OUR STORY

A typically Dutch brand

Hardicraft designs and produces complete do-it-yourself kits. Our focus is on DIY crochet, knitting and wool felt kits. We stand for high-quality products of Dutch origin. Our kits are designed, assembled and produced in The Netherlands.

We work closely with a selection of the best Dutch designers, and with them we regularly launch surprising new kits and products.

Our company is part of the HardiGroup with roots in the Twente textile industry. By combining knowledge and experience with innovation and creativity, we are able to put surprising and high-quality products onto the market.

— SOCIALLY RESPONSIBLE BUSSINESS —

In addition to quality and creativity, corporate social responsibility is an important spearhead for Hardicraft. We try to reflect this in all facets of our company, from product development to working with organizations to promote labor participation.

Hardicraft facilitates workplaces for people with a distance to the labor market. Under the guidance of a in-house job coach, people can take the first steps towards labor participation with us.

A woman with blonde hair tied back, wearing a dark long-sleeved shirt and light-colored jeans, is standing in a warehouse or storage room. She is reaching up to a high shelf with her right hand, holding a small white package. The shelves are filled with many similar white packages, some in clear plastic bins. The scene is dimly lit, with a warm, sepia-toned light. The text 'The best ingredients packed with care' is overlaid on the image in a dark, serif font. Below the text is a light pink rectangular box containing a paragraph of text.

The best ingredients packed with care

Hardicraft kits are designed and produced in The Netherlands and meet the highest of quality requirements. All of our kits include high-quality material (yarn and wool felt), filling and all necessary haberdashery to make a beautiful handmade item.
