

Aurora

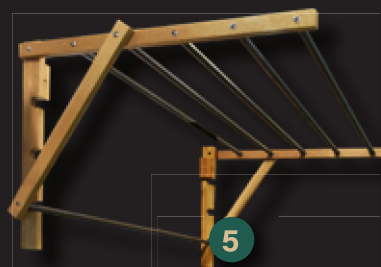

collection

Aurora

collection

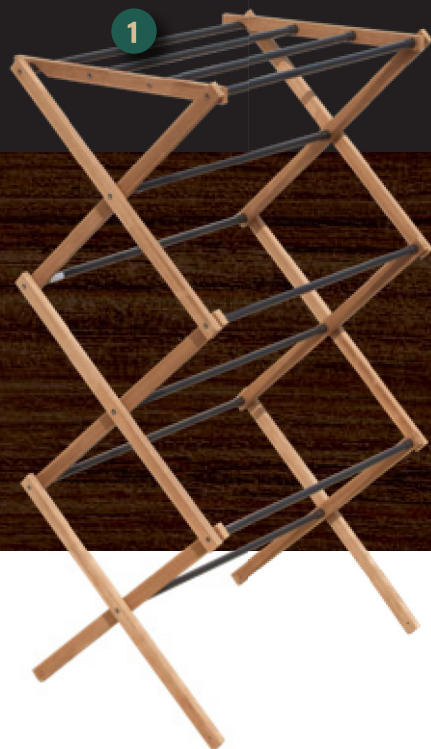

The Aurora collection is environmentally friendly clothes dryers made of wood and steel. For the production of all models of the Aurora series, technology has been used that preserves wood without the use of chemicals. These dryers are ecological and have a long service life because spare parts are available for them.

Aurora Dryer

5901583508158

Aurora dryer impresses with its design and compactness. It has an intuitive and easy-to-use folding system. It is lightweight, made of natural raw materials and eco-friendly. The dryer uses thick, durable rods - each rod has a permissible load of 2kg. Aurora is a dryer ideal for the most demanding customers.

Aurora laundry basket

5901583509285

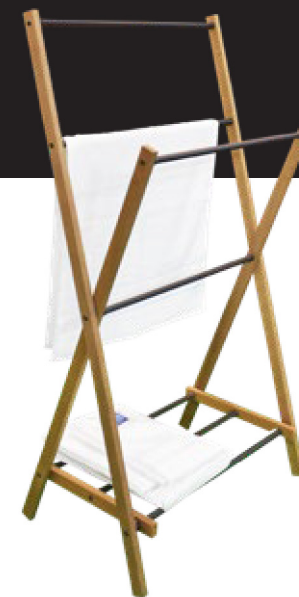

Looking for a stylish laundry basket that will fit into any interior? The Aurora model is for you! The combination of certified ash wood, steel and thick, elegant material is perfect for any bathroom. Aurora laundry basket is roomy, durable and modern.

Aurora towel rack

5901583508813

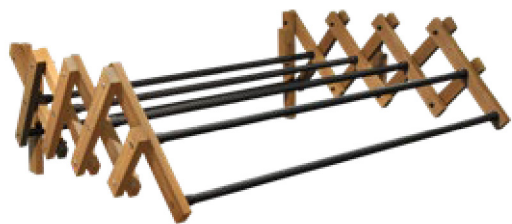

Elegant, compact, multifunctional and equipped with locks that prevent self-folding, the Aurora towel rack will work well in any bathroom. Like every product from the Aurora line, it is made with attention to detail, designer and eco-friendly.

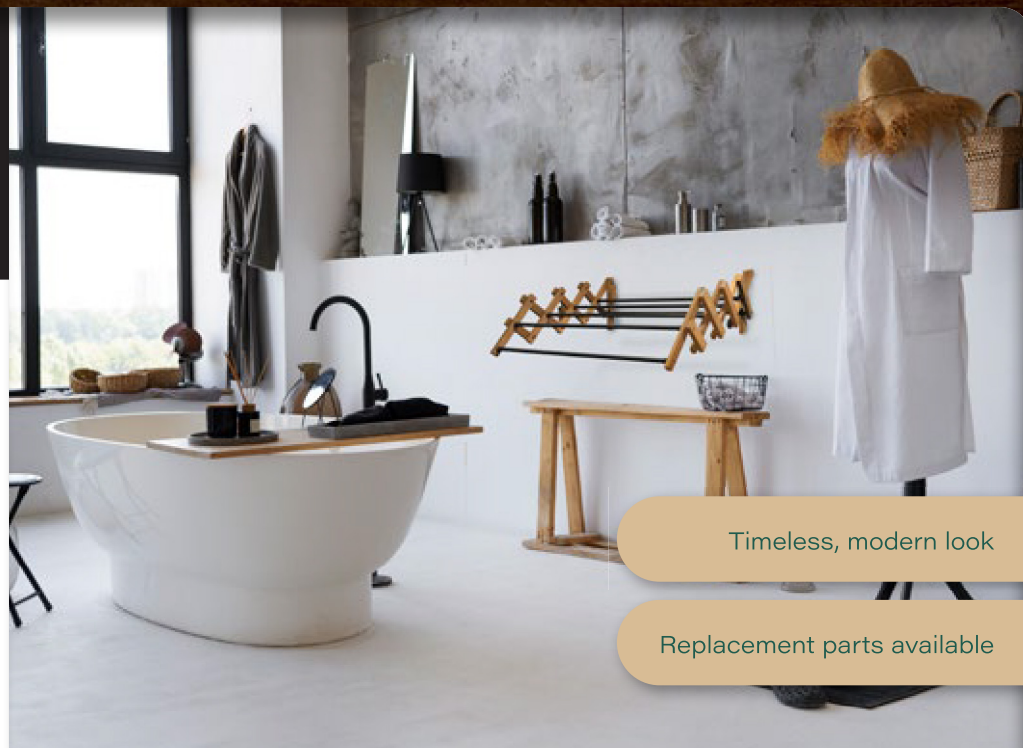

Aurora accordion dryer

5901583509261

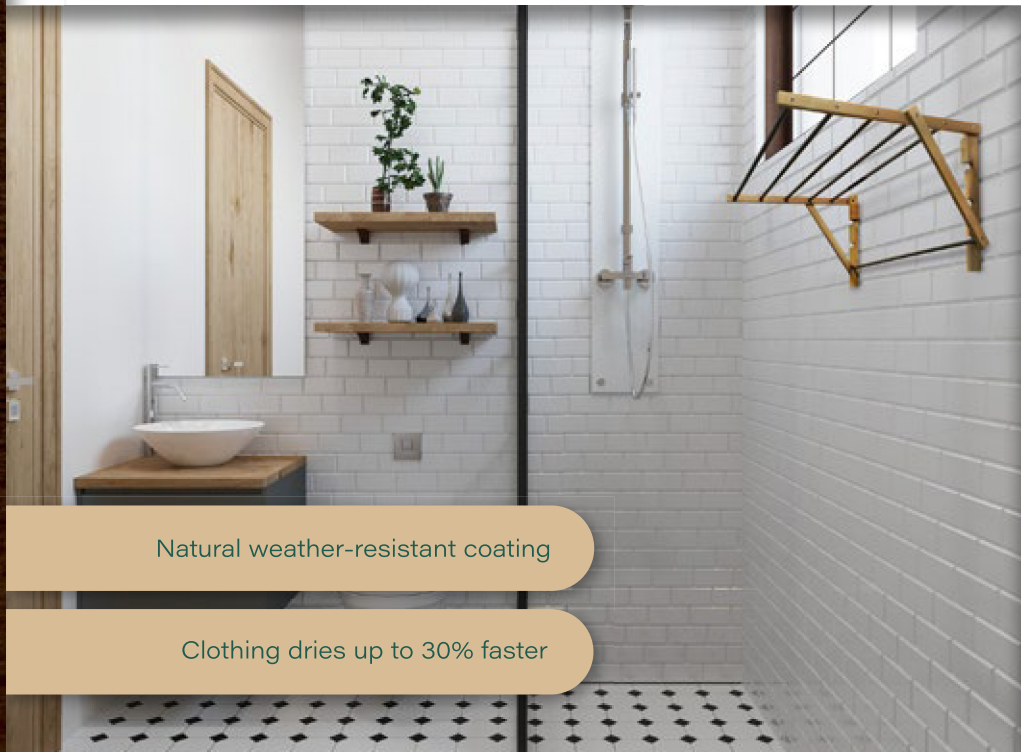

The combination of steel and wood gives the Aurora accordion dryer a timeless look, but also makes the model 100% recyclable. The accordion version will work well in small rooms. This model fits many interiors, and takes up little space when folded.

Timeless, modern look

Replacement parts available

Natural weather-resistant coating

Clothing dries up to 30% faster

Aurora Wall Dryer

5901583509278

In Aurora dryers we used rods with a diameter of 14 mm, coated with a natural coating, which is safe for your laundry and resistant to the sun or moisture. As many as 3 drying levels are available in the wall model, you can adjust the level to your needs.

Spare parts available

We also provide a 2-year warranty against manufacturer's defects. However, if your dryer is damaged due to mechanical or other damage, you can buy each element and replace it yourself with a new one.
