Tableware

David Mellor stainless steel tableware

Elegant new stainless steel tableware with a purist design quality. Drawing on the company's fine tradition of metalwork design, these tea pots, cafetières, sugar pots, creamers, toast racks, coffee scoops and trays are superbly made in stainless steel with a high polish finish. Handles are available in a choice of two finishes. Each item is marked David Mellor and supplied boxed.

David Mellor fine bone china

Our comprehensive collection of classic white china has been specially developed to complement the famous David Mellor cutlery. Corin Mellor's elegant shapes have a beautiful modernity and the 50% bone ash body gives it a unique combination of translucence and strength. Each piece is back-stamped David Mellor in a subtle shade of grey.

David Mellor 'Deco' fine bone china

For the first time in more than a decade, Corin Mellor has designed a new range of fine bone china, to add a touch of variety to the original classic white. Called 'Deco' – a nod to the art-deco of the 1930s that inspired it – the new pattern perfectly complements the existing range, which was launched to great acclaim in 2009.

David Mellor children's cutlery and tableware sets

David Mellor's popular children's cutlery set was introduced in 1975 and is just as well made as our adult cutlery. The recently introduced 3-piece tableware set is made in the same vibrant colours in robustly child-sized porcelain. Each item has been carefully designed to function well for children just beginning to eat independently. Both sets are supplied in colourful purpose-designed gift boxes.

David Mellor British Standard mugs and espresso cups

The British Colour Council was founded in 1931 in an attempt to standardise colours in use by government and industry throughout the UK. We have gone back to the 1950s British Standard colours for our collection of fine bone china mugs and espresso cups. Designed by Corin Mellor, each mug and cup has a wonderfully evocative period colour name and colour-coded back stamp.
