

SKYRA[®] SKYSTATION

the NEW WAY
TO BUFFET

47Years of Original Equipment Manufacturing for the finest tableware brands across the world. This decades-old heritage has given us the necessary understanding and capabilities of making the highest quality products.

SKYRA MINIBYTES COLLECTION

Skyla MiniBytes are fun items that bring joy to the food presentation. Inspired from iconic themes that we come across in our everyday lives and remember from our childhood, these wonderful amuse bouche servers are intelligent and playful. The MiniBytes collection is priced extremely well so as to be a valuable alternative to ceramic mini vessels.

SKYRA SENSATION COLLECTION

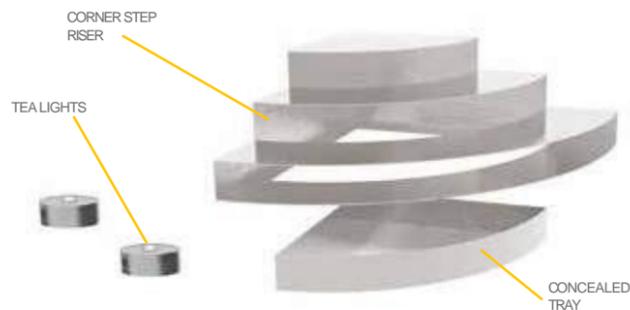

An intelligent design, the Sensation risers work equally well in presenting warm or room temperature food. By simply placing a tea light in the concealed tray, the entire system will remain warm. And placing 4 together results in a 360 degree service.

SKYRA MARRAKECH COLLECTION

The Marrakech series is a farm to table collection. Our burnt copper finish has been developed in-house to answer requirements for a rustic chic look. It is a copper-plated collection with a special hand application to distress the look and give it this proprietary burnt finish.

SKYRA DOBBELT BOWL COLLECTION

Dobbelt in Danish means 'double'. It accurately describes our minimalistic Scandinavian Double Wall Bowl Collection. The Double Wall allows for insulation when filled with hot food and prevents sweating in cold stations. It also helps keep food warmer for extended periods. The thick-walled, sleek designs are superbly finished and look beautiful in any setting.

SKYRA BEAD ETCHED TRAY COLLECTION

Characterized by a beaded trim around the edge and laser etched engravings, the Bead Trays are the must-have elements for bar & service. The trays are flat, but with raised edges to stop things from sliding off them as well as providing a comfortable grip to handle with ease. The beautiful Bead collection is an elegant fit for any high-end event.

Design + Innovation

OUR CHEF PASSION PLATFORM

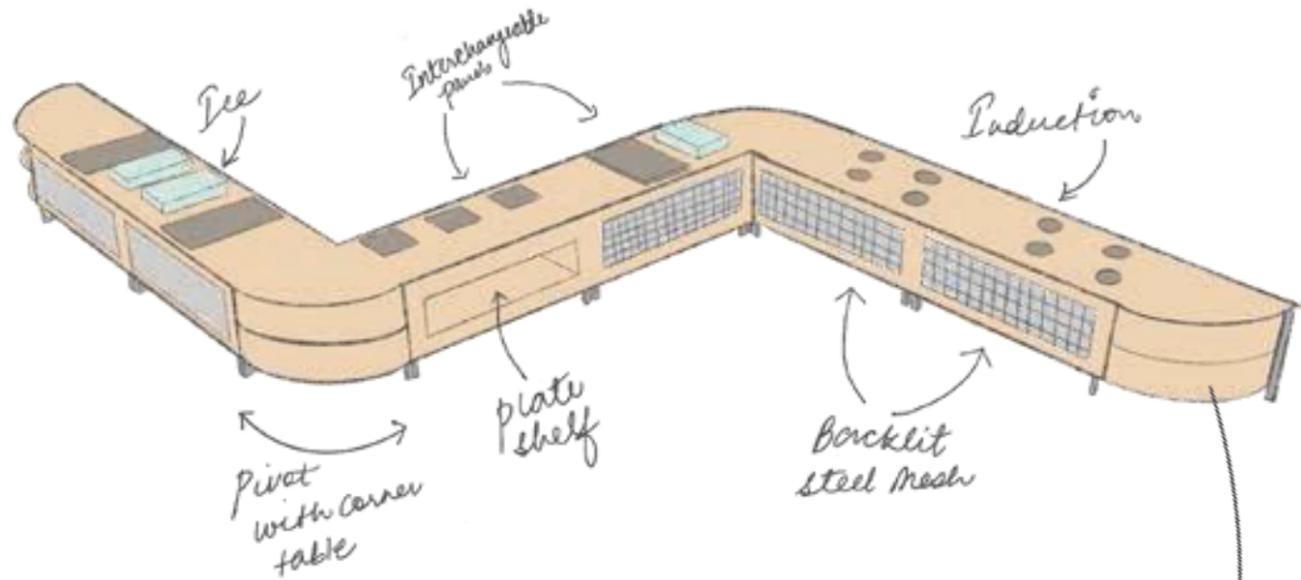

Every year, the Skyra Design Team meets with a panel of the world's top F&B Professionals to discuss gaps in the industry. They collaborate and innovate designs to launch over a 100 new cutting edge products.

If your passion is food, you are invited to join the Skyra Chef Passion Platform. Together, we will drive our mission :To serve the world with tastier + safer food.

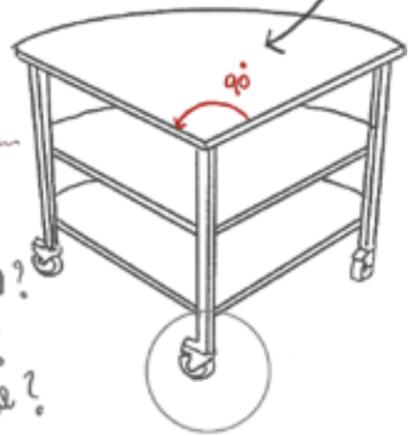

Original Design

Durable
Folding
Modular

Skystation is the New way to Buffet. It is theatrical and engaging. The diner can interact directly with the chef. With the Skystation buffet will evolve beyond other styles of dining. Not only do we want to raise the presentation of cooking to front house, we want to take it to center stage. The Skystation will transform cooking to next level.

Easy to remove panel

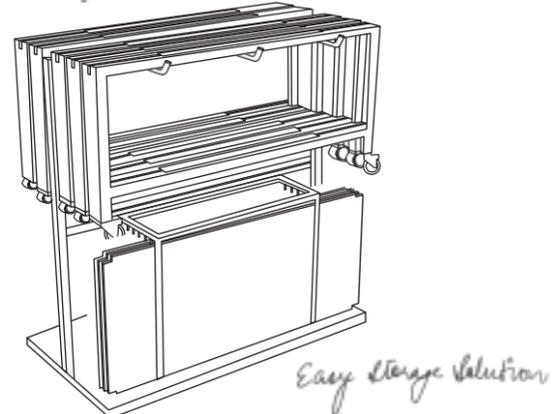

6 folded frames occupy equal space to 1 unfolding frame

Double sided Buffet

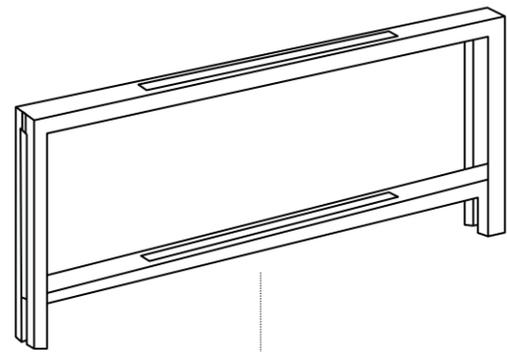

The design is elegant, build quality is tough & finish is beautiful. It's interchangeable modular tiles will allow for every type of cuisine. At the end of the event, the Skystation will fold away easily and compactly. After all, the value is in the presentation but the savings are in the logistics.

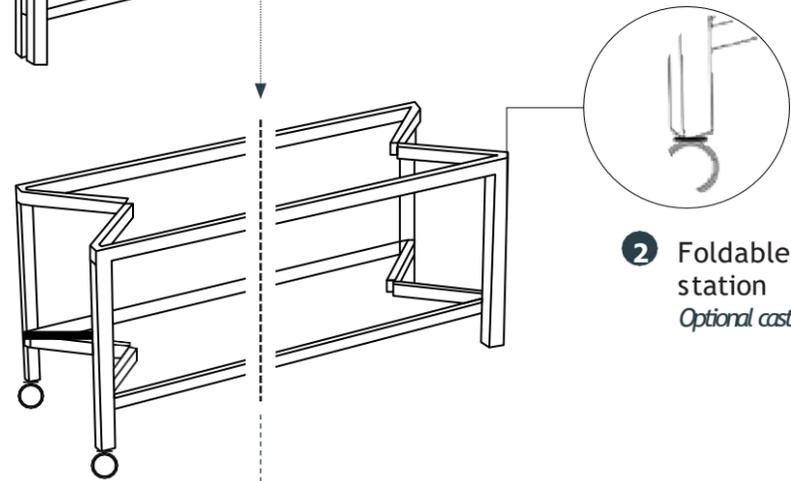

HOW DOES THE SKYSTATION WORK?

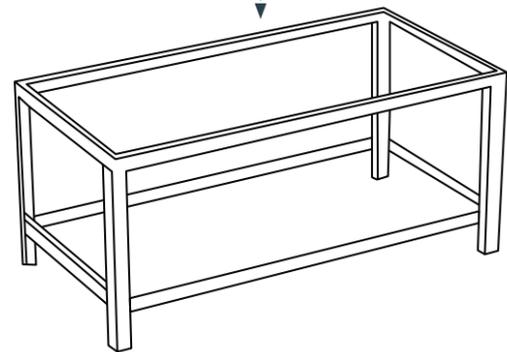

A step-by-step guide

- 1 Flat packaging for easy transportation
Fast and easy installation

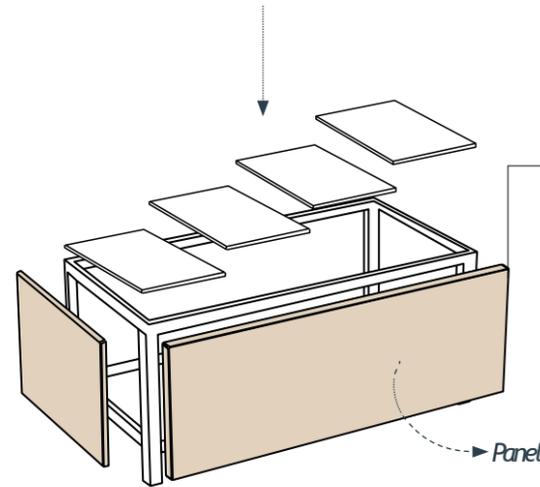

- 2 Foldable joints to swiftly open the station
Optional caster frames available

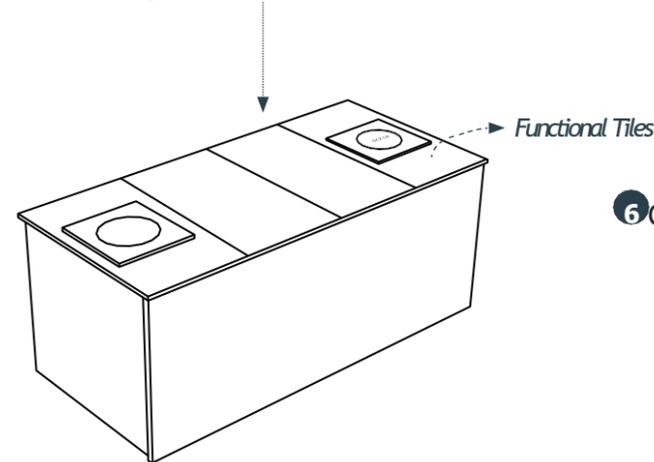

- 3 And just like that, the base is now set up!
Customisable with add-on panels

- 4 Mount the Electric S trip on the frame
Mounted on the back side

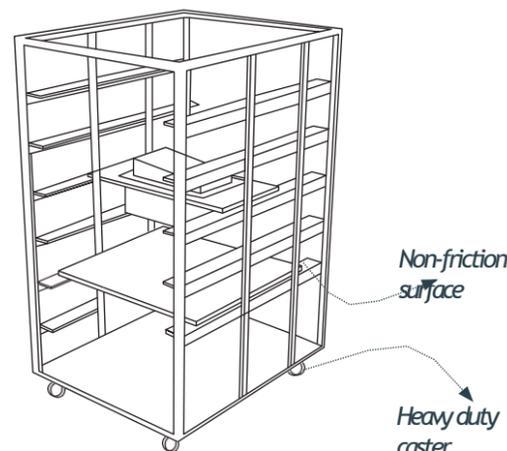

- 5 Easy attach system to mount panels on the frame
Panels are mounted on 3 sides of the frame

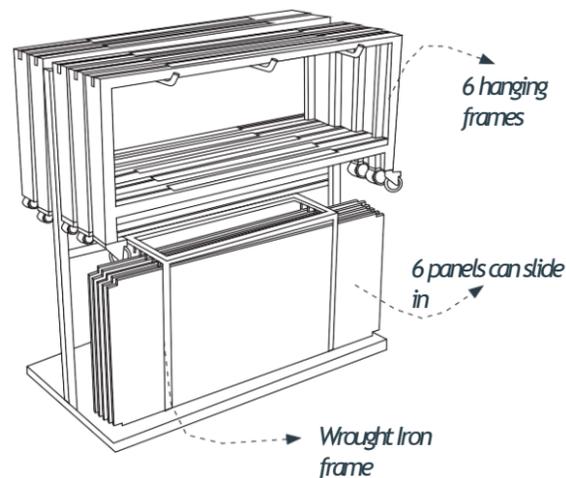

- 6 Choose the Functions, Materials and Colors of your choice. You are all set to experience the Skystation. Four functional tiles are placed on top of the frame.
The frames and tiles can be interchanged to change the aesthetic and function of the Skystation

DESIGN YOUR OWN SKYSTATION

A step-by-step guide

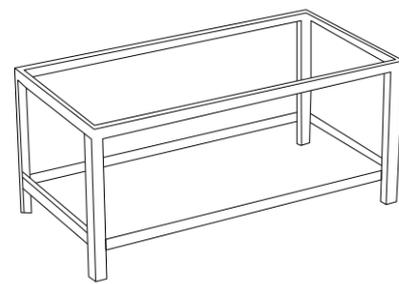

Step 1 Choose your frame

1 With Casters

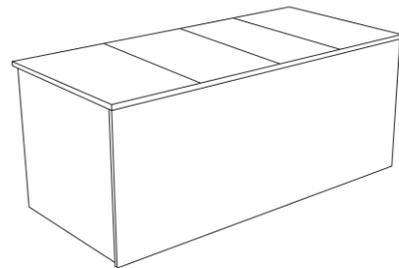

2 Without Casters

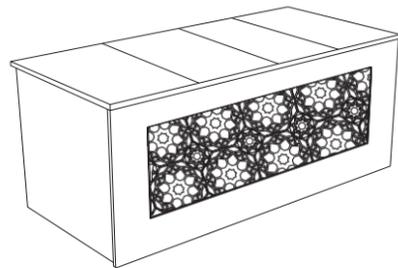

3 Hidden Casters
(non foldable)

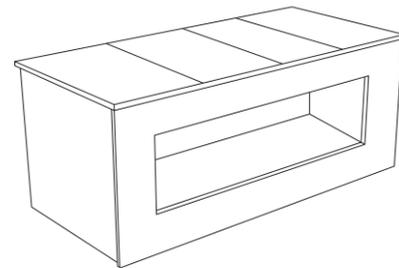

Step 2 Choose your front panel

1 Plain

2 Customised Grill

3 Storage Shelf

Step 3 Choose your laminate

Available finishes:

Grey

Pine

Slate

Oak

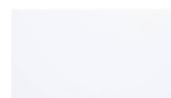

Marble

Solid Black

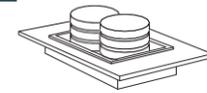

Charcoal

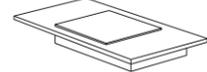

White

Step 4 Choose your function

1/4 Dimsum Module
Power: 2.5kW
Temperature: 300 °C

1/4 Cooking Module
Power: 3.5kW

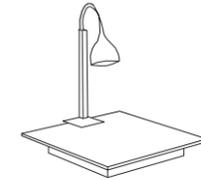

1/4 Wok Induction Module
Power: 3.5kW

1 Sushi Fridge
Power: 0.5kW
Temperature: 0-4 °C

1/4 Ice Trough Module
Power: 0.5kW
Temperature: 0-4 °C

1/2 Single Heat Lamp
Power: 250 W

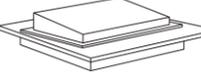

1/4 Sauce Warmer Module
Power: 2.5kW
Temperature: 300 °C

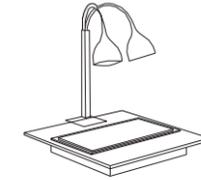

1/4 Fryer Module
Power: 2.5kW
Temperature: 50-300 °C

1/2 Ice Teppenyaki Module
Power: 800W
Temperature: -25 °C

1/2 Ice Module
Acrylic Basket

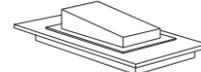

1/2 Dual Heat Lamp + Carving Module
Power: 250 W x2

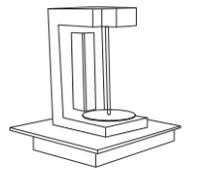

1/4 Soup Module
Power: 2.5kW
Temperature: 300 °C

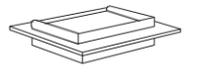

1/2 Griddle Module
Power: 3kW
Temperature: 110 °C

1/4 Ice Module
Acrylic Basket

1/2 Shawarma Module
Power: 240 W

1/2 Dosa Module
Power: 3kW
Temperature: 110 °C

1/4 Warming Induction Module
Power: 1kW

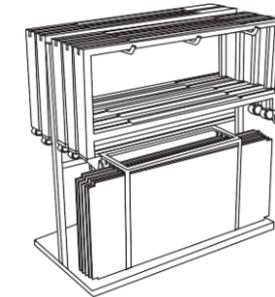

1/4 Pasta Blancher
Power: 2.5kW
Temperature: 300 °C

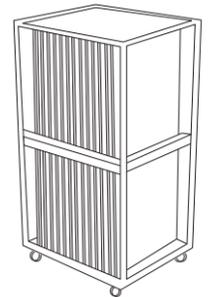

Step 5 Choose your storage

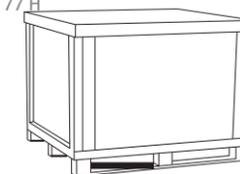

1 Equipment Storage Cart
37 L x 48 W x 77 H

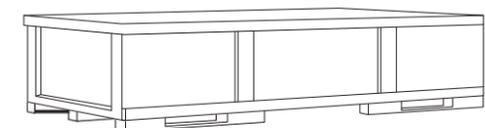

2 Frame & Panels Storage Cart
70 L x 37 W x 69 H

3 Side Panel Storage Cart
31 L x 37 W x 67 H

DESIGN AND CUSTOMISATION

MENU DESIGN

Send us your new menu list and Skyra will propose innovative items to present your dishes. From our vast experience and library, we have a range of ideas for a la carte and buffet.

SPATIAL PLANNING

Our experienced Design Team can help you plan the space with a range of live cooking stations and tabletop dishes.

PRODUCT CUSTOMIZATION

Do you require customized products for your unique theme? Let us help you create that special presentation that fits perfectly with your vision.

Patents and Proprietary Designs
All product designs are registered by Skyra Professional Equipment. Any reproduction or imitation is forbidden by law.

Skyra Professional Equipment will not hesitate to take legal action against any infringement of patents or registered designs in order to fully protect its intellectual property.

The purchasing of imitation goods may also have legal implications. Design and technical information shown in this document is subject to copyright and may not be used by other parties without prior written approval from Skyra

WARRANTY AND CLAIMS

Installation, Warranties and Product Care

Skyra provides an installation service for all products that are sold unassembled. Specific Installation guides are available upon request. If required, a virtual discussion with a product expert can be scheduled as well. On-site installation or product training is also available on a chargeable basis. Please speak to your relationship manager regarding all requirements and charges.

Skyra items are warranted against any manufacturing defects. All manufacturing defects have a 30 calendar day warranty. The Buyer shall inspect the goods immediately upon delivery. Any report of defective product after 30 calendar days will not be entertained by SKYRA. In case of a defect reported within 30 calendar days, it may be approved at the sole discretion of SKYRA. If approved, it will be covered by rectification of the defective component only. The defective component or product will need to be submitted at an authorized Skyra service center and will be returned as per the original terms of delivery. Any defects due to general wear and tear or user negligence will not be covered under the Manufacturing Warranty.

Skyra does not provide a temporary replacement during the repair lead time. On-site repairs are available on a chargeable basis. Please speak to your relationship manager regarding all requirements and charges.

Skyra terms of delivery are ex-warehouse only. In case support on freight is required, Skyra can arrange delivery of the product through a nominated freight provider. This is an independent third party service provider of which Skyra does not cover liability. Therefore, Skyra does not warranty the delivery time and transit damage of the product.

Maintenance

Table Surfaces

Any surface is vulnerable to stain and scratches. To prevent this, clean the surface with water, natural cleansers and a soft cloth immediately after use. Do not use any sort of scarp-er or steel fleece which may lead to scratches or unwanted marks on the surface. Make sure to wipe down the surface next and leave no residue. Pack the tables in their storage carts to minimize natural wear.

Appliances

Skyra recommends wiping the equipment after every use. Clean the food contact surface with a soft damp cloth only. If required, add a small amount of natural cleanser to the damp cloth. Next wipe the damp surface with a soft dry cloth. Do not use any sort of scarp-er or steel fleece which may lead to scratches or unwanted marks on the surface. Do not put soap or water on the vulnerable (mostly bottom and side) surfaces of the appliances. Make sure that all the appliances are unplugged before wiping them to avoid any mishap.

Stainless Steel Tableware

After using the products, always clean the product with a sponge or a towel. Use warm water and a gentle detergent. Tough stains like grease stains, discoloration, salt or lime marks can be removed by wiping the surface with soft cloth and 25% vinegar. Do not use any sort of scarp-er or steel fleece which may lead to scratches or unwanted marks on the surface. Make sure to wipe down the surface next and leave no residue. Acidic substances like soaps containing citric acid should be avoided because of their pH value. If used over direct heat or flame, there will be a discoloration in the heat affected zones. Always ensure that water is filled in the Water Pan before placing Chafing Fuel Underneath.

Coated Products

PVD coated surfaces do not oxidize or tarnish. In order to delay the wear and tear as much as possible, handle the products utmost care especially during the washing cycle. Hand Wash with gentle soap and immediately wipe dry with a soft cloth. Store the products individually to avoid water marks and scratches.

If there is an appearance of dark spots (brought about by natural substances or potentially calcium stores because of a deficient washing/drying cycle), remove them by wiping off the surfaces with a delicate cloth dipped in lemon cleanser or vinegar. Assuming that the lemon cleanser or the vinegar are not adequate to eliminate especially stubborn spots, then, at that point only use a delicate cloth with a liquid metal polisher.

Always ensure that water is filled in the Water Pan before placing Chafing Fuel Underneath. If used over direct heat or flame, there will be a discoloration on the heat affected zones.

Do Not

1. Do not clean the surfaces with rough fabric or metal cleaning paste or abrasive sponges.
2. Do not use industrial detergent on the PVD surface or put it into a dishwasher.
3. Do not leave the product wet as permanent water marks may stain the surface.
4. Do not use Cotton Wheels with grit specification to buff the PVD surface.

If in doubt on any of the washing instructions, cross-check with your Skyra relationship manager.
