MANUSCRIPT 2023

WELCOME TO MANUSCRIPT'S 2023 CATALOGUE

Combining heritage and modern design, Manuscript Pen Company Ltd is a fifth generation family business with a history dating back to 1856. Over the last 150 years we have maintained our exacting standards and continually sought to deliver a relevant product offering to our customers. Today, Manuscript are renowned for world-class calligraphy supplies, including our D.Leonardt & Co nibs and extensive range of fountain pen calligraphy sets.

For 2023, we are building on our legacy and innovating our product range, this time with new Plastic Free Packaging. You can expect all the same Manuscript quality but with an important eco-friendly change. Many of our best-selling lines will no longer feature single-use plastic clam packaging. Instead, our sets have been reimagined, modernised, and have been created in 100% recyclable board from largely FSC certified supply chain sources. Look for the green Plastic Free Packaging logo across our brochure to see those first phase sustainable product launches!

We are launching our Clarity pen, that has been designed with muted tones and calming waves to complement the mindful activity of writing. Discover more about the range on pg 41.

As always, we remain dedicated to our brand, our staff, our customers and the quality of the products that we produce. We look forward to working with you in 2023 and bringing our refreshed designs to your store in the year ahead.

From our historic nibs to our popular Callicreative collection, we've got over 150 years of experience in the pen industry.

Starting as a small company in Birmingham, Manuscript has grown into one of the most well respected companies throughout the world, exporting to over 70 countries.

Manuscript Pen Company flies the flag for British ingenuity and creativity, whilst encouraging others to do the same – every time a Manuscript product touches paper!

We are proud members of the official Made in Britain Community and carry the official collective marque on our products.

Manuscript's best-selling lines have had a refresh for 2023! It's BIG this year, with Plastic Free Packaging at the heart of our development. We have removed those single use plastics and replaced with a 100% recyclable board alternative to reduce our impact on the environment.

Throughout the brochure, you will see our Plastic Free Packaging logo (on those products with new packaging) which will be launching from Spring 2023.

Here are a few environmental properties featuring across much of our NEW cardboard packaging:

- 100% Plastic Free Packaging
- 100% Recyclable material
- Certified FSC® sources
- Printed using vegetable based, solvent free inks

And if you don't see the green Logo yet on your favourite Manuscript product, fear not, we are already working on developing those products for 2024.

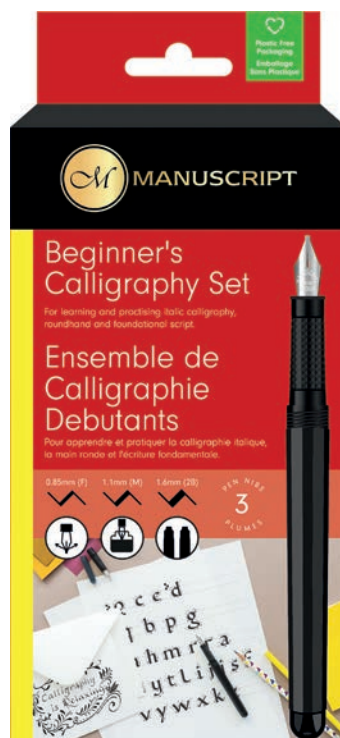

Manuscript's best-selling, fountain pen calligraphy range has had a packaging refresh for 2023. Check out the new design, featuring clean lines, new graphics and inspirational lifestyle imagery. All packaged in 100% plastic free packaging.

CLASS HAND LETTERING KIT

Our Manuscript Class range has been developed to be the complete kit to get started in Hand Lettering.

Our Hand Lettering Kit includes a comprehensive **40 page handbook** developed in conjunction with world renowned calligrapher Nico Ng. It guides you through the complete journey from the tools needed, hints and tips on getting started and all the key drills required to learn hand lettering. This handbook contains dedicated teaching sections to learn the following styles of hand lettering: start with the basics including Serif and Sans Serif and learn how to develop these to create Vintage, Bubble and 3D Lettering. Test the skills you've learnt with a task at the end of each section.

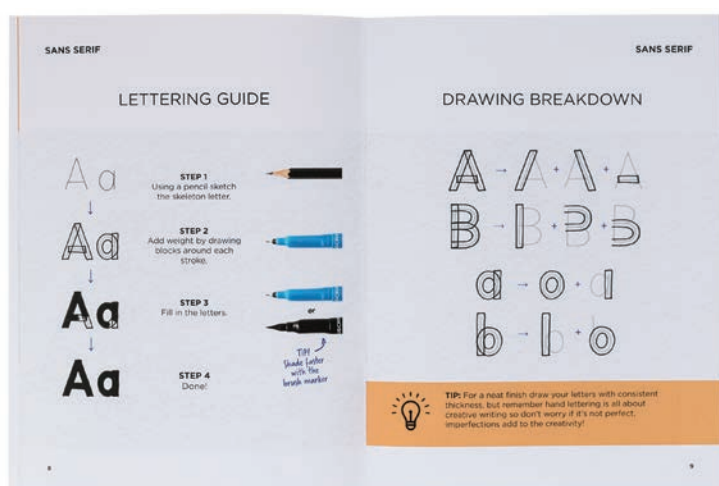

Get started straight away with a selection of specially selected pens ideal for practising each style from the hand book.
