

ambar:

A close-up, slightly blurred photograph of a globe showing a map of Europe and North Africa. The map is color-coded by country and includes labels for major cities and geographical features. The word 'EUROPA' is prominent in the upper center, and 'DESERTO DO SAARA' is visible in the lower center. The globe is resting on a surface, and a small metal ring is visible on the right side.

HISTORY

Founded in 1939, in Portugal.

Ambar has always been a forward-looking enterprise, with deep experience in the paper development and transformation business.

All articles were, very early, recognized for its quality, innovation and the eclectic range they're inserted in - from office and school supplies, to gifts and educational toys.

school

school supplies, writing instruments, backpacks,
bags, lunch bags, folders and dossiers, notebooks

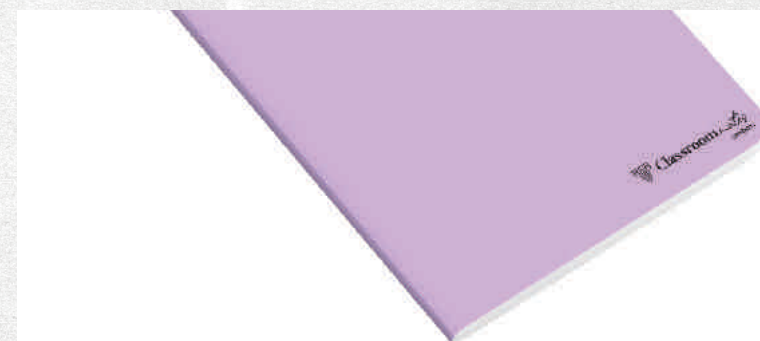

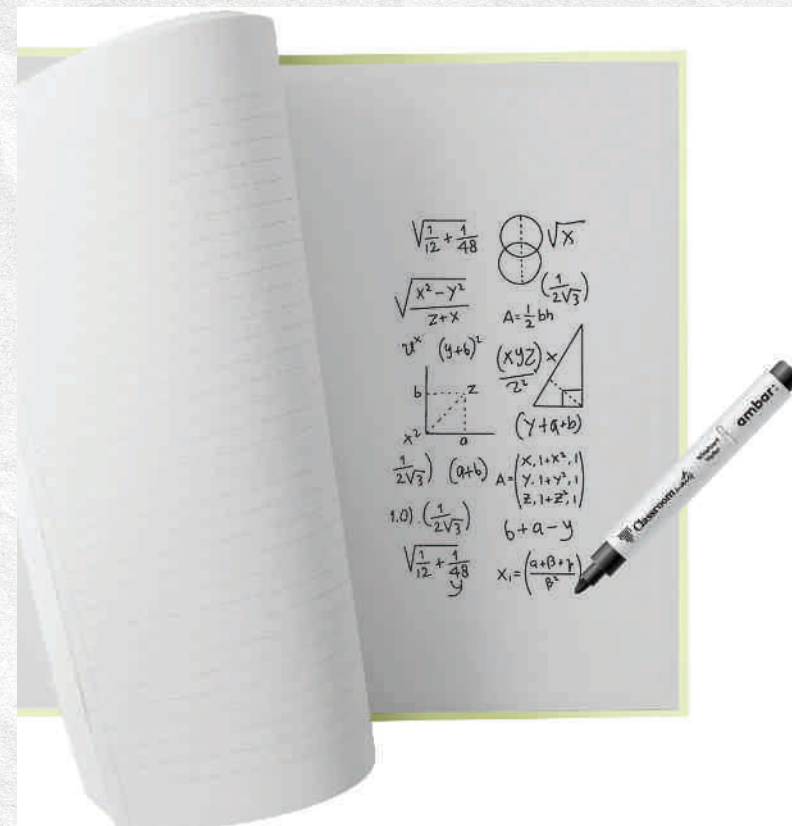

PREMIUM PERMANENT COLLECTION

 **Classroom** *mates*
ambar:

With heavier paper, sustainable raw materials and by reducing the number of sheets, this line reflects ambar's main focus on sustainability.

It features two erasable pages where you can write using a permanent marker that comes with the notebook

All products are FSC certified.
