

Enjoy the Future.

Creating your future enjoyment.

Our Corporate Philosophy

- The creation of a better future and the forging of new paths to innovative enterprises.
- Making our careers our hobby, and evolving continuously as a company.
- Taking a proactive approach to environmental issues.
- Ensuring the happiness of our employees and contributing to society.

Our Services

1. Your one-stop supplier for plastic goods- from design and drafting to sales.
2. Provider of a wide range of merchandise that suits our customers' needs.
3. Systemized import and export via our international locations and cooperating factories.
4. The development of new and diverse enterprises.

International business development

Development

We begin by gathering information- whether about consumer habits, new technology or new materials- then plan, develop, and design products that meet the needs of customers.

Sales

Drawing on a wealth of knowledge, our sales teams respond effortlessly to our customers' requests, doing our utmost to deliver products that exceed their expectations.

Production

Thanks to the convenient locations of our 5 factories situated throughout Japan, we are able to provide even small lots on very short lead time. We plan our production schedule to meet our customers' needs.

Logistics

By utilizing our warehouses located within a 500km radius of Japan' s major metropolitan area, we have developed a logistics network that allows us to provide speedy and cost efficient service.

International business development

We actively search for and enter new markets, both as a supplier and as a customer, and develop new and diverse businesses and enterprises.

SPEED AND FLEXIBILITY

Our experienced team provides you with high quality products with speed.

PRODUCT VARIATION

Our very experienced engineers can transform your ideas into successful products with your target quality and price.

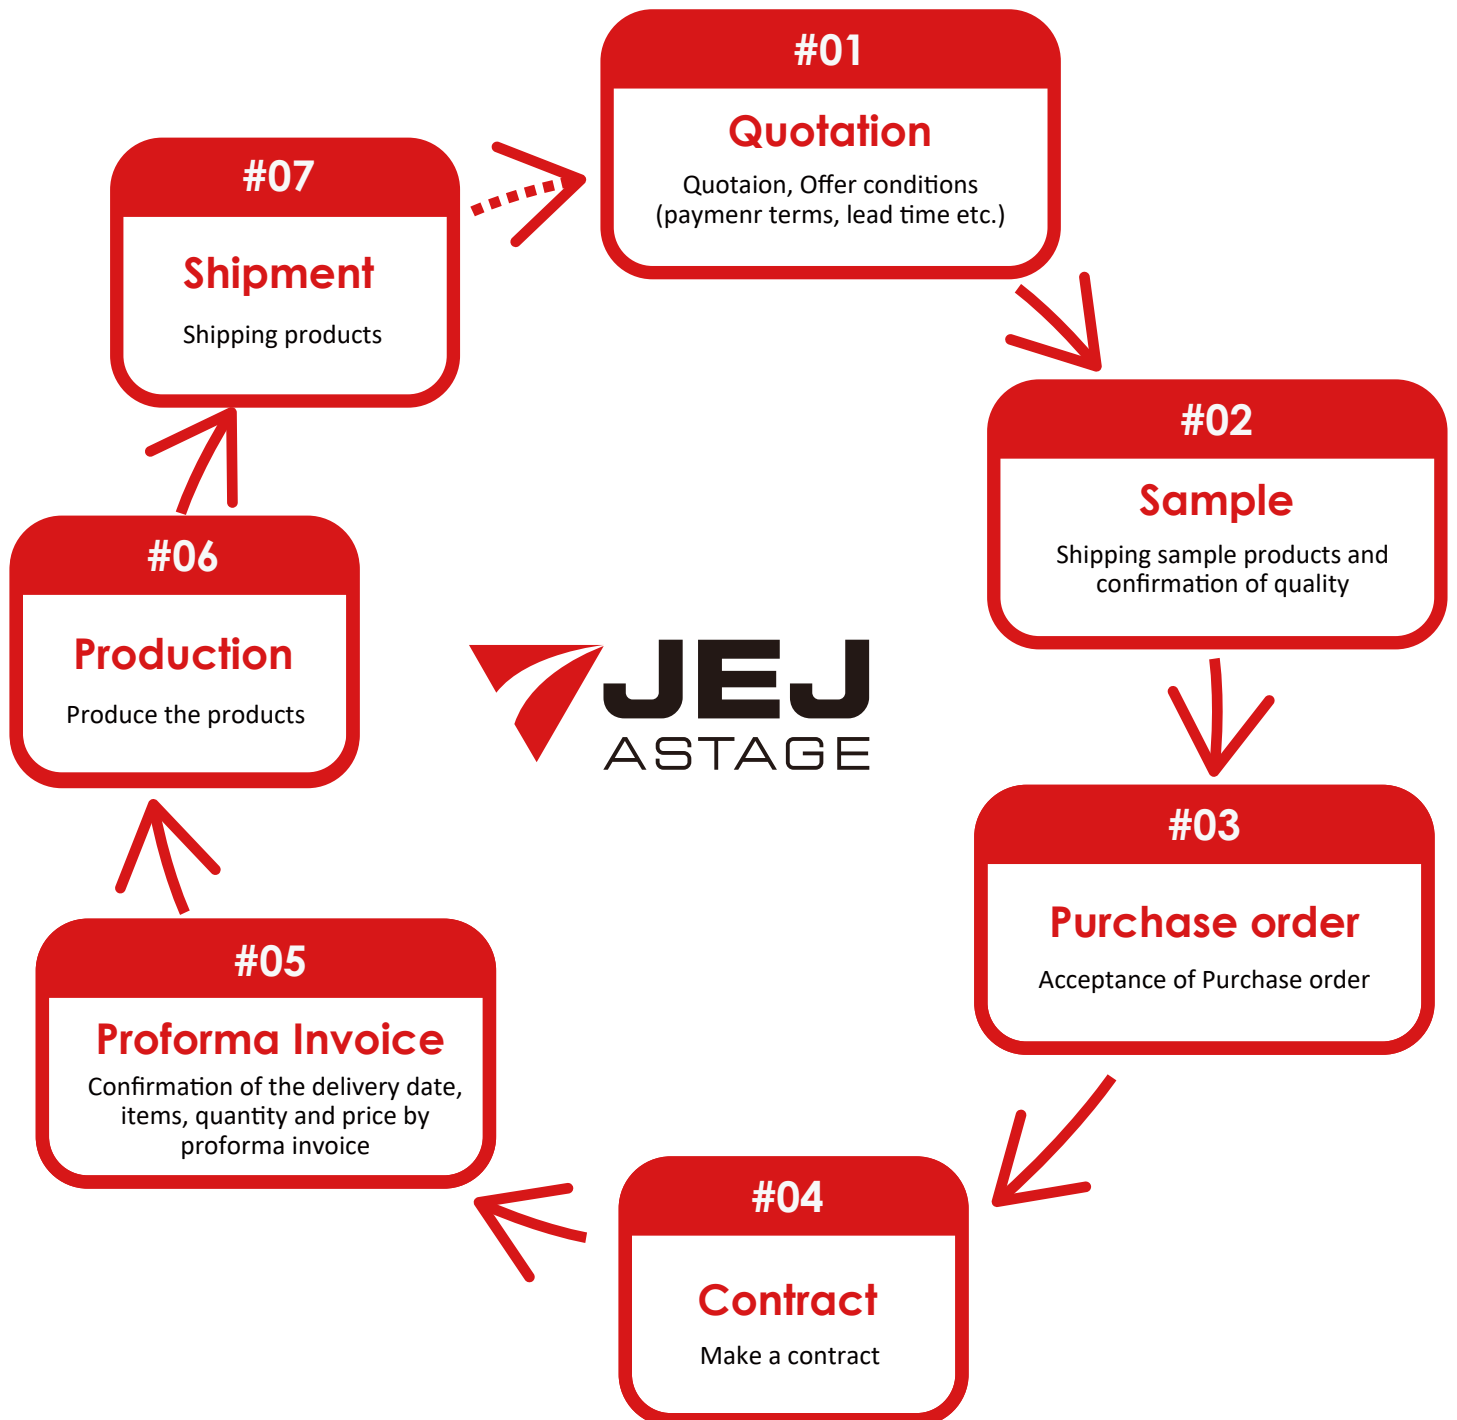

ON-TIME DELIVERY

Production is monitored and operated under one online operating system. Always ready for any backups for securing on-time delivering for your orders.
