THE ORIGINAL HAND GESTURE CANDLE

CandleHand are unique and expressive hand gesture candles. Each and every candle is handmade, real hand size and real hand texture. It comes packed in a beautiful ready to gift box. We have a gesture for every occasion. CandleHand candle is a great gift and a unique interior statement detail.

CANDLEHAND STORY

I founded CandleHand brand in 2015 after learning the craft of candle making from my dad. I never had an artistic training, but found candle making to be a fun and creative activity that was very different from number based computer sciences that I was studying at that time. I came up with an idea of making gesture shaped candles and it challenged me to take my craftsmanship to the next level. I wanted candles to look as real as possible.

It took me two years from 2013, when the idea was born, to perfect it and launch it to the market. After years of experimentation I am finally pleased as it's only the colour that distinguishes them from a real hand.

After years of work we are very pleased to be now selling CandleHands across the globe.

ABOUT

With fire and wax, we feel in our element. This is why we call our concept candles OOGNIS – meaning 'fire' in Lithuania. We play with wax as kids, craft candles as artists, and think of them as philosophers. We celebrate wax and fire in every step of our creative process.

QUEST FOR UNIQUENESS

Each candle is poured into a unique hand-burnt wooden container for you to enjoy a piece of art in the form of a candle.
