NATURAL MATERIALS X MONOCHROME

Here and now,
we introduce you our new range of indoor planters made
from the mix of seagrass, water hyacinth and banana bark.
Inspired by the monochrome home decor trend, The
Monochrome Garden evokes a calm feel that works well in
almost all spaces.

Lightweight, easy to lift and move. Even without the iron frame, the stunning pieces still feature a strong structure for long-time usage. We also include plastic inner lining in every model, it's all to ensure planters are well protected from water and dirt. Consumers can easily choose the right planter among our diverse sizes and styles for their greenery.

Patterned seagrass planter

Seagrass | Banana bark

Product overview
