SPACE MAGIC

A green plastic bag filled with red tomatoes is hanging from a green suction cup mounted on a grey wall. The bag is full and its shape is somewhat conical, with the tomatoes visible through the translucent plastic. The suction cup is a simple, circular green device with a small hook at the top where the bag's handle is attached.

COLOURFUL SERIES

The background of the entire advertisement is a vibrant blue surface, possibly a tablecloth or a tray, which is covered with numerous small, clear water droplets. Two whole, ripe oranges are positioned on this surface. One orange is located in the upper left quadrant, and the other is in the lower right quadrant. The oranges are a bright, natural orange color with some green at their stems. The lighting is soft, creating gentle highlights and shadows on the oranges and the blue surface.
