

# Mellow

ID Fine

The Mellow collection is perfect for the HoReCa industry with its elegant design and durable construction. Mellow's standout is its beautiful green reactive polish that adds a pop of color to any table. The glaze reacts with the heat of the food, creating a unique, rusted effect that is sure to impress your guests.

Mellow not only adds visual appeal to your table presentations, it is also practical and functional. Porcelain material is scratch and stain resistant. It makes it perfect for everyday use in a busy restaurant or catering environment.
