A decorative tassel garland is shown against a plain white background. The garland consists of a thin white cord with tassels of various colors: orange, pink, purple, teal, and green. The tassels are arranged in a repeating pattern along the cord, which is hung in a U-shape. The tassels are made of a fringed material, likely cotton or wool, and have a soft, textured appearance. The colors are vibrant and distinct, creating a cheerful and festive look.

A decorative string of colorful tassels hanging diagonally across the frame. The tassels are in shades of teal, orange, pink, and purple, and are attached to a thin, light-colored cord. The background is a plain, light-colored surface.
