## MH&P DAS KEILRAHMEN WERK®

### QUALITY MADE IN GERMANY SINCE 1990

We are one of Europe's leading producers of stretched canvas. As specialists of our trade, we manufacture anything from custom-made single units to small and medium batches, and cover large-scale productions of thousands of frames.

Thanks to over 30 years of stretching experience, our skilled team, and flexible automation, we can fulfill almost any request. MH&P maintains high quality standards and provides excellent service with real people and transparent communication. Thanks to our strong supply chain and modern production, we are one of the most

reliable producers in our industry. We manufacture just-in-time and also take care of safe packaging and transport.

Over 20 years ago, we invented canvas stretching and frame assembly machines to automate our own production. Today, our facility also serves as a laboratory and testing site for our sister company MH+P TECHNOLOGY, the leading manufacturer of canvas stretching and frame assembly machines.

Developed and produced by artists for artists – proudly made in Berlin, Germany.

#### Large Formats

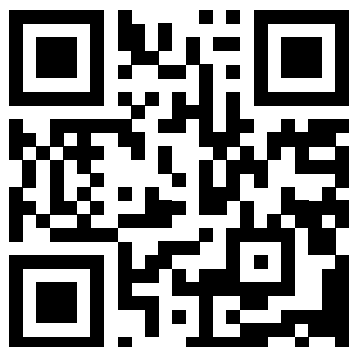

We are a large format specialist and produce formats like 160x200cm every day, just-in-time and with short lead times

#### Customized Products

Bespoke sizes, special materials, tailored specifications – we can manufacture customized products according to your needs.

#### Private Label

As an established OEM producer, we cater to your individual requirements and branding. We can fulfill almost any request.
