Founded in 2013, we are a Viet Nam-based manufacturer specializing in handicrafts from local natural materials. Our mission is to contribute positively to our local community while delivering quality handicraft products to our customers at reasonable prices.

Starting as a Trading company, we've since grown to own two manufacturing facilities nestled in the vibrant northern region of Vietnam. Equipped with these facilities, we can produce a wide variety of products that keep up with evolving market demands. Our product range includes (but is not limited to) items for home storage & organization, planters, home decor, lighting, pet accessories, kitchenware, baby & kids, and more.

Our diverse market presence reflects the global appreciation and demand for our products. 37% of our export value comes from North America, followed by Oceania at 30%, Europe at 23%, and the remaining comes from Asia and other regions across the globe.

At Artex Nam An, we strive to blend traditional craftsmanship with modern techniques to maintain the products' quality while shortening production lead time
