ABOUT TRESUN

Tresun has been focusing on manufacturing, researching and exporting ceramic tableware since 2005. Has 19 years professional ceramic tableware manufacturer .

It is a ceramic enterprise that integrates ceramic product design, research and development, production, and sales. It uses modern management and innovative spirit to continuously improve product art styles to meet the needs of different customers worldwide.

It mainly supplies tableware sets, plates, bowls, and mugs made of materials such as stoneware, porcelain, new bone china, and kaolin. It also provides OEM and ODM services.

A collection of teal-colored stoneware dishes and a mug. In the top left, a mug with a white floral pattern and a gold rim is partially visible. Below it, a large plate with a white wavy pattern holds a serving of spaghetti with red sauce and green herbs. To the right, a smaller plate with a gold rim holds a salad of green sprouts, a slice of tomato, and two pieces of salmon. Above the spaghetti plate, a teal bowl with a gold rim is shown. The background is a dark, textured surface.
