DUO

Resonance of a double curve, highlighted by matt & gloss textures.

Contrast, created by the play of large & small curves & volumes.

Voluptuous, like a "Boterp" sculpture. Intemporal,
charming & whimsical; DUO, is the most sculptural of forms.

MONDO

The light & shadows of nature at play; engaging aesthetics with timeless serenity.

Mondo is the contrast of the flatness of form versus the light & shadow created by the radiant lines.

The optics of the shadow play is the minimalist's form of decoration in porcelain.

The sparseness of the embossing working the harmony with the simplicity of the shape creates
an intellectual & esthetic elegance

PRESIDIO

Natural curves inspired by the simple elegance of Spanish architecture.

A masculine shape emphasizing a durable yet functional design.

A sense of modern movement; fusion of the old and new world.

Inspired by “El Siglo de Oro” or Spain’s Golden age which lasted from 1492 – 1659.

It was height of Spain’s power.

An era of discovery & fusion as Spain’s colonization of the New World reached its apex.

Thin rimmed design centered on a superior thumb lock serving grip.
