design the best product portfolio for the desired markets and sales channels. Sharing our experience with distributors – pre- and after-sales as well as supporting them with marketing and service activities plays a key role in strong long-term cooperations.

High quality products that simplify your everyday life. Since 1995.

WHO WE ARE. FOR 29 YEARS.

The company's customer centre is open at our headquarters where we will gladly answer any questions, comments or suggestions.

Our website offers many video tips, promo materials and unique selling propositions on how to sell and use our products and how to enable their long lifespan.

THE BRAND.

In 2004 trademark "Status kitchen innovations" was introduced to the Slovene market for the first time. At home, in Slovenia and Croatia, we are the leading producer and seller of vacuum sealers. Our vision is a to be among top 5 in the world.

Over the years we are staying true to our mission of making the lives of our customers easier.

AWARDS.

- Bronze Gazelle of Slovenia in 2022, a national award for the fastest growing company based on turnover and innovation activities (of the previous year).
- Entrepreneurship star award finalist 2023, a national award presented by our biggest media house Delo.

Products innovations awards:

- the active mousepad Give Hand A Chance in 2013
- the Green Press can and bottle crusher in 2010
- the Power Seal and Bag impermeable closing system in 2009 (since 2017 renamed to Status Kliki)
- the onion cutter in 2005

PRODUCT AND SOLUTIONS PORTFOLIO.

Products under Status's trademarks: The most comprehensive product group which is also of the most strategic importance for the company.

OEM products for trademarks of our business partners: Developed independently or in cooperation with our business partners, we are proud to manufacture for several worldwide market leaders.

Products as a result of cooperation with our business partners in every aspect of product development: From ideas developed by our business partners to marketing solutions provided by them or from issues raised by partners and solving them ourselves. We are pleased to participate in various cooperation projects, which extend far beyond the kitchen and home.

HIGH QUALITY PRODUCTS AND WARRANTY.

We are confident that our products are manufactured to the highest quality.

Following guarantees are offered:

- 5-year guarantee on Provac 360, professional vacuum packing machine,
- 3-year guarantee on Solid 300, semi-professional vacuum packing machine, Home 280, vacuum sealer, vacuum accessories and kitchen utensils,
- 2-year guarantee on vacuum sealers, electric vacuum pump, sous vide circulator, food dehydrator and Ardeo, electric flame.

SUSTAINABILITY AND CIRCULAR ECONOMY PROCESSES.

Less food waste and kind to the environment.

By investing in our quality storage solutions and using them for many years you don't only prolong the quality of food but also produce less single packing waste.

Safe disposing of electrical waste.

Status is a member of the ZEOS group (company handling electrical and electronic waste). We separately collect waste arising from manufacture, recycle what we are able to and reuse recycled materials for other purposes.

Recyclable materials are being developed by the industry and we are always among the first ones to test them.

Solar photovoltaic energy.

In 2022 photovoltaic panels were installed on our new roof and which enables us to be as self-sufficient as possible.

SOCIALLY RESPONSIBLE COMPANY.

Since living and working in a small community we help the best we can, particularly to voluntary groups and NGO's whose operation and success depend on sponsorships and donations - financially, materially and by participating in the realization of cultural, social and sports events.

We do our best to contribute to the better quality of life of our fellow townsmen and to the common development and progress of the region.

THE PEOPLE.

Status d. o. o. Metlika is a team of 50 dedicated, hardworking and creative individuals. We like to think we are a melting pot of different skills, experiences and departments - almost everything that the big companies have but due to our small size, we can often be more flexible.

We form a strong team ready to learn and face the challenges in different fields of work.

We also like to have fun and enjoy our local culinary delicacies and we do that several times per year.

Together with our long-term strategic business partners on all levels, we strive to be the best.
