

Oil Dispenser with Brush

2023 Winter

Brand story

ZUUTII was founded in Atlantic Canada in 2019 under Utillife company. Different from the UTILLIFE brand, ZUUTII is focusing on houseware and kitchenware products. Our products use designer creative sensitivity to match our customers needs. ZUUTII is inspired by the everyday necessities we find in our daily lives. We've begun to explore new product ideas by capturing the philosophy of everyday life from work to exercise and the enjoyment of our past -times. We hope that our customers discover the hidden value and creative solutions delivered by Utillife & ZUUTII for your daily enjoyment.

Our global team strives to broaden your senses with artistic product designs. The diversity of our designers enable us to create unique and one of a kind of products that are designed to maximize your experience of beauty and provide essential solutions to your every need. We strive to create a new and inspiring experience for our customers and guarantee a useful product for your everyday lives.

How does it work ?

FOOD-CONTACT GRADE MATERIAL

Zuutii Oil Dispenser with Brush consists of BPA-Free ABS cap, food-grade silicone brush and Lead-free glass, providing you with healthy and safe dining experience. All parts could be disassembled and re-assembled easily for cleaning.

LEAKING-PROOF

For In addition to the high-quality sealing ring, there is also a leaking-proof lock design to ensure maximum sealing. Easy to carry, and perfect for outdoor picnics. Turn the cap for 45°clockwise, it would be locked tightly. And turn the cap anticlockwise gently, it would open.

OUTPUT-CONTROLLED DESIGN

It has a partition at the mouth of the carafe, which could control the quantitative output and avoid waste and overflow by touching the partition with brush gently before taking out to use.

HIGH TEMPERATURE RESISTANT

The brush head is made of platinum silicone, which could withstand up to 230°C. Even if boiled at high temperatures, it will not deform.

- Dishwasher safe
- BPA free

Multifunctional Design

Grip Handle

Equipped with a hanging handle for easy grip and storage.

Dense Embossments

The embossed surface of this board is effective in increasing the friction between board and food, which ensures that food won't slide to a different position during cutting, bringing greater safety to users.

Non-slip Feet

The non-slip feet have strong adsorption force and can keep steady on most smooth surfaces without slipping.

Size Guide

Printed size guide for preparing pastry goes from 80 to 180 mm diameter in the middle, 0 to 30 cm along the long edge, and 0 to 15 cm along the wide edge. Perfect size for baking, which can guide everyone easy to bake

Grinding Area

Built with grinding area for grinding garlic and ginger, convenient and practical.

Deep Juice Groove

The juice groove can effectively catch meat, fruit, or vegetable juice from overflowing. You can keep your work area clean even during the busiest cooking time.

Introducing

Infusion Pitcher

A super-convenient, super-stylish solution for infusing your everyday life with great flavors..

Infusion Pitcher

SAFE MATERIAL

The infusion pitcher is made of BPA-free, lead-free, food-grade plastic, so safe even for kids. Simply load the infuser with fresh ingredients of your choice, place it inside the bottle with your favorite base liquid. Explore endless possibilities for a fun, delicious and healthy lifestyle! .

- Product Materials: AS/PP/ABS/Silicone
- Dimensions of product: 27*9*10.5 cm
- Capacity: 1200 ML
- Hand wash recommended
- BPA free

How dose it work

CREATIVE DESIGN

Turn the cap for 180 °to pour without taking the cap off. Widely used for water, fruit infused water, cold brew iced coffee, iced tea, lemonade, cucumber water, fruit soda, homemade beverages, fruit alcoholic drinks, milk, wine, cocktails, juice and more.

EASY TO USE

It allows to open the lid and fill in the drinks, fruit and herbs instead of taking the entire Infuser out.

The transparent square bottle is easy to grip and comes with a tight silicon seal so you can lay it flat down in the fridge.

DETACHABLE INFUSER

The infuser with its own screw-cap lid is detachable so you may take it out once your drink is infused to your liking and keep it all fresh!

End-grain Design

Durability – End-grain construction not only gives our countertops and cutting boards their good looks , but it also creates a surface that resists gouges and is self healing.

Safety –An end grain working surface is even more effective than other cuts of wood at resisting the penetration of food and odours. This is accomplished by the wood fibres naturally pulling back together after being separated by the knife.
