Product manufactured by Polisur

A COMPANY AT THE FOREFRONT

Polisur 2000, S.L. began its activity in 1984, and it is today a modern company with extensive national and international activity in the sector of plastic containers molding. We are currently present in Spain and Portugal and export to more than 15 countries.

We are leaders both in manufacturing molded plastic products and in marketing and distribution. With a team of 160 professionals committed to the company's objectives, POLISUR 2000, S.L. is a dynamic organization with a solid financial structure, advanced industrial equipment and an efficient sales network.

Our philosophy relies on continuous development while maintaining our position at the front line of the market, ensuring the highest quality in our products and services, adapting to the needs of each of our clients and, as a consequence, consolidating our share in the current market.

We are certified according to the international standards ISO 9001: 2000, ISO 14001: 2001 and BRC (in design, production and distribution of EPS PET and PP molded products).

RETRO-VINTAGE DESIGN

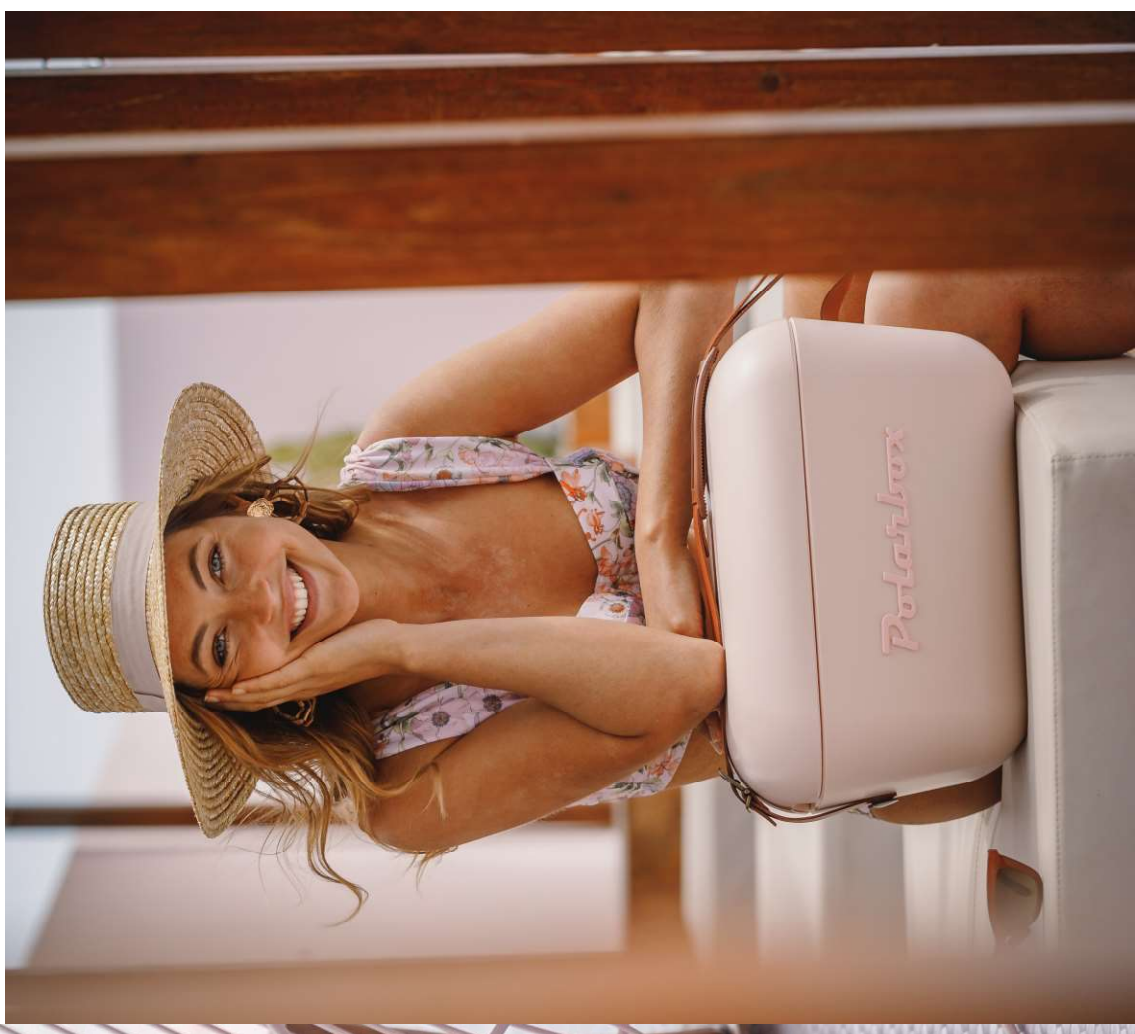

Portable cooler with maximum insulation and attractive Retro-Vintage design available in five colors. An elegant option to maintain your drinks cold with style.
