CERAMIC COLLECTION

ANIA DESIGN STUDIO

We are a Danish based design studio who creatively works with home interior products and art direction.

Our sources of inspiration are the Nordic design legacy, simplicity and strong graphic lines and shapes. We also have a strong passion for high quality and good craftsmanship.

With our product we aim to create a sculptural and pure style that will provide joy for the modern home owner for many years to come. Our materials, shapes and colour scheme are based on the expressions of Mother Nature and the basic principle 'less is more'.

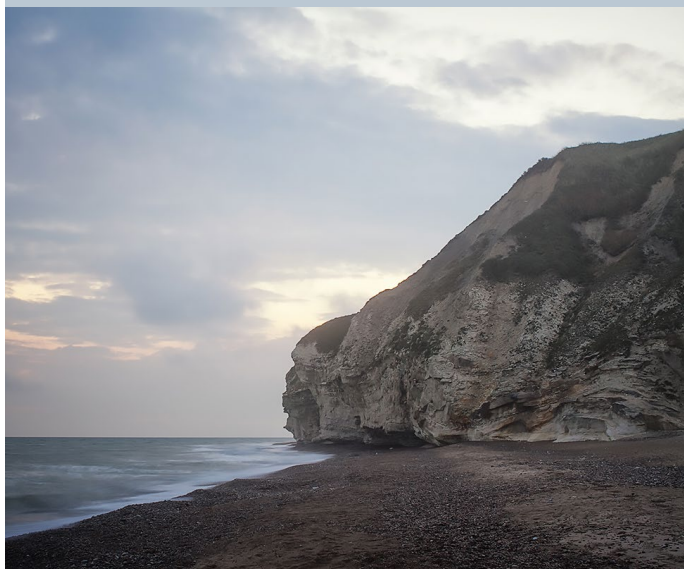

All products are made in Europe in close co-operation with carefully selected suppliers, who can ensure the best quality and finish.

Our work is inspired by the colors
and textures in the Danish nature.

Light grey with burned brown dots // matte

Dark grey with dots // matte

White with burned brown dots // matte

Light grey // matte

Light sand // engobe

Burned brown // engobe

Glaze: All glazes are matte.

Engobe: The products with engobe treatment has a raw surface with a little structure.

The ceramic products may have slight variations in shape and colour. That is part of the charm of quality craftsmanship.

The product is food-grade approved.

The product is not microwave, oven or freezer proof.

To allow the ceramic products to breathe, please store and dry them upside down, otherwise they may give off moisture because of water absorption.

Our ceramic vases are partly handmade and also glazed by hand. This means that they can not be guaranteed 100% waterproof. Therefore do not place the vase directly on fragile surfaces that can not withstand water or moisture. To avoid stains from condensed water, we recommend that you attach stick-on floor protectors to vases and flowerpots.
