### Information

We, "Silicook", are specialists to make solutions of organization and storage for kitchen and houseware. We've made special value on normal life through the lively story and contents about the various way of usage of our items from the interaction with our customer.

Founded in 2005, We've interpreted refrigerator as the place which is needed to be organized. With this idea, we've grown up to Korea No.1 manufacturer of fridge storage container. What our customers need is our field we keep research and challenge.

We believe the well organized home can make people more comfortable and delighted, so we'll keep research and development to organize our home much better than before.

We are a manufacturer and seller at the same time. You can find our products online, home shopping channel and offline market.

Thank you,

# PORTABLE BAGGAGE COMPRESSOR

## Product features

- It is small and light enough to put in your pocket.
- It easily compresses your stuffs creating up extra space which gives you chance to buy more and pack more.
- Compressed stuffs will help you pack up others much easier and quicker
- Quick and easy to use this : Just Connect and Power on

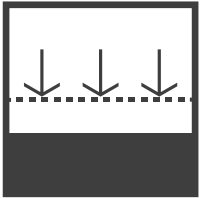

## Size

COMPRESSOR : 73.5X36mm	
BAG L	400X600mm
BAG M	500X700mm
BAG S	700X1000mm

**BAGGAGE COMPRESSOR can compress soft items automatically and give you extra space in your luggage.**

**All you have to do is CONNECT and POWER ON!**

## —KEY BENEFITS—

### COMPRESSIBLE

It compresses soft items to get more space!

### EASY

It's very easy to use with just 3 steps.

### SMALL

It's only 73.5mm long.  
Enough to put in your pocket.

### SMART

It detects pressure and is able to automatically stop.

### CLEAN

It keeps smelly clothes in a vacuum to minimize eliminate odor and bacteria.

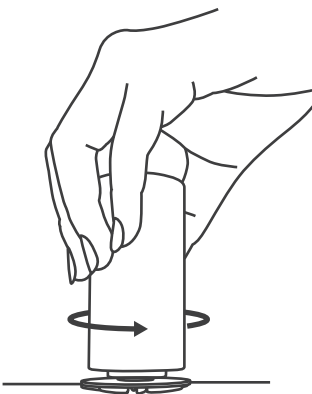

### QUICK

It takes only 5 minutes to compress vacuum bag.

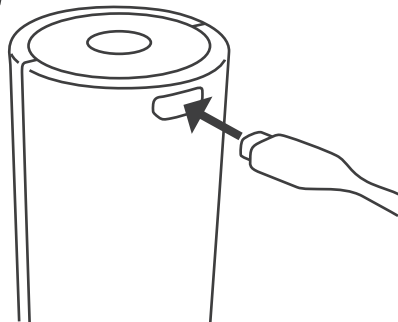

## —EASY TO USE—

①

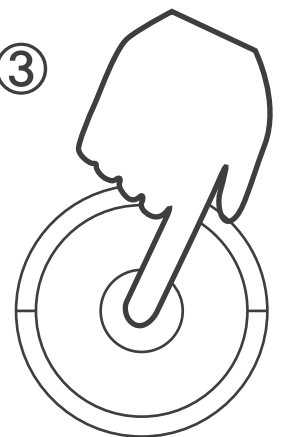

Screw on baggage compressor

②

Plug in power

③

Push the button

# Pick Me!

## POLY BAG DISPENSER

### Product features

- It is case for plastic bag, zipper bag and more.
- You can use any dead space as the place for PICK ME
- PICK ME gives unity to the unorganized kitchen with various sizes and shapes of poly bag

SIZE:280X130X35mm

# GLASS CONTAINER & GLASS WATER BOTTLE

## Product features

### Glass Container

- Easy open & close glass container
- Airtight jar
- Pure and clean glass container helps you easily see inside of it
- No harmful material included
- Stainless handle adopted

### Glass Water Bottle

- Automatic cap is opened when you pour water out of inside
- You can pour water in any directions.
- Pure and clean glass container helps you easily see inside of it
- No harmful material included
