It quite simple to create you very own dining concept with a variety of colors, patterns and shapes of ID Fine products. You are pretty free on how to do it; yet here is our suggestion for choosing:

Pick your color

Pick your color

All colors in ID Fine collections were chosen to embrace the presentation. What's left to you is to select your base color among brown, blue, gray or geometrical options.

Pick the flat plate

Pick the flat plate

As flat plate is always the base element of the concepts. You will build your concept around this piece.

Pick the deep plate

Pick the deep plate

You can choose pasta plate, deep plate and the bowls which you can find on the very same page of your flat plate choice. This way, we make it easy for you to decide.

One last step to finalize your concept

One last step to finalize your concept

Pick the platters you will use for sharing concepts, meze and tapas presentations. Again, you will find these on the same page of the flat plate choice.
