Introduction

Home Accents is a renowned manufacturer and exporter of fine quality metal handicrafts that came into existence in early **2003**. The parent company, however, has been in business since **1888**. The Company provides a vast product range for a wide spectrum of end-users including professionals, corporations and homemakers. Our products include electrical and non-electrical lighting, accent and bigger pieces of furniture, decorative accessories such as vases, table-top items in both contemporary and classical designs & finishes.

Business Philosophy: Uncompromising Product Quality and Customer Satisfaction.

How We Do It?

We employ highly skilled craftsmen in their fields that are the best at what they do. Our manufacturing is strictly controlled and supervised. The Company's stringent quality controls from metal selection to finishing, polishing, weighing, coloring and packaging are done on factory premises which ensure high quality products. Factory building spans **65,000 sq.feet** space large enough for housing sophisticated machines for efficient processing of bulk orders and their warehousing.

Factory At A Glance

The factory has **wide roads** for unhindered movement of vehicles; especially ample movement for the fire truck to navigate all around if need be.

Factory At A Glance

The factory has **additional space** for **future expansion** and the finished goods section has **2 container loading bays** to handle big container volume.

Clients We Work With & Have Worked With

Market Presence: Today, the Company has business presence in more than 15 countries such as U.S.A, Germany, France, Spain, Portugal, Poland and more. We ship to top notch retail chain stores and wholesalers such as below.

Our Forte

We specialize in making hand embossed products ranging from lamps, vases & accent furniture. We currently have the largest pool of skilled embossers to take on volume orders.

We also specialize in making bigger pieces of metal furniture mostly customized as per customer requirements In both stainless and wrought iron, **in-house**. We have all the necessary modern machinery and equipment to do so.

We are known in the market for our color/plating finishes that range from foiling to Different kinds of patinas, nickel, burnt nickel, burnished brass, burnt copper, silver antique Gun metal, brass & copper antique.

Factory Size And Area

The factory is spread out on a total area of 150,000 square feet out of which the built upon area of the different blocks are as follows:

Packing Halls: **25,000 square feet**

All packing halls are well **lit** and **ventilated**.

Factory Size And Area

Finished Goods Storage: **10,000 square feet**

There is enough room to store **6-7 40 High Cube Containers** at a time and they are accessible via forklifts.

Factory Size And Area

Finishing & Plating: 5,000 square feet

The plating, powder coating and spray booth areas are very **well Ventilated and well lit with a lot of floor space** to spread the goods in hand.

Factory Size And Area

Furniture Fabrication: **6,000 square feet**

Spot and Argon Welding Machines

Drill Machines

The furniture fabrication unit is large enough to spread out the furniture products when in manufacturing; ample space.

Factory Size And Area

Polishing section: 4,000 square feet

There is proper **ducting and light** in the polishing unit.

Factory Size And Area

Embossing Unit: 4,000 square feet

The embossing unit can house a total of **80 employees** given the fact that skilled labor for the handy work is very limited and our pool of embossers is the maximum in the industry.

Factory Size And Area

Unfinished Goods Storage: 6,000 square feet

Quality Control Underway

Quality Controller at work before the goods leave the factory for their final destination

Factory Certificates and Product Certifications

We are a Sedex audited factory.

The factory meets **social, technical and CTPAT** audits and was recently audited for Pier 1.

We have our **pollution, fire NOCs, factory license** and other certificates in place that are required by local law for the factory's functioning.

We provide clients different product testing certificates by labs such as **SGS, Intertek and Bureau Veritas** if required by them. Some of the tests are as below:

- *) Use of lead free raw material for food contact products
- *) Carb compliance certificates for MDF panels
- *) Salt spray test for outdoor items
- *) Furniture protocols for furniture items such as the load test etc.
- *) **CE** certificates for lamps

List Of Machinery

The factory has **25** polish machines currently, but there is expansion capacity of up to **56** polish machines.

The factory has **3** argon and **3** mig welding machines, however the quantity of machinery is expandable depending upon the amount of work.

The factory has **3** drill machines, 2 facer machine, **2** big grinder machines, **3** cutter Machines and **10** hand grinders and sanders.

The factory has **2** pipe bending machines for furniture fabrication.

The factory has **2** lathe machines for turning and working on lamp parts.

The factory has **2** carton strapping machines to facilitate the quick strapping of cartons If needed.

Social Responsibilities

Eco-Friendly: The Company sends **8-10 tons** of waste packaging material to a local recycling plant annually.

Public Relations and Involvement with the Community: The Company donates **\$25000** annually towards **charity and scholarships** for the education of the lesser privileged. It also operates a clinic that provides free consultancy and medicines to the local community.
