# About the Company

**WOODINSPIRATIONS CRAFTS** is a micro enterprise legally established in 2002 by housewife Bles Pascual and husband Engr. Glenn Pascual. It is geographically located in Santa Ignacia, a second-class municipality in the largely agricultural province Tarlac.

**WE EMPLOY** local farmers who are off harvesting and planting seasons, women, and persons with disabilities.

# About the Company

**OUR MATERIALS** are sustainable, made of recycled wood, bamboo and coconut shells. We make sure that our crafts are not made from wood that's been cut for single use. We also source locally, for the benefit of our province and the environment too.

**OUR DESIGNS** are locally developed, with a keen understanding of raw materials. We also consider proper utilization of even the smallest parts, so barely anything goes to waste.

# About the Company

**OUR PRODUCTS** range from gifts, souvenirs, awards and home & office décor. All handmade, with heart.

Among **OUR CLIENTELE** are local entities including government agencies, non-government organizations, private clubs and organizations, educational institutions, financial institutions, exporters, importers, and also individuals who need anything among our wide array of products for their own purpose.

# About the Company

**WOODINSPIRATIONS CRAFTS** is recognized as a legal entity by the Philippine government, is registered with the Department of Trade and Industry and the Bureau of Internal Revenue.

We have participated in tradefairs and exhibits of the local and international kinds, from Likha ng Central Luzon, Manila FAME, IFFT Tokyo by Messe, China-ASEAN Expo, and Ambiente by Messe.
