QUI SOMMES NOUS ?

Who are we?

Bonjour !

Nous sommes Baptiste et Céline les créateurs d'Alaskan MAKER.

Juste après nos études d'ingénieur, nous nous installons en Indonésie pour travailler dans la production. Après dix belles années nous décidons de rentrer en France pour créer un projet qui allie nos passions : design, production, créativité et entrepreneuriat.

Nous avons alors l'idée un peu folle de lancer une marque dont le produit emblématique serait le tablier. Un produit basique mais iconique pour nous, adeptes du Do It Yourself.

Nous lançons notre première campagne de crowdfunding sur Ulule en 2017. Le pari de moderniser le tablier est un vrai succès, la marque Alaskan Maker est née !

Depuis, de nombreux produits ont vu le jour, nous avons réalisé avec succès deux autres crowdfunding sur Ulule et l'équipe s'est agrandie, accueillant maintenant une dizaine de personnes. Parés pour de nouvelles aventures !

Hello!

We are Céline & Baptiste, founders of Alaskan MAKER.

Shortly after our engineering studies, we moved to Indonesia to work in a production factory. After 10 nice years we decided to come back to France to create a project that matches our passions: design, production, creativity and entrepreneurship.

We then had the crazy idea of launching a brand whose emblematic product would be the apron. A basic product but iconic for us, true DIY enthusiasts.

We launched our first crowdfunding campaign on Ulule in 2017. Our bet to modernize the apron was a real success and Alaskan Maker was born!

Since then, many other products were born, we have successfully carried out two other fundraisings on Ulule and the team has grown to welcome about ten persons. Ready for new adventures!

L'ADN Alaskan MAKER

Alaskan

Parce que nous avons puisé notre inspiration dans le Nord-Ouest américain pour créer cette marque. Un voyage au bout du monde de 5.000 miles pour trouver la nature brute. Une authenticité que l'on retrouve dans le choix des matières et le style des produits Alaskan MAKER. Pour l'espace d'un instant ressentir la liberté des trappeurs et des bûcherons d'antan !

Because we drew our inspiration from the American North West to create this brand. A trip to the end of the world of 5,000 miles to find raw nature. An authenticity found in the choice of materials and style of Alaskan MAKER products. For a few moments, feel the freedom of the trappers and lumberjacks of yesteryear!

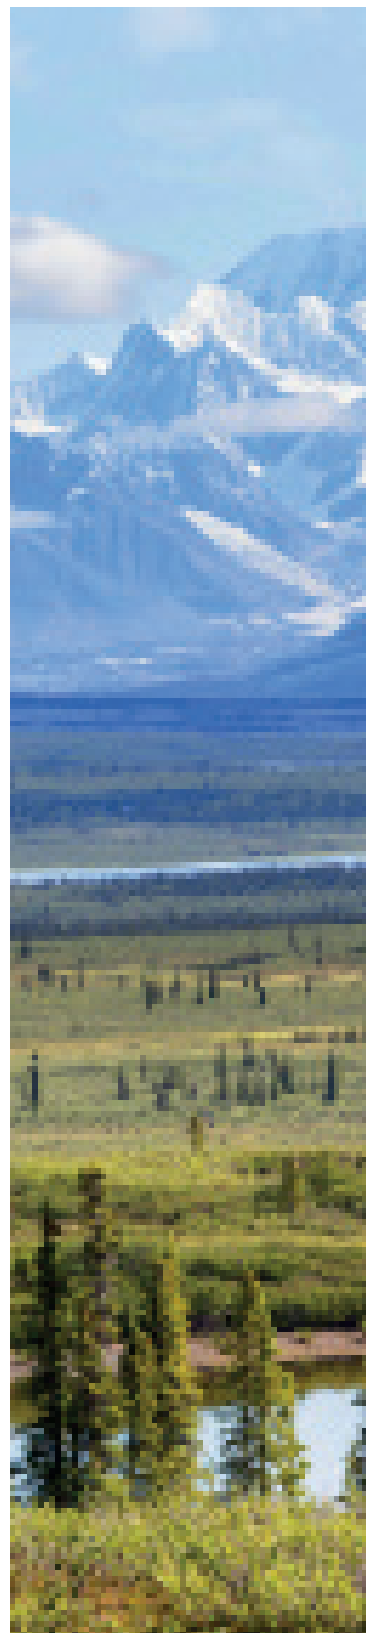

MAKER

Parce qu'ils sont l'inspiration de cette marque. Pour les rendre fiers de leurs réalisations, petites et grandes, réussies ou en devenir. Parce que ce projet nous l'avons construit avec nos mains : le site web, la photographie, le design des produits et les prototypes. Se positionner en maker 2.0 de la création d'entreprise nous passionne !

Because they are the inspiration of this brand. To make them proud of their achievements, big and small, successful or in the making. And also because we built this project with our hands, we chose to do everything ourselves. Website, photography, logo, graphic charter, SEO, product design and prototypes. Positioning ourselves as 2.0 makers of business creation makes us very happy.

Les matières Alaskan MAKER

Une toile waxée a subi une ultime opération lors de sa fabrication : la saturation en cire. Cette cire protège mieux la toile d'éventuelles taches qu'une toile classique. Cette toile plus lourde et plus rigide en raison de la cire donne à l'accessoire tout son caractère. Cette toile est facile d'entretien et agréable au toucher. Comme le cuir, le vêtement en toile waxée se patine avec le temps et donne au tissu un aspect vintage très tendance.

A waxed canvas went through a final step: wax saturation. The wax protects the canvas better from possible stains than a conventional canvas. This canvas, which is heavier and more rigid due to the wax, gives the apron an easy-care finish and is pleasant to touch. The waxed canvas and leather will age beautifully over time.

BRETELLES CROISÉES DANS LE DOS

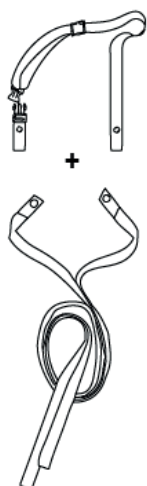

Crossback straps system

Les lanières croisées dans le dos apportent un confort maximal pour les personnes qui portent leur tablier toute la journée ou qui sont sensibles au poids d'un tour de cou classique.

The crossed back straps provide maximum comfort for people who wear aprons all day or who are sensitive to the weight of a classic neck strap.

TOUR DE COU ET LIENS A NOUER

Neck strap & back strap

Tour de cou ajustable. Cuir véritable doublé d'une sangle en coton pour un confort maximal. Liens à nouer cuir véritable + sangle en coton. Bouton pression déclipable en laiton pour le passage du tablier en machine.

Adjustable neck strap. Genuine leather lined with a cotton strap for maximum comfort. Ties to tie genuine leather + cotton strap. Unclip snap button in brass for the passage of the apron in the machine.
