Design For HoReCa

Our lamps are rechargeable aluminum table lamps designed with HORECA needs in mind. This durable all-weather resistant lamp will light your evening, indoors or out, for up to 9 hours. It features an enclosed cylindrical diffuser projecting maximum direct downlight without glare.

Ideal for your restaurant, café, or even pool-side seating, our light fixtures will set up the atmosphere with up to 3000K light temperature and CRI above 80 making sure all surrounding colors stay in their natural state. We create elegant, long-lasting lamps that deliver exceptional lighting quality, using high-end components that can be easily self-serviced or replaced if necessary.

Table Lamps

Discover a cordless lamp that truly moves with you and can be used in any environment. These lamps combine maximum performance and efficiency with visual comfort.

Effortlessly control the intensity of the direct light with just a touch. The timeless elegance of high technology combined with the freedom to host anywhere.

Ambient Table Lighting

Attract your guests with ambient lighting. Our stylish lanterns will light up the atmosphere in any hosting habitat indoors or out. Made from durable high-quality materials and

Engineered to be water resistant. Our lanterns use a very efficient LED which can last up to 24 hours (Lowest brightness setting) and recharging takes up to 6 hours.

Flameless Candles

Who needs tea lights when there's the LED Moving Flame? With a candle-like flickering "flame" it makes tea lights obsolete - at the touch of a button via remote control. At the same time, it is much more practical, easy to operate by remote control, clean, and safe.

Brand Enhancement Lighting Solutions

More and more bars and restaurants are using this solution of LED cordless lamps. We can see them rising in many hosting places lighting the atmosphere with a functional nomadic solution.

Our cordless lamps are designed to last indoors or out.; they are the new media for your brand, your real state on the table - a Point of consumption.
