# OUR HISTORY

Ambientair started off with the goal of becoming a leading company in manufacture, sale and distribution of the **best aromatic products** for home.

Since 1997, our history is marked by dynamism, flexibility and constant adaptation to the market. We have been able to adapt to each customer and its style without losing our essence. We have always been faithful to our **quality standards** and we know how to identify the consumer needs to achieve our goals we are in a constant evolving process. We seek innovation in our field. We examine the market and we work hard to offer our customers products that really meet their expectations.

square metres

# INTERNATIONAL VOCATION

# COMMITTED TO QUALITY

In Ambientair we make sure all our suppliers are approved and have quality certificates, just as we are **certified to ISO 9001: 2015**.

Our waste management is designed according to the **Environmental Management and Protection (EMP)** and all our plastic, paper and glass is recycled.

None of our fragrances have been tested on animals and all of them meet the **criteria of the International Fragrance Association (IFRA)**.

Moreover, every label complies the **CLP Regulation** that guarantees clear communication by classifying chemical substances to consumers.

Our products meet the standards of the **European Union Regulation (REACH)** which aims to improve the protection of human health and the environment through the better and earlier identification of the intrinsic properties of chemical substance.

# ENVIRONMENTAL RESPONSIBILITY

We also are part of **Ecoembes**, an independent waste management organization that promotes environment protection through recycling and eco-design. We are responsible for the right management of household packaging we put on the market by being affiliated to its **Integrated Management System (IMS)** or to a **Deposit Return System**.

The wood used in our lids comes from sustainable forests and therefore follow the **Programme for the Endorsement of Forest Certification (PEFC)** which manage world's forests in a sustainable way.

100% vegetal waxes: sustainably grown palm, soya wax, coconut wax...

**No paraffin**, no hydrocarbons or petroleum derivatives.

**Cruelty Free**: no animal testing.

**Vegan**: no ingredients of animal origin.

**100% biodegradable**: when the candles and mikados are finished, all the elements are recyclable.

# OUR COSTUMERS

Our brand stands out both in Spain and abroad: we supply to many countries generating a large volume of exportations. This has been possible thanks to strategic alliances, the creation of subsidiaries and the introduction of our production facilities.
