Founded in 2013, we are a Viet Nam-based manufacturer specializing in handicrafts from local natural materials. Our mission is to contribute positively to our local community while delivering quality handicraft products to our customers at reasonable prices.

With 10 years experience, we have established strong connections with our local artisans and small workshops, which enables us to provide a wide variety of products that keep up with evolving market demands.

In 2020, we built our first factory and we got our BSCI certified in 2022. Having our own factory help us better control our process to shorten lead time, and bring down the cost effectively. Good products shouldn't be costly!

At Artex Nam An, we value integrity, fairness, innovation and creativity.
