TAE YANG

WORLD BEST PORTABLE ENERGY

CEO'S MESSAGE

I would like to extend my sincere gratitude and appreciation to our precious customers and stockholders.

Sun Group was found in 1961 as the first welding and filling company in Korea. We are the leading company in butane gas cartridge and aerosol industry for the last 50 years and have been continuously growing based on our best technology and top quality.

Our butane gas cartridges and aerosol products are used in more than 100 countries all over the world and our overseas sales exceeded USD 100 million a year.

For more than 30 years, our main brand "SUN FUEL with 60% of the world market share has been loved by many people all around the world. 'SUN FUEL' have been selected by Ministry of Knowledge and Economy as a "Korean World-class Product Award" in 2009.

In addition, with our state-of-art automated production facilities, Sun Group provides advanced technology, top quality control, and price competitiveness while being the first aerosol industry to be CGMP certified which will ensure safe and clean products to meet the market needs.

We will continue our research to provide best products to all the customers. Also, we will do our best to share our profits to society.

Sun Group has been leading local canning industry for the past over 50 years and we are striving to global markets for another 50 years to achieve 100 years of history.
Thank you
