

# THE ART OF GLASSWARE

# WHO ARE WE?

PYRAMID GLASS IS ONE OF  
THE LARGEST  
GLASSWARE  
PRODUCTION FACTORIES  
IN EGYPT.

---

Since opening its doors in 2009, Pyramid Glass has progressed rapidly over the years to provide some of the best quality products on the international market, making it one of the global leaders in glassware.

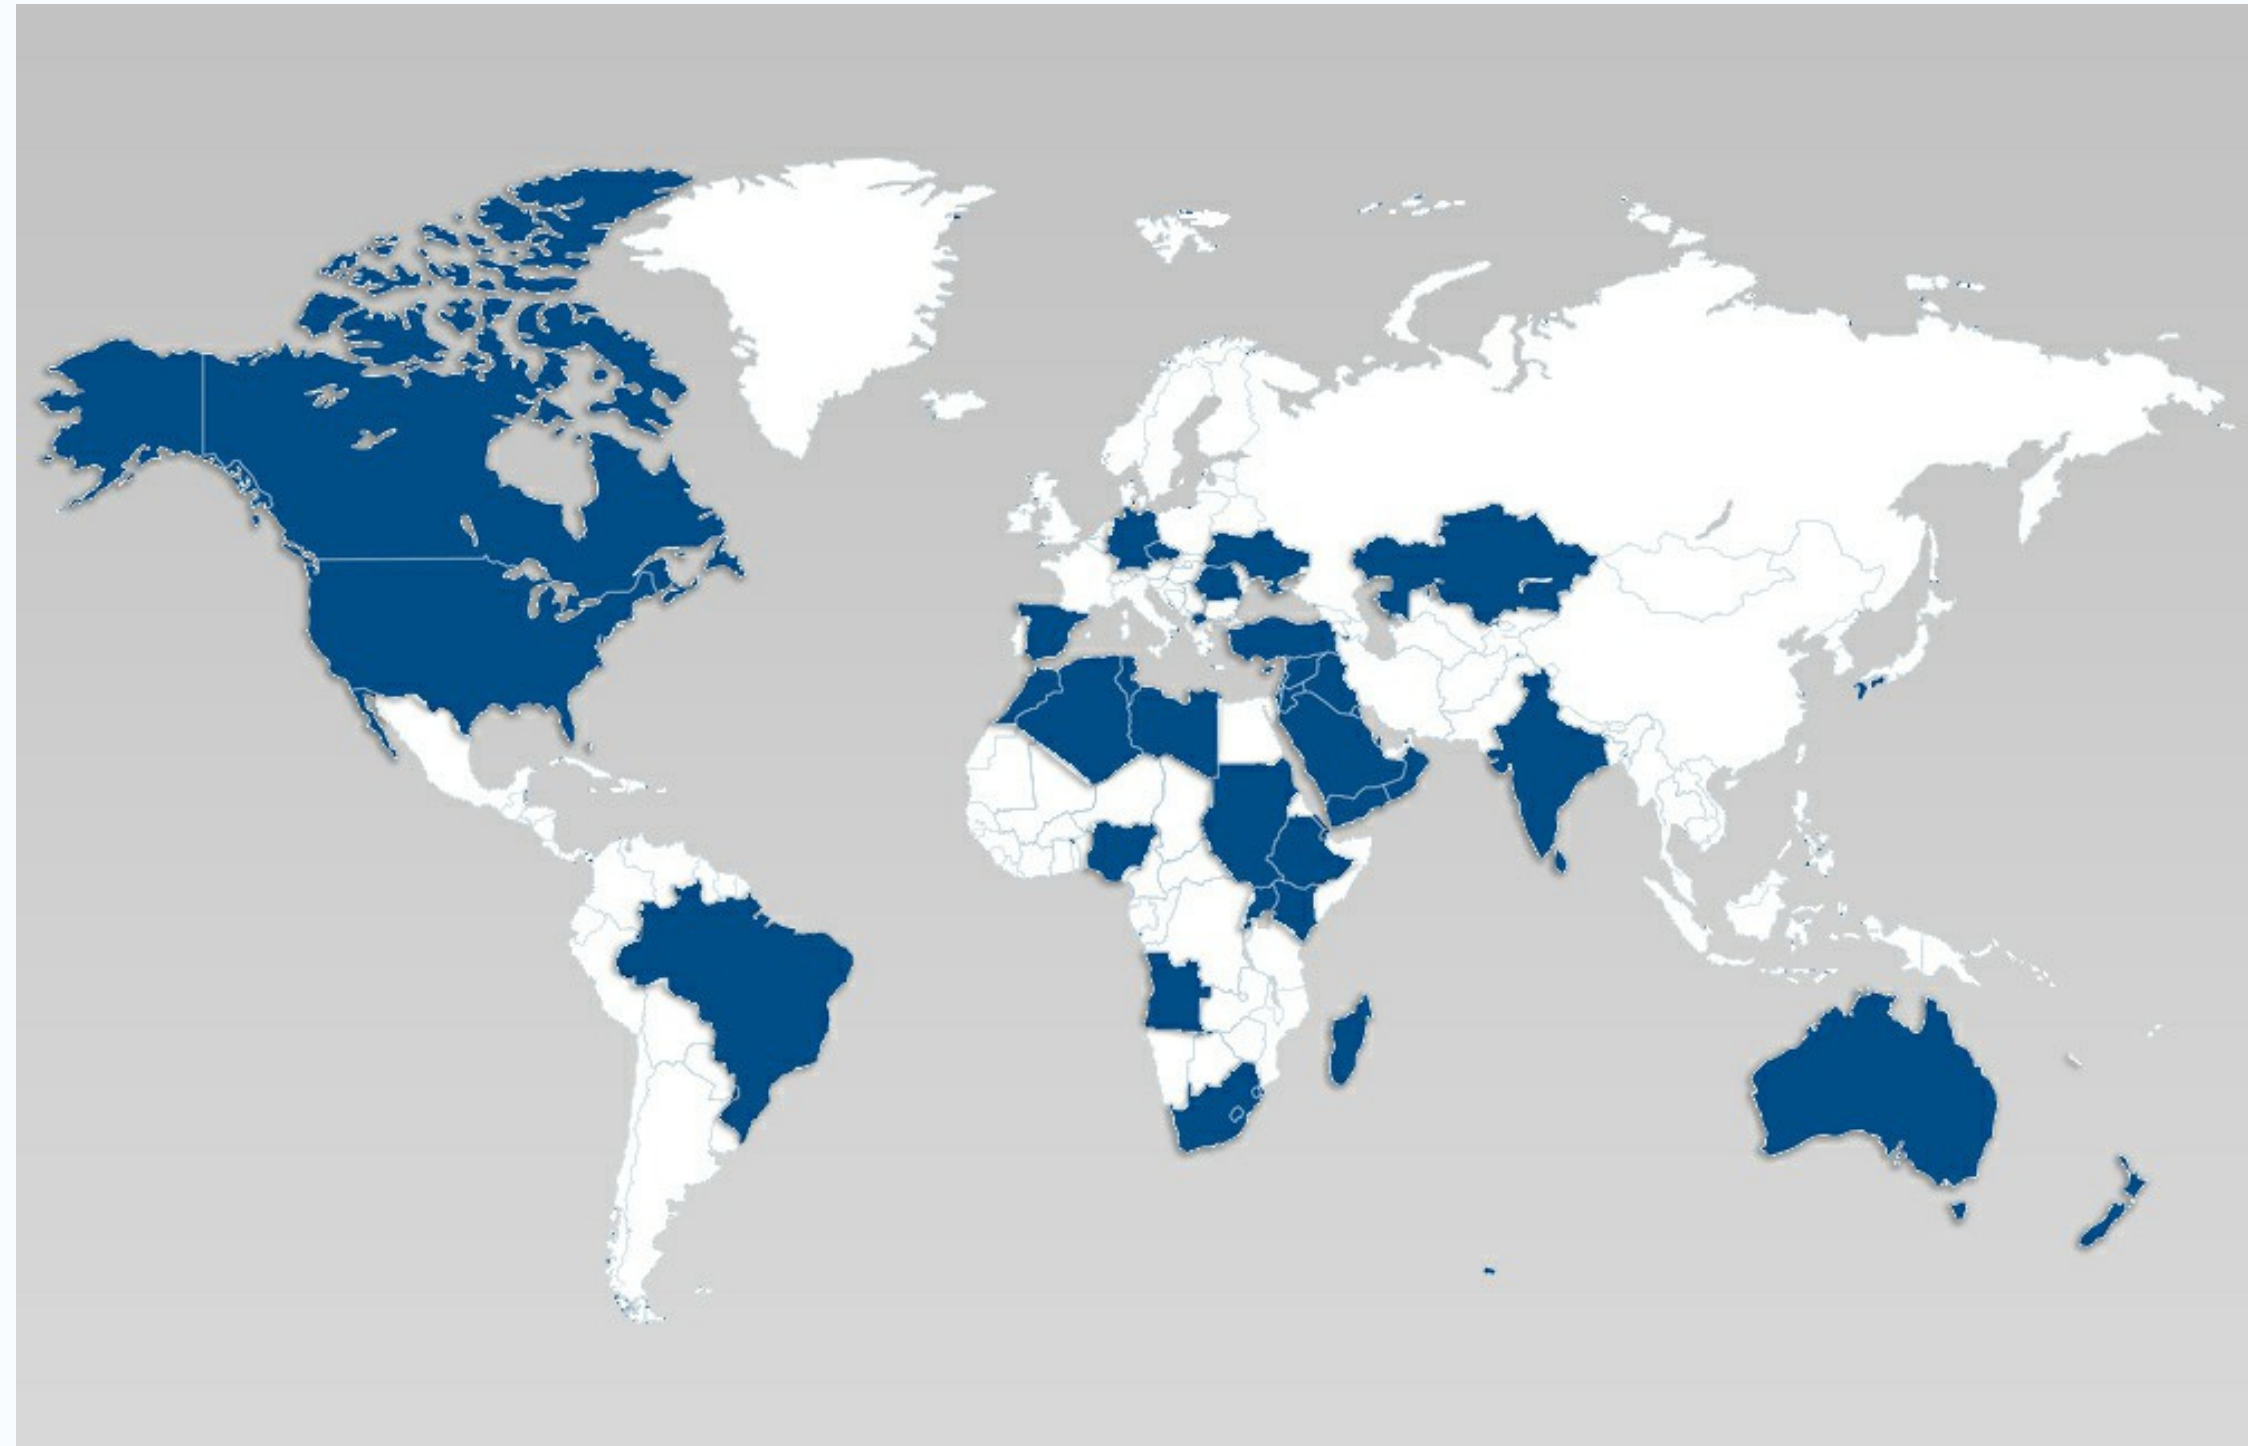

With a 170-ton capacity a day and 12 production lines producing over 300 different products in a growing catalogue, it has become a global force to be reckoned with.

# OUR VISION AND MISSION

## VISION

To not only produce glassware, but to improve and innovate in the production of glassware; improving quality, reliability and satisfaction with our products and the products of the industry in general while keeping the people and environment first.

## MISSION

To continue to add comfort to people's lives and homes by providing the basic necessities for the table while keeping the environment and the safety of all in mind.

# WHAT MAKES US UNIQUE?

## QUALITY

---

Pyramid Glass is well known for maintaining quality control over the past years.

## DISCIPLINE

---

We always maintain discipline whether for quality, inquiries or dates for our clients.

## SATISFACTION

---

Our client's satisfaction remains our top priority. So far, we have managed to serve more than 35 countries without complaints.

## LOCATION

---

Our location makes it easier to distribute to many countries because of Egypt's many trade agreements and strategic location.
